**Electricity
-the TIME SAVER**

What's back of your bill?

Awake at the switch!

When you are doing the family washing, the weekly ironing, sweeping the floors, or preparing the family meals you can save time by doing the job electrically.

Never did electric washers and ironers do a better and faster job than they will today.

Never would the sweeper do a better and faster job of sweeping and polishing the floors.

Never were electric ranges more beautiful or would they cook any faster than the white enamel, speed unit ranges sold today.

Electricity is the time saver.

... the war against Spitting is a crusade of decency ... join it. Smoke CERTIFIED CREMO!

The strong arm of the law hits the spitter whose vile and vicious habit menaces his fellow citizens. But for every spitter caught hundreds escape... hundreds who still work in filthy shops rolling cigars with dirty fingers and spitting on the ends!

Certified Cremo protests you against this abomination! Every tobacco leaf entering the clean, sunny Certified Cremo factories is scientifically treated by methods developed by the United States Government during the war. And its purity is safeguarded along every step of the way by amazing inventions that foil wrap and tip the cigars without the possibility of spoil.

... a Certified Cremo—see how wonderfully good it is! Made of the choicest, tenderest leaves that the crop affords, we claim Certified Cremo's quality is tastier than that of any other cigar. Don't let its 5c price stand in your way. Certified Cremo is the kind of cigar your physician has in mind when he recommends a mild smoke in place of heavy brands.

Crash-proof... immaculate... foil-wrapped... Certified Cremo is the kind of cigar the late Vice-President Marshall undoubtedly had in mind when he said, "What this country needs is a good 5c cigar!"
