

WANTS MAKE THE MAN

BABIES are born with but one want—food. When men grow old, their wants again become few — quiet corners, friendly faces, peace.

But in the years between, men and women are living and developing to the full extent of their powers. Then their wants are legion.

People today are wanting AND GETTING more things that make for complete living than ever before. To these common needs of every one of the advertisements in this newspaper bring invaluable opportunities of satisfaction every day.

It is the function of the advertisements to enable you not only to get what you want—but to get the very best that your money can buy. They help you to decide which automobile, which set of furniture, which radio to buy. They assure you that your wants will be more than met—that they will be wisely and completely satisfied.

The minutes you spend in reading the advertisements may bring you years of satisfaction.
