Have Fine Time—
In the list of guests at the dinner given Monday evening by Mrs. H. G. Avery, while the men folks attended the woolgrowers banquet at Union, the name of Mrs. Walter M. Pierce was inadvertently omitted. The evening was very informal, it is reported, and the trips home were not marred by any flat tires or insufficient amount of gasoline as has been the case in former years and with similar gatherings, and "everybody got home safe that night..."

Some Interesting Facts—
When the tale of the year is told, North Powder is some very important shipping point in Eastern Oregon. An interested reporter on the N. P. News made it his or her business last week to ascertain the facts concerning shipments during 1929 and the report is no small story. In all, 165 carloads of livestock were shipped from that one point, and the writer states that does not include shipments by truck. The figures given for the

shipments of cereals and grains is also illuminating and does not include that used for feed, or ground into flour and used locally. The 155 cars of stock included 29 cars of sheep, 37 cars of hogs, 78 cars of cattle, 19 cars of horses and one car of mules. The grain shipments from the figures given by the two grain companies, amounted to 299,999 bushels of wheat, 365 tons of barley, 415 tons of oats and 5,599 bushels of rye.

Remember Sunday Meeting—
All those who are interested in food reading, rather than in the best reading, are urged to remember the meeting Sunday afternoon at the home of Mr. and Mrs. Walter M. Pierce near Island City. These meetings are proving to be of unusual benefit to those who have attended and it is hoped that the size of the group may grow.

Move Sheep—

THEIR GOLDEN WEDDING DAY

Recently at their home near Walla Walla was celebrated a golden wedding anniversary which has much local interest, especially since the principals in the happy affair lived much of their life in this valley. They, and their parents, contributed much to the pioneer history of this country and after leaving Summerville, going to Wallowa they had a great part to play in that county's early history also. The account of their golden wedding as given by the Record-Advertiser reads like a fascinating story.

The wedding was that of Mr. and Mrs. David Hearing. The occasion was made a home coming by their six children and members of their families, including one great grandchild. Most of these drove 200 miles, all arriving at their parents' home Sunday morning. A number of friends and neighbors also gathered to join in the festivities. A sumptuous feast was served and the day was spent in visiting and dancing.

Mr. Hearing, Sr. was known as one of the best of the old-time fidlers in Wallowa county and he was always in demand at dancing parties. Evidently his hand has not lost its cunning for he brought forth a violin given to him by Aaron Conner of Cove on his wedding day 50 years ago, and played a tune for the guests to dance. Then while their granddaughter, Miss Orva McFetridge, played the violin, Mr. and Mrs. Hearing danced the first quadrille. In fact Mrs. Hearing joined in waltzes, schottisches and polkas, and the happy day passed all too quickly.

David H. Hearing and Miss Annie Keeler were married at Summerville, Oregon, on December 29, 1879. They were the parents of seven children, six of whom were present on their golden wedding: Etta M., wife of J. A. Roberts, of Yakima, Wash.; Lennie M., wife of Will Weathers of Freewater; Gertrude M., wife of Alvin McFetridge of Enterprise; Harry C. of Evans; Fred D. of Leap; and Leo, wife of Harold Shintaffer of Yakima, Wash. Mr. Roberts, Mr. Weathers, Alvin McFetridge and Mrs. Harry Hearing also were present, with the following grandchildren of the honored couple: Zella Roberts, Velma and Virgil Weathers, Mrs. Ed E. Birkmaier, Orva McFetridge, Mauriel and Kenneth Shintaffer. One great grandchild, Alvin, little son of Mrs. Birkmaier, was present. Besides these there are four grandchildren who were unable to attend.

One son, Green, met death by drowning April 18, 1907, in Nevada, where he was foreman of the Golconda Cattle company. David H. Hearing was born in Parker county, Texas, on March 6, 1858, being a son of George and Margaret (Cooper) Hearing. While a child he was taken by his parents to Putnam county, Missouri. In the spring of 1862 they took up the long journey across the plains to the wild and unbroken regions of the west. Ox teams dragged from Missouri to Lin county, Oregon, a journey of six months duration fraught with dangers and hardships known to the pioneers. Mr. Hearing grew to manhood on his father's farm in Lin county, and in 1877 he left the parental home and went to Summerville, where he lived until 1884, when he came to Wallowa county, taking a homestead in the vicinity of Wallowa. Later he sold this place and purchased a quarter section of raw land in the Leap district, which he improved and put under cultivation.

Mrs. Hearing is a native of Minnesota, a daughter of Carlos A. and Mary J. Keeler, who were residents of Summerville. Her father passed away there January 4, 1882, and her mother on March 23, 1909.

The Hearing family became one of the influential and leading pioneer families of Wallowa county, and it is to them and those of like character that it owes its present development. Their honesty, integrity and ability have been passed down to the third generation to the advancement and betterment of the county. Many friends here join in congratulations, with hopes that many more happy years are ahead of Mr. and Mrs. Hearing.

As a gift to the parents the children joined in the purchase of a fine radio which will bring many hours of entertainment into the home.

Have Fine Flock—
Three weeks or so ago, a story was given concerning an egg of unusual size which Mr. and Mrs. Al Thompson of near Wallowa found in one of their hen's nests. Rather than being an isolated case, that seemed to be the beginning of some splendid egg production as the following from the Wallowa Sun proves:

It may or may not be because she is of the Hollywood strain of White Leghorn, but the hen in Al Thompson's flock which laid the big egg reported in the Sun three weeks ago is keeping up the record for big eggs. Every day since the big egg was found in the hen-house an egg weighing two and a half ounces or more has been found in the same nest at about the same time of day. Mr. and Mrs. Thompson have been unable to isolate the hen and be sure which one of the several large hens in their flock is the big producer but the fact that every day at about the same time and in the same nest the big egg appears convinces them that it is the same hen each day.

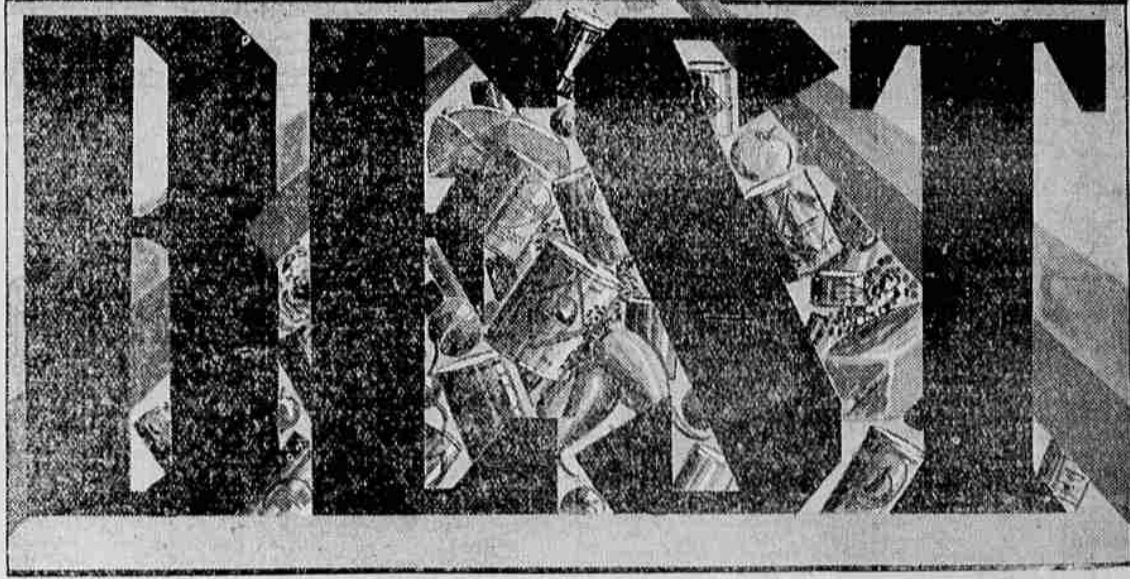

Monday morning Mr. Thompson brought to town a basket containing a full dozen of the big eggs. None of them weighed less than two and a half ounces; several of them weighed well over three ounces. Most of them have double yolks.

Mr. and Mrs. Thompson have culled their flock of 400 White Leghorn hens down to 350 and they gathered 277 eggs Sunday. The flock is increasing in production each week.

Enjoyed the Program—
Members of the Parkdale club are still enthusiastic over their recent meeting when Miss Mabel Doty, La Grande city librarian reviewed the book "The Lantern in Her Hand." The next meeting of
