

Union Tossers Win Two Games Saturday Night

By W. V. Conner (Observer Correspondent) (Special) — The Union high school gym was the scene of two basketball games last week, Tuesday evening the local "town team" played the Willamette university team, Friday night La Grande high played a return game against the "11th boys, defeating them by six points, Saturday night both the boys and girls from Union high school were here to engage a double-header. The girls' contest, although extremely one-sided as to score, was an interesting game, the local girls displaying a splendid exhibition of team work. Union scored 22 points while the visitors scored only three baskets in four quarters, netting them 2 points. During the playing Miss Hood, used the following girls: Marie Miller, Vivian Gray, Helen Hall, Edith Cheney, Fredrica Spain, Freda Brown, Fawn Gortzen and Lela Mayette.

The second game started off in a similar manner, Union scoring 10 to Holmes first quarter and ending the half 11 to 5. However, in the second half the visitors rallied and scored enough goals to bring their score to 11 while Union failed to connect with the basket. A frenzied three minutes of extra time enabled Union to put one through just before the whistle ended the play period. Both teams played well and were about evenly matched. Adrian Goodhead refereed both the games, also the Friday and Tuesday night games.

The Union III girls also played a game at Timber Thursday night, defeating the latter school 18 to 21 to 9.

The Union Woman's Relief Corps gave an interesting patriotic program at the K. P. hall Saturday afternoon; invocation — corps chapter song; American flag salute; all songs on patriotism; Rev. H. C. Lee, vocal quartet; Vaille and Nellie Gortzen, Luana Spray and Lucille Crow with Helen Hall at the piano, talk on Lincoln; Mrs. George Goodhead, recitation; Lucille's game and tribute to old glory; Mrs. Agnes Padlock, piano solo; Ethel Conklin, reading on Washington; Nora Cheney, piano solo; Thelma VanHouten, reading on McKinley; Mary Minick, talk on patriotism; Viola Parker, musical number; first grade band, musical games; third grade, recitation; Rev. Lee, retrospectives were served after the program.

Several Union people have been ill with the flu during the past couple of weeks but they are practically all reported as better. Among the victims were W. O. Hamerly, Thomas Hatcher, W. V. Gambill, George Killen.

OUT OUR WAY

WHY MOTHERS GET GRAY

C. L. Caldwell arrived home last Tuesday from Boise and went on to Portland for a business visit of several days. The local Old Fellows and Rebekah lodges were sponsors for two social affairs last week, and Thursday evening they entertained the young folk who were children of members of the two lodges. Games, music and dancing and the usual lunch made up the program of entertainment for the occasion. About 25 young people and several lodge members were present. Saturday afternoon a similar party was held for the younger "kiddies" and nearly 40 of the latter came out and romped and played for about three hours. Then they were entertained in the kitchen, where tables were set. Table decorations and lunch were both arranged appropriate for a Valentine party. Among the victims were W. O. Hamerly, Thomas Hatcher, W. V. Gambill, George Killen.

The Union band which has not been holding meetings for several months, is again meeting for rehearsals on Wednesday evening. Meetings are being held at the K. P. hall.

According to word received here, Mrs. Edith Phy who is in Eugene standing the winter with her mother and other relatives, has been seriously ill with flu but is now much better. Mrs. Phy and Mrs. Wright live in Union most of the year but go to the western part of the state for the winter.

Born at North Powder, February 8 to Mr. and Mrs. Elmer McAllister a baby boy. The McAllisters live in High Valley north of Union. Mrs. McAllister was formerly Miss Gladys Miller and is a daughter of Mr. and Mrs. Phil Miller also of High Valley.

Mr. Stinson who has charge of the game farms of the state, was in Union this week looking over the state hatchery grounds where some game birds were raised last year. According to his plans the work will be increased during the summer, more birds being kept and probably other varieties. Last year several pens were built and clean and golden pheasants, wild turkey

and mallard ducks were given attention. The local and La Grande sportsmen's clubs are especially interested in this work at the state grounds. Rex Griggs was a guest of J. P. Witherspoon at Elm Thursday and enjoyed some fishing sport in the private pond Mr. Witherspoon owns. Glen Miller came up from Portland the latter part of last week for a short visit with his parents, Mr. and Mrs. W. O. Miller, of South Union, returning to his home Sunday. Mr. Miller was former Union boy, graduating from the local high school and teaching a number of years first in Eastern Oregon and later near Portland, and now in business in Portland. Latest reports from Willard Stutvey, who underwent an operation for mustard trouble last week at Hot Lake, are that he is improving. Triplets, two girls and a boy, arrived at the E. F. Reuter home last Wednesday, but they happened to be the well known trio belonging to Mr. and Mrs. Gilbert Courtwright, who first lived with Mrs. Reuter while making a visit to Western Oregon. The Courtwrights left Union Wednesday morning for Greysen City and expected to be gone about a week. H. H. Hods, proprietor of the E. O. meat market in Union, left for Portland Wednesday accompanied by his son Russell. They drove to the city with a truck load of livestock and expected to be gone several days.

A benefit dance was held at the Women's club Saturday night, by a committee from that organization. Thursday of this week the club will put on a patriotic program at their club building. Mrs. Lillie Inman who fell a couple of weeks ago and broke her arm, is not getting along so well as was expected and had to return to the hospital for further treatment. She fell on the walk in front of her home eating the accident.

Even occasional family quarrels are staged over a purse.

OREGON GAME HEADS RESUME 1930 PROGRAM

PORTLAND, Ore. (AP) — The arrival of warm rains in most sections of the state looks the favorable sign which has hung over the Oregon state game commission and work has been resumed in all departments.

Matt L. Ryckman, superintendent of hatcheries, has returned from Tillamook county, where he directed stream restocking for several days. All Oregon fish commission hatcheries survived the property or fish. Hugh C. Mitchell, director of fish culture for the commission, declares he recently made a four-day tour of the various hatchery stations, including those on the Trask, Neustetter, Chickadee, North Oregan, McKean and Alsea rivers.

Earners and ranchers in both Umatilla and Wallawa counties have been corresponding with Clifford, state game warden, in an attempt to solve the "old situation" in their districts. Clifford says the depredations of the animals on crops and killed birds has become serious. Clifford says the game commission is considering a plan whereby pheasant eggs will be supplied to private individuals for hatching in an effort to promote greater pheasant stocking.

Pile Sufferers

You can only get quiet, safe and lasting relief by removing the cause — congestion of blood in the lower bowel. Nothing but an internal remedy can do this — that's why cutting and scalds fail. Dr. Lombard's Hem-Roid, a harmless tablet, is guaranteed to quickly and surely furnish any form of pile misery or money back. The Red Cross Drug store and druggists everywhere sell it with this guarantee. — Ad.

INDIAN LAZY? UMATILLA MAN SAYS HE'S NOT

PORTLAND, Ore. (AP) — Most misunderstanding of all men is the American Indian, declared C. J. Cornelison, of Pendleton, speaking before the Rotary club here recently. He maintained the Indian is not lazy. "The Indian is a fighting man," he declared, "He had to keep himself ready for battle at all times; that is the reason he did not hoe corn." Cornelison declared the Indian has contributed much to civilization. "Among other things," he said, "the Indian has given us corn, tobacco, tomatoes, pumpkins, squash, artichokes and other foods."

Portlanders Want 1930 Rose Show

PORTLAND, Ore. (AP) — Portlanders are in favor of continuation of the Rose Festival as an annual event, answers to questionnaires being circulated throughout the city indicate. Not only are most in favor of the festival, but many have offered their willingness to contribute to the support of the association in sums varying from \$2.50 to \$5. Mrs. Josephine Forney, executive secretary, declares.

TOURING MALHEUR, SHERMAN

PORTLAND, Ore. (AP) — Elmer Williams, assistant predatory animal control leader of the biological survey office, is making a three weeks tour of Sherman and Malheur counties, conferring with stockmen and sheep raisers.

MORE STRIPED BASS

MARSHFIELD, Ore. (AP) — Fishermen here say the striped bass is increasing in great numbers in waters of Coos bay. Although the fish is legally classified as a game fish and may not be taken with a net except in authorized localities or with proper permit, the increase in numbers, fishermen believe, warrants commercial taking of the fish.
