Egg Prices Go 2 Cents Lower; Butter Steady

PORTLAND, Ore., Feb. 21 (AP)—Egg prices succumbed Thursday to the weakness which has characterized the market for some time.

Butter remained at the reduced quotations made Thursday.

Reviewing the fruit and vegetable situation, the Portland bureau of the United States department of agriculture says:

"Oregon cauliflower from the Roseburg district is increasing in volume of arrivals. Cauliflower movement from this section will start about March 1.

"Onions continue dull. Much stock of excellent quality is being sold by growers at the Duwamish district as low as 75-80c per cent plus.

"Tomatoes were less expensive today, but still too high (\$1.50 per bushel) to obtain very extensive distribution.

"The lettuce market is about as low as it can go, without dealers losing money on it.

Where Well Spouts Oil Fortunes

Through 20 years Felix stockholders stood firm in the belief "There's oil in Kettleman hills." Recently their faith was justified. Felix No. 1 well on the Kettleman North Dome, Fresno county, blew in with a production of 400 barrels of oil of a high gasoline content.

MEXICAN HELD BY ST. LOUIS AUTHORITIES

MEXICO CITY, Feb. 21 (AP)—A La Prensa dispatch from San Luis Potosi today stated that Nicholas Alford, a former student there who is wanted in Mexico in connection with the shooting of President Ortiz Rubio, has been arrested in St. Louis, Mo.

Alford is alleged to have sent a letter to a friend in San Luis Potosi congratulating him on the attempt against the president's life and saying plans were virtually complete for a similar attack on President Hoover.

Scientists have long known of the havoc wrought to these animals by the saber-tooth tiger, wolves and other carnivorous beasts.

The general workers' federation last night gave approval to a general strike in protest at arrest of several labor leaders in connection with the recent attempt against the life of President Ortiz Rubio.

The date of the strike was not fixed.

VENIZELAS MAINTAINS A STEADY HELM IN GREECE. ATHENS (AP)—Continuation of Greece's steadfast policy during 1929 has been recognized by British statesmen in a statement written to the newspaper Herald.

It declares that the government will continue its efforts to improve living conditions, strengthen internal and external peace, and better the general economic position by further development of the country's resources.

This program he said, calls for cheaper dwellings, better hygiene, development of agriculture by the establishment of agricultural banks and schools, exploitation of lignite, increased tourist traffic, the establishment of an economic council, and improvement of the mercantile marine.

Three Games of Basketball At Imbler Tuesday

By Mrs. C. M. Hale (Observer Correspondent) IMBLER, Ore. (Special)—Three games of basketball were played on the Imbler floor Tuesday evening.

The boy scout team was defeated by the boy scouts of Mt. Glen. The grade school team defeated the team from the grades of Enterprise school while the Enterprise high school team won the game from the Imbler high team.

Mr. and Mrs. J. A. Arnoldus were host and hostess at a turkey dinner last Sunday with Standley Arnoldus of La Grande, J. E. Woods, Mr. and Mrs. C. M. Hale and daughter Ruth, of Imbler, as guests.

Leo Westenskow who has been working in the Imbler cash store sprained his ankle while playing ball and has been unable to resume his work for several days.

His sister, Mabel Westenskow, is working in his place.

Cap Tuttle, who has been living on the outskirts of Imbler, moved his family to La Grande the first of the week.

W. W. Kirkhoff, who has spent several months in the east visiting relatives, returned to Imbler Wednesday.

I. Hingaman and son, Harold, restored to Enterprise Wednesday to attend to business affairs.

The Dave Osborn family moved this week from the Bill Glenn farm which was recently sold, to the old home formerly occupied by James Osborn.

Ted Conklin recently sold his 80-acre farm on the highway south of town to Mr. Fowler who recently came here from Idaho.

Mr. Fowler has already taken possession and is preparing for spring work.

A few of the farmers have already begun their spring plowing.

There was a large attendance at the funeral of Henry Hugg which was held at the Summerville chapel last Friday.

Among the old pioneers who attended was Frank Barney who is now nearing his 97th birthday.

Mr. Barney has lived in this community for many years, being among those who came here in an early day and carved his home from the heart of the wild land.

Mr. Barney is very vigorous for one of his age, moving around among his neighbors without even the support of a cane and conversing in an ordinary tone of voice, showing that his hearing is still good.

Mrs. Barney is not so robust as her husband and has been in poor health for some time.

W. M. Park, who has just been through a hard attack of flu is now on the road to recovery.

Henry Pries Sr., who has been quite ill at the Hot Lake sanatorium, is much improved and has recently been moved to his home.

Most of the pupils of the grade school enjoyed a valentine box last Friday. After the usual exchange of valentines in each room the first, second, fifth and sixth pupils enjoyed a party in which the first two grades were hosts, serving cake and cookies.

The teachers, Miss Nolin and Miss Anson, treated the four grades to ice cream.

Miss Anson has been quite lame this week having sprained her ankle but has been able to attend to her school duties.

Maraley Coe who has been ill and unable to attend school for several months is somewhat improved but not yet able to attend school.

J. P. Lewis is busy this week doing some carpenter work in the Pleasant Grove district for Wayne Prizell. Mrs. Prizell is having her kitchen remodeled, building in a Dutch kitchen and has also purchased a new range and hood to make the improvement complete.

Advertisement for WOOL REPORT. BOSTON, Feb. 21 (AP)—The Commercial Bulletin of Boston will say tomorrow: "There has been a further good business in the seaboard markets this week, mostly in the wools, which are now getting well liquidated. Prices have been steady on the lamb noted a week ago. "Foreign markets generally are steady. The volume of the sales in the foreign primary markets, so as to distribute offerings over a longer period, appears to have been more or less satisfactory. "In the west, there is a steady effort being made to tie up wools both on account of the eastern dealers and the new cooperative scheme. Boston dealers bought the best wool at the Phoenix, Arizona, sale at a clean cent landed Boston basis of 70-72 cents. "The goods market is clarified by the decision this week of the American Woolen company to drop prices on staple goods to a competitive basis with other large mills, so that business may now be possible in larger volume. "Mohair is still rather quiet with prices steady at about 50 cents for best original bag Texas hair and foreign markets quotations on this parity." Quotations to be published by the bulletin follow: Second hand; Oregon: Fine and E. w. staple 76-77; fair and E. w. Fr. combing 76-77; fine and E. w. clothing 89-79; Valley No. 1, 75-75. Mohair; domestic, good original bag; Oregon 48-50; domestic grading; Fr. combing 60-62; good carding 65-65.
