Rev. A. V. Lucero Will Speak Here Sunday Evening

Presbyterian Church Announces Program — Many Other Interesting Services Scheduled.

A program of unusual interest is announced for Sunday evening in the Presbyterian church, when the Rev. A. V. Lucero will give an address at 7:30 p. m.

For obvious reasons no speaker can deal with all aspects of the missionary enterprise in the United States, so Mr. Lucero, of San Bernardino, Cal., who is actively engaged in the work among Spanish speaking people of his state, and also advisory of the Board of National Missions of the Presbyterian church on work among foreigners in this country, will speak on the point of evangelizing in this country. The church and its share in the Christian World Mission, as related to industry and race, and "where we are in our understanding of this particular work," will be discussed. Mr. Lucero comes under the auspices of the Woman's Missionary society. A cordial invitation is extended to all who will not attend evening elsewhere and are interested in this particular phase of church activity.

The Rev. J. George Walz, minister, announces that with Sunday morning he begins a series of studies in the life of St. Paul, perhaps the most outstanding character of the early church, who fits into our century's thinking and living perhaps better than any other of that period. There are [illegible] sides of St. Paul's character that were developed in almost supernatural maturity and harmony. The subject for Sunday morning at 11 o'clock will be "St. Paul the Man." The Ladies Trio Choir will sing an anthem. The duet "The Lord is My Light" by Buck, will be sung by Mrs. S. R. Morgan, soprano, and E. R. Harley, tenor. Mrs. Harley Richardson will preside at the organ.

At the 7:30 hour the Prelude "Calm as the Night" by Bohm, an organ and piano number played by Howard H. Hanscom at the organ and Miss Lesley at the piano. The anthem by the choir "O How Amiable are Thy Dwellings," by Rogers. The offertory "Ave Maria" by Bach-Gounod, will be sung by Mrs. M. A. Stearns, accompanied upon the organ by Miss Leslie, and violin by Dick Lindsay.

Mr. Lucero, of the Spanish department of the Presbyterian church, will speak. Mr. Lucero is carrying on the promotional work of the Board of National Missions in Eastern Oregon.

Nusbaum is director.

The subject of the Epworth League devotional hour is "American Youth Dependent on Youth of Other Lands," with Eugene Cates and Natalie Ebert leaders. The league meets at 6:30 p. m.

The evening discourse will be the last in the series on "The Story of Methodism."

Following Church school at 9:45 a. m., the morning worship hour at 11 a. m. in the Central Church of Christ will feature a sermon on the subject "The Key That Unlocks." Mrs. C. F. McPherson will sing a solo.

Christian Endeavor (junior intermediate, high school and older young people) will meet at 3:00 p. m. and a Christian Endeavor day service will be held at 7:30 p. m., with the song service assisted by the young people's choir. The message will be "Heralds for Christ." This is a special message for young people, who are especially urged to attend.

M. E. Church South

The pastor, the Rev. Frank Hopkins, will preach Sunday both morning and evening at the M. E. Church, South. "I have a subject hard to name," the pastor said when announcing the subject for Sunday morning, "but that deep meaning in the mind of Christ contained in the words of Matthew 16, 18 will be my subject." Sunday night "Christ's Controversy With the Rulers of the Temple in Jerusalem" will be considered. Both these subjects, the pastor announces, reaches the climax in Christ's teachings, the one on the positive and the other on the negative poles of gospel truth. "Both strike fire," he said.

The Sunday school will meet at 9:45 a. m. under the superintendancy of W. A. Elam. Both Mr. and Mrs. Elam have been sick but both expect to be present Sunday. Mrs. Elam is superintendent of the beginners and junior departments.

The League will meet at 6:30. W. H. Skinner, the president, will have charge. The prayer meeting will meet Wednesday night under the leadership of Mr. Dennis Elam. The church is expecting large attendance Sunday to all the functions, and it extends an invitation to all who will to come.

"Love" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist on February 2.

The Golden Text will be: "The Lord will command his loving kindness in the daytime, and in the night His song shall be with me, and my prayer unto the God of my life" (Psalms 42:8).

Among the citations which will comprise the Lesson-Sermon will be the following from the Bible: "One thing have I desired of the Lord, that will I seek after; that I may dwell in the house of the Lord all the days of my life, to behold the beauty of the Lord, and to enquire in his temple" (Psalms 27:4).

The Lesson-Sermon will also include the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When we fully understand our relation to the Divine, we can have no other mind but His,— no other love, wisdom, or truth, no other sense of life, and no consciousness of the existence of matter or error" (p. 205-206).

The evening service is a repetition of the morning service.

DOCTORS ISSUE DIET WARNINGS

Too Strenuous Reducing Diets Lead to Serious Results

Statistics from all over the country show an alarming number of girls and women who are paying the penalty of reducing diets which are sponsored by ill-advised people. Those slaves to their diet are suffering from many evils. Some have no resistance to the common cold, many have constipation and there are those who are in the first stages of tuberculosis.

Overweight should be avoided but the diet in normal cases should be complete. The system needs regularly proteins, roughage, water and vitamins. The foods which have these elements are meat, fish, eggs, leafy vegetables, fruit and milk.

In planning meals, desserts should not be overlooked. They fill an important place in the diet. Cakes, puddings, fruit pies, custards, ice cream and candy are a fitting climax to a balanced meal. Sugar sprinkled on cereals makes them more palatable and especially inviting to children.

Many cooks have discovered the value of an old rule to use sugar in seasoning vegetables. Carrots, turnips, tomatoes, peas and cabbage, which are rich in nourishment, are much improved in color and flavor by adding a dash of sugar during the cooking process.

It does not pay to risk your health by denying yourself necessary food in an effort to reduce your weight to compare with that of another. Health depends upon good foods and good foods can be made more appetizing with sugar. The Sugar Institute.

Has Never Seen Equal of Sargon

"Sargon built up my whole system and put me in better shape than I had been in 20 years. I never in all my life have seen its equal.

JOHN EKHANUEL

"Eighteen years in the gold fields and diamond mines of Kimberly and Rand in South Africa broke down my health, rheumatism settled in my arms and legs and I was terribly weak and run down. I suffered with indigestion every day and I guess I spent a thousand dollars trying to get rid of my ailments—without success. Then I started Sargon. The rheumatic pains are fast disappearing, I am taking on weight right along, my indigestion is gone and my whole system built up and strengthened. Sargon Pills got my liver working right and they keep it that way. I swear by the Sargon treatment." —John Ekhanuel, [illegible] Sargon, [illegible] Drug store, agents.—Adv.
