Greenleaf Wins Hard Game From Western Threat

DETROIT, Mich., Dec. 11 (AP)—Spencer Lively, of Los Angeles, was the hero of the fourth annual world's championship pool bet billiard match played at the Recreation building last night, despite the fact that he was beaten by Ralph Greenleaf, former world's champion, 125 to 104. He gave one of the greatest defensive exhibitions of skill as well as brilliant shot making that has been given by a newcomer into the title ranks in years. It took 46 minutes almost three hours of play and some remarkable playing for Greenleaf to win. Lively lost 15 points in the eighth inning when he made three scratches in a row. The former champion paved the way for his triumph when he broke through one of Lively's very effective safeties in the fourth inning. He was trailing and his cue ball was lodged firmly against the rail at the lower end of the table. No shot seemed possible but after long deliberation Greenleaf sent his cue ball to the side rail, caromed off, struck the seven ball and knocked it into the pocket for a count. He gained excellent position and ran fifteen more to clinch the game.
