### 2 Extra Helper Engine Crews On Duty At Kamela

By Mrs. C. E. Thornburg (Observer Correspondent) KAMELA, Ore. (Special)—Two

extra helper engine crews have been sent to work in Kamela, bringing the total up to five crews, which is the customary number here except in the busy season when six are used. Sometimes only four crews work here, but a few weeks ago the number was reduced to three which is very unusual. For about a week Kamela has been having cold, frosty weather

with the thermometer registering from 8 to 10 degrees below zero every night. There is enough snow on the hillsides to make walking and skiing good with brilliant sunshine during the day and bright moonlight in the evening. Mrs. L. Wigglesworth returned on Saturday from La Grande where she spent a few days sitting at the home of her daughter, Mrs. W. T. Brown. While in La Grande she had the good fortune to meet several old friends whom she had not seen for many years. Florence Casey, of Mencliam, spent Saturday visiting at the home of her aunt, Mrs. H. Hawes. Mr. and Mrs. Arden Lockett and little son, James, returned Thursday from Albuquerque, N. M., where they had been visiting Mrs. Lockett's parents, Mr. and Mrs. Bell. Elmer Hawes accompanied her cousin, Florence Casey, to Mencliam, on Saturday night and spent Sunday there visiting her grandparents, Mr. and Mrs. J. D. Casey. Visitors at the Roy Hawes home on Sunday were Mrs. E. E. Robinson and family, of Mencliam, Mrs. Robinson, who is well known in La Grande and vicinity, expects to go to Newport soon to make her home, as Mr. Robinson now holds the position of resident engineer for the highway department there. Mrs. Robinson is a sister of Mrs. Hawes. Dinner guests Sunday at the home of the teacher and her husband, Mr. and Mrs. Guy Tameris, were Mr. and Mrs. Edwin Hug, of La Grande, who are living here at present. Harry Smith, of La Grande, who is working with Guy Tameris expects to move to Kamela to live before long. A Kenison, government trapper for Kamela and surrounding district, went to La Grande on Monday to attend a trapper's conference there.

### OUT OUR WAY

By Williams

E. C. Thomas of La Grande was in Union Saturday on business. E. O. Zook is doing some logging on Craig mountain west of Union, the men hauling the logs out to a canyon and letting them come down a natural chute. The logs are being brought to the Oregon Trail sawmill here. Logs are also being hauled from some of the Standard timberland up Catherine creek. Goodbrod lake, Estop lake and some other skating places near Union have been much in use since the cold spell furnished ice thick enough for skating. Miss Dorothy Cushman was over from Pendleton visiting at the Rosewall home. Miss Cushman was formerly a teacher in the Union high school and is now filling a similar position in the Pendleton city schools. The Epworth League had planned to hold initiatory ceremonies for their new members Sunday evening but the meeting had to be postponed owing to the fact that several of the members were ill with flu.
