

**Tourist Service
Innovation Will
Be Inaugurated**

PORTLAND, Feb. 13 (Special)—A new innovation in tourist service is being inaugurated by the Oregon state chamber of commerce in 1930 through the formation of "Oregon Circle Tours," estimated to attract some visitors to our border and new areas of Oregon in touring the state. H. E. Blanton, president of the organization announced this week. The travel service is a part of the State Chamber's 1930 program of "State Government."

The different circle tour routes covering all of the outstanding points of interest in Oregon are being worked out and will be published in full soon and in future each route will carry a lot of the tour and be prettily illustrated with photographs of the route's scenic spots.

"The tours will be complete in covering every part and section of Oregon and we have much to gain in encouraging the tourists visiting Oregon to stay longer and to see more of our great state," Blanton said.

"If we can double the time tourist stay in Oregon it will mean much more to us than a business standpoint."

"Most of the tours can be made in two or three days so we should expect many tourists will want to take advantage of the time on weekend drives."

The illustrated circle tours will be available through the local chamber of commerce, tourist camps and other stations where tourists stop for information. The first tours are expected to be ready for announcement in the next few weeks.

A fine-wine salesman called up to the home of a doctor in a small village about 1 a. m. and asked him to come at once to a distant town.

The doctor grabbed his coat and they drove hurriedly to their destination.

On their arrival the salesman asked, "How much is your fee, doctor?"

"Three dollars," said the physician.

"Here you are," said the salesman, handing over the money. "The Ahmed garage keeper wanted \$15 to drive me over when I arrived my train."

dumb.
Along came a spider.

He couldn't have seen but
Miss Muffet did, his game bums.

"I want to be generalized at
the next corner," said the spider
peddler.

"You want to be what?" demanded the peddler.

"Don't look your tongue. I had
to jump in an dictionary just be-
fore I found out what 'generalized'
means 'put off'."
