Mrs. A. T. Hill Is Hostess To Club Members Monday

Mrs. A. T. Hill was hostess at a charming bridge-luncheon yesterday when the Monday Bridge club met at her home on First street. Luncheon was served at 1 o'clock with covers laid for twelve.

Honors for high score were won by Mrs. J. E. O'Connell, Mrs. W. H. O'Neil and Mrs. Mark Baker were presented with guest awards.

In two weeks the club will meet again with Mrs. Henry Hill.

Dinner-Bridge At La Grande Hotel

At a charming dinner-bridge last evening Mr. and Mrs. H. L. Porek entertained the Seven O'clock Dinner club at the La Grande hotel. Following dinner three tables of bridge were at play, with Mrs. E. L. Halston and J. E. Ravenscroft winning high honors. Consolation award was presented to Mrs. R. E. Westenhaver.

Julia Faye Has Leading Role In "Dynamite"

Doing "stunts" for Mack Sennett comedies provided Julia Faye with her initial photoplay experience. Since the days of custard pie and near escapes from death, Miss Faye has become noted for the extremely wide range of her parts. The saintly Martha of "King of Kings," Queen Victoria of "The Yankee Clipper," and the Russian maid of "The Volga Boatman," are far removed from the modern society matron of Cecil B. DeMille's first talking picture, "Dynamite," which Metro-Goldwyn-Mayer is presenting at the State theater for the last times tomorrow.

Grain Inspection Board Checks On 34,406,452 Bushel

SALEM, Ore., Jan. 14 (AP)—During 1929 the state grain inspection department, which is administered by Seymour Jones, state sealer of weights and measures, inspected a total of 34,406,452 bushels of grain at Portland, St. Johns and Astoria, according to Jones' annual report which has been filed with Governor Norblad.

Of this total 30,459,546 bushels were inspected at Portland and St. Johns and the remainder at Astoria.

Wheat alone inspected at Portland and St. Johns totaled 27,425,484 bushels, oats 1,533,150, corn 1,113,136 and other grains 286,776. Wheat inspected at Astoria totaled 3,834,694, corn 20,891 bushels and other grains 62,411.

The law gives persons not satisfied with the grading made by the state department the privilege of appeal to the federal grain supervision department. Although 29,341 inspections were made at Portland and St. Johns and 2045 at Astoria, and 2781 by request at Pendleton, only 170 grades were appealed, and in 124 cases the state department was sustained.

Besides the wheat inspections

the department inspected and weighed 286,226 bushels of flax seed and 1002 carloads of hay, totaling 35,199 tons. Department chemists made 1937 moisture tests. Grain sampled and weighed for export totaled 11,257,808 bushels and flour 4,546,592 barrels.

By far the greater amount of grain handled is grown in Oregon, Washington and Idaho. During the year however, 1219 cars of wheat, 927 cars of corn, 218 cars of oats, 82 of barley, five of rye and 144 of flax seed came from east of the Rocky mountains.

The department collected \$1062 in fees for the certified weighing of motor vehicles, also from and other commodities on its truck platform in Portland. Miscellaneous additional fees totaled \$2154.25.

During the year the department, under an act of the 1929 legislature, inspected and licensed 294 warehouses.

The department is self-sustaining.

The officious looking school inspector was firing questions at the class.

But the class was equal to the occasion, until he asked one little girl whether she would prefer a sixth or a seventh of an orange.

"A seventh," she declared.

"Ridiculous!" growled the inspector. "Don't you know that—"

"Yes," interrupted the child, "but I don't like oranges."

THE SPIRIT OF YOUTH

carry on—Avoid that future shadow

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Avoid the snags along the common-sense path to fitness and fashion. Don't let over-indulgence deprive you of the tantalizing contour of the modern figure. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately—when your eyes are bigger than your stomach, reach for a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence, if you would maintain the graceful, modern figure with its captivating curves.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
