Weather Brings Steadiness To Eggs And Butter

PORTLAND, Ore., Jan. 15 (AP)—With extremely cold weather, which has maintained the quotations on both eggs and butter. If the weather continues, any change is likely to be advanced.

Reporting the fall and vegetable situation, the Portland Bureau of the United States Department of Agriculture says:

"Volume of trading was limited on the wholesale fruit and vegetable market with continued cold weather curtailing retail sales and, subsequently, making for lighter demands upon jobbers. With careful avoidance of southern vegetable limited to 2 or 3 carloads, prices of these stocks are stabilized at rather high levels and jobbers are generally obtaining a satisfactory return margin on their present stocks. In general retail prices are about as high as the consumer is willing to pay without seriously curtailing consumption."

"Pinto supplies from the Yakima valley continue liberal, with most stock grading only 50 per cent U. S. No. 1 or poorer. Very few arrivals are reported. No. 2 quality at about as high as 75 per cent No. 2. Prices remain about steady here, although Yukon and southern Idaho supplies continue to be a shade weaker. Landings of 15 cars from Washington yesterday marked their heaviest daily carload volume in many months."

"Shrimp continue dull with almost no demand, sufficient arrangements in Portland to last several weeks, and only about 1-2 of Oregon's 20-car volume crop shipped to date from growing districts."

"A few more later Wisconsin supplies from Yakima are now included in jobbers offerings. Movement is rather slow, at about \$2.00 per box of medium sizes, to retailers."
