CLAIMS MOSES IS AIDING GERMANS

Francis Garvan Charges Senator, Otto H. Kahn and Others of Conspiracy

NEW YORK, Jan. 28 (AP)—Francis P. Garvan, president of the Chemical Foundation, in a statement published Monday, charges that a conspiracy by German chemical interests to influence United States tariff schedules had been aided by Senator George Moses of New Hampshire, Otto H. Kahn and others.

The statement was issued with copies of a deposition which he made for use in the suit brought against him as former alien property custodian charging that he and others tried to defraud the government of \$5,553,546 in the war time disposition of the assets of the Bosch Magneto company.

The suit was dismissed in a federal court in Boston Saturday, where the deposition is on file.

Garvan said in his statement that during ten years he had assembled evidence of the German penetration of American industry, involving cabinet officers of the Harding regime and Senator Moses of New Hampshire as allies of the German interests in their attempt to bring control of the American situation.

"The only reason I make this statement is because after this case had blown up, the fight goes on today. Some of you saw the other day that Senator Moses had appointed Otto Kahn as treasurer for the election of new senators. You did not associate the fact that his friend and partner, Warburg, is head and front of the American interest in the American Inter-German Gemeinschaft in its attempt to destroy our chemical industry."

Mr. Kahn and Felix Warburg are partners in Kahn, Loeb and company.

The statement also named Melton E. Lewis, former attorney general of New York, as an American official aiding German dye interests.

Mr. Garvan said that a salary of \$10,000 which is being paid Mr. Lewis as a special assistant of the United States attorney general was being paid in violation of the federal law in the amount of being paid from German funds held by the alien property custodian by and with the consent of Germans.

Mr. Garvan said the suit against him was instigated by Gaston B. Means, who later was sentenced to the federal penitentiary at Atlanta.

Egg Prices In Plunge; Weather Boosts Supply

PORTLAND, Ore., Jan. 28 (AP)—Egg prices have taken the plunge which has threatened for several days. Fresh extras and standards were reduced to each and fresh mediums and medium firsts 2c each. With the weather warmer, supplies were more liberal.

Butter and butterfat prices were unchanged.

Following the declining wheat market, the Sperry Flour company has reduced the price of family flour 2c a barrel.

Reviewing the fruit and vegetable situation, the Portland bureau of the United States department of agriculture says:

"With warmer weather, and improved highway conditions, cash buyers of fresh fruits and vegetables were displaying greater activity on the East Alder St. wholesale market, than has been seen since the first of this month."

"Surplus stocks of southern produce, accumulated during last week, were rapidly moving into retailers' hands, consequently the market for most commodities remained about steady. California cauliflower and spinach were quoted slightly lower by some jobbers, on account of liberal supplies. Cauliflower shipments from California during the last two weeks have been very heavy—75-90 cars daily.

"Unclassified and cooking apples are becoming depleted, prices of this stock have been advanced slightly, and more active movement of smaller sizes graded apples has resulted. Small to medium fancy and combination Spitzenberg, for instance, which met with very slow demand earlier in the winter, are now clearing up readily.

"Notwithstanding rather heavy potato shipments last Saturday, Portland track supplies continue very light, and the market is steady to firm."

Wave of Selling Hits Wall Street

NEW YORK, Jan. 28 (AP)—A wave of selling swept over the stock market in the last hour of trading today, cancelling gains not, however, resist the timekeeper, he saw in the Commonwealth Edison company store, so he struck it under his coat.

As he strolled languidly toward the exit it was just 4 p. m. The clock beneath the coat went "cuckoo, cuckoo, cuckoo, cuckoo."

A policeman arrested him, for it is against the law to take cuckoo clocks.

Cuckoo Clock Is Cause of Capture

CHICAGO, Jan. 28 (AP)—At exactly 4 p. m. January 27, 1930, something inside Godfrey Smith went cuckoo.

Smith had no actual need for a cuckoo clock for he got up when he felt like it. His coat did not, however, resist the timekeeper, he saw in the Commonwealth Edison company store, so he struck it under his coat.

As he strolled languidly toward the exit it was just 4 p. m. The clock beneath the coat went "cuckoo, cuckoo, cuckoo, cuckoo."

Forest Fires On Private Land In '29 Cost Big Sum

SALEM, Ore., Jan. 28 (AP)—The total fire loss on privately owned land in Oregon during the forest fire season of 1929 reached a new high total of \$1,578,432, says a report by State Forester F. A. Elliott. This covered timber, logs, logging equipment and damage to farms. This is the first time the loss has exceeded a million dollars.

Notwithstanding it was the most serious fire season since the state began to keep records the loss in merchantable timber was less than in 1913 and 1919. For each of those two years the loss was over half a billion board feet, while in 1929 it was 231,211,000 feet. The value of the 1929 merchantable timber loss was over a half million dollars, the high value being due to the unusually large amount of Port Orford cedar destroyed.

This has a stumpage value of from \$10 to \$15 a thousand.

The 1929 fire season was the longest on record, lasting from early until December 7. Usually the menace ends about the middle of September. Lack of rain was the cause of the long season.

September was the most dangerous period in many years. In many instances it was impossible to obtain enough fire fighters and the entire state was blanketed with smoke, which made the work of lookouts difficult. This handicap also met government airplanes which aided the state department.

It Is Easy To End Fat
That is, in the right way, used by modern physicians. No abnormal exercise or diet, but help to a gland that it weak. The recent large reduction in excess fat has been largely due to this method.
This modern method is embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. In almost every circle you can see the amazing change it brings. If over-fat, you owe yourself a trial of Marmola. Don't remain abnormal. All druggists supply Marmola at \$1 a box. Each box states the formula and tells the reasons for results. Start growing thin as your friends have done, at once.

Two Teams Are Undeclared In Class Contests

Interclass basketball, which has been in progress in La Grande High school for the last few weeks, is approaching its climax with an even dozen teams participating. So far, only two squads—the Junior B and the Senior A teams—are undeclared.

Standings in games won and lost follow:

W.	L.	Pct.
Junior B	3	0 1.000
Senior A	2	0 1.000
Senior B	2	1 .500
Senior C	2	1 .500
Junior A	1	1 .500
Sophomore A	1	1 .500
Junior C	1	2 .333
Sophomore B	1	2 .333
Sophomore C	1	2 .333
Fresh B	1	2 .333
Fresh C	1	2 .333
Fresh A	0	1 .000

Each class has organized three teams, designated as A, B and C. A team captain acts as manager and coach and a team must have at least six members.

All boys doing satisfactory scholastic work are eligible to play, and those participating in four quarters or more of play, and being present 50 per cent of the practice sessions, are awarded numerals of their respective classes.

The three teams with the highest rating at the close of the series will be awarded five points each toward the pep contest, the next three teams to receive three points each, the third three teams two points each and the last three, one point each.

A total of 54 games will be played by the teams. Each quintet will meet every other team except those of their own class, making a total of nine games each. Games are played on Wednesday, Thursday and Friday from 3 to 4:30 o'clock, eight each week.

Perry Personals

Mrs. Mary B. Kall (Observer Correspondent) PERRY (Special)—Mr. and Mrs. Williams accompanied by Mrs. Joe Smith returned home from a week's visit in Portland.

The Misses Clara Carlson and Ada Sinclair were shopping in town one day last week.

Word has been received from Mr. and Mrs. Ezra Blaylock that they have reached Canyon City safely and that the two girls entered the school there last Monday. The Blaylocks left Perry about ten days ago.

A. Leasure who has been ill for some time, has gone to Walla Walla to spend the winter.

Theodore Mathson has been delivering dry wood to customers in town.

Mrs. Mary B. Kall and daughters are staying in Perry at the Handran home this week to avoid the disagreeable drive from their home in town, during these cold mornings.

Miss Neva Mathson is absent from school this week on account of illness.

Mr. Charles Morris who works in a warehouse at Imbler spent the past weekend visiting his family here.

The Misses Retha Kall and Norma Handran were recent callers at the W. W. Holden home.

Miss Pierson of La Grande is a guest at the home of her brother Gerald Pierson and family of Perry.

Bob Young was a business caller at Perry one day the first of the week.

Mr. and Mrs. Cal Wright recently returned home after two weeks' trip to the coast. They are visiting relatives in Cove this week.

Mr. Lansing is ill at the home of his daughter Mrs. Hilba Carlson.

Mr. and Mrs. Burt Kall and daughters were Sunday guests at the H. I. Beldon home in La Grande.

Mr. and Mrs. Harry Williams and Mr. Thomas were city visitors one day last week.

Mr. and Mrs. Gerald Pierson and family recently visited Mr. and Mrs. Kenneth Pierson.

Mrs. H. I. Handran and six children expect to depart for Lakeview some time next week where they will join Mr. Handran who is working on the highway there. Walter Sinclair who has been ill for a few days was able to report for work Friday. Mr. Sinclair is employed on the county road.

The sewing club met at the school house Friday. Res. and several members present had finished one article each and a few had finished two, so several report cards were mailed to the state club leader. Most of the members are very enthusiastic about their work but are sorry to have lost two members, Iva and Lola Blaylock and also Norma and Patricia.

Theaters

Several records claimed for "Hollywood Revue"

Several records are claimed for "The Hollywood Revue," the new Metro-Goldwyn-Mayer musical production which recently made its bow at the State theater.

In the first place, "The Hollywood Revue" is the screen's first revue. It differs from such musicals as "The Broadway Melody," "On With the Show," "The Fox Polka," and "The Desert Song" in that it contains none of the ingredients of musical comedy nor operetta but is strictly of the revue type of entertainment, interspersed with the song and dance numbers are satirical skits "blackouts" and novelty tableaux.

Secondly, the new musical production presents more stars "under one roof," or at least within one strip of celluloid than ever before. The number and the salaries of the celebrities assembled for the first cinema revue might make a Carretero or a Ziegfeld perspire more than his wont, and it appears that bankruptcy would be the inevitable fate of the average producer who

Flour (city delivery option)—20 cents lower; family patents, 49¢ 7/8; whole wheat, 49¢ 5/8; 99; Graham, 49¢ 5/8; 7/8; bakers' hard wheat, 58¢ 7/8; 7/8; bakers' bluestem patents, 58¢ 7/8; 7/8; pastry flour, 49¢ 5/8; 7/8.

Portland Produce

PORTLAND, Ore., Jan. 28 (AP)—Eggs: lower; prices to retailers, fresh extras, 36¢; standards, 35¢; fresh mediums, 34¢; medium firsts, 32¢. Prices to wholesalers 2c under price to retailers.

Butter, milk (butterfat), poultry, country meats, onions, potatoes, wool, hays, hay, cessera bark and hops steady and unchanged.

Wheat Averages Higher

CHICAGO, Jan. 28 (AP)—Wheat prices advanced higher early today, chiefly as a result of upturn in quotations at Liverpool and Winnipeg. Persistent dearth of export business in North America wheat, however, acted as a drag on values. Opening unchanged to 1/2c off. Chicago wheat afterward moved something of an advance. Corn and oats were easy, with corn starting at 1/2c setback to 1/2c gain, and subsequently tending 1/2c up.
