Highway From Kamela to This City Quite Dry

By Mrs. C. E. Theuberg (Observer Correspondent)

KAMELA, Ore. (Special)—The highway from Kamela to La Grande is now quite dry. The few holes made by the heavy trucks have been patched up and if one is not held up where the steam shovel is at work the drive is now a pleasure. The snow has almost all disappeared and the frost is coming out of the ground, making it very muddy and walking around Kamela is very disagreeable. With a few more warm spring days like Kamela has been having recently even the mud will be gone.

There was a community dance at Kamela last Saturday night at which all those attending had a very enjoyable time. Refreshments were served at a late hour. Several people from the highway camp at Hodie were there, and also some from Alsea.

Mr. and Mrs. Guy Tammerle went to Elgin last Sunday to visit Mrs. Tammerle's parents, Mr. and Mrs. R. H. Gibson.

Mr. and Mrs. A. Ding went to La Grande Thursday night.

Mrs. Edwin Hug was called to La Grande early this week to the bedside of her mother who is very ill of pneumonia. Mrs. Hug has not yet returned to Kamela.

James Fitzgerald and Andrew Brown moved back to La Grande Wednesday. They have been working for Guy Tammerle but because the snow is coming and the roads are bad for stables or trucks they have had to quit hauling logs in the meantime.

Mr. and Mrs. Tom Burton left Wednesday for Nyssa, Ore., to spend a few days with her parents. Their little son, Karlo, has not been very well recently.

Mr. and Mrs. C. Hudson were in La Grande Tuesday.

held Friday afternoon at the Methodist church, with Roy Hug in charge of the services. He leaves a family of six children, 17 grandchildren and one great-grandson. The family has made Elgin their home for the last 20 years. The names of the children are Mrs. Iohn Colver, of Elgin; Mrs. A. H. Coe, of Imbler; Mrs. Edie Jones, and John, George and Palmer

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscin that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs croscin is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croscin, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the croscin goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (Adv.)

Ben McGinnis, of Wallawa, was a visitor at Kamela this week at the Wagesworth home.

Ralph Riggs, of Kamela, is working at present at Riech as assistant foreman at the round-house there.

Mrs. P. P. Brooks and Mrs. Muriel Brooks and little daughter, Iona, left Friday morning for Portland and Castle Rock, Wash. While in Portland they will visit Mrs. P. P. Brooks' father, G. T. Shaw, who was very sick recently. In Castle Rock they will visit Mrs. L. Cook who is Mrs. M. Brooks' mother. They drove in a new sedan.

Mrs. C. E. Thornburg and son Ian, went to La Grande Friday to stay over night at the V. B. Melville home.

L. R. Barnes drove to La Grande Thursday returning in a short time with Mrs. Barnes and the new baby, Friendly Langens. In a few minutes all the Kamela children called to see the baby and all pronounced her as wonderful.

Mrs. R. Riggs received a letter on Thursday from her parents, Mr. and Mrs. John Heath, who were called to Dinuba, Cal., recently because of Mr. Heath's sister's serious illness. They may not come home for some time though the sister has recovered considerably. The day following Mr. and Mrs. Heath's arrival a sister from Arkansas arrived whom they had not seen for some time.

The weather was much colder at Kamela Thursday night and Friday. Though the sun shone brightly

by all day the air was cool and crisp.

BIRDS AND BEASTS MARK AUSTRALIAN WIRE SERVICE

SYDNEY (AP)—Opossums, flying foxes and magpies are responsible for many interruptions to telephone services in the bush districts of Australia.

The flying foxes find the wires a convenient place on which to "hang out" with the result that ranges of men in certain localities have to knock them off the wires with long poles. Opossums frequently get tangled up in the wires.

Magpies like to build nests along the lines, and use stray bits of wire in the process, thus short-circuiting the systems.

BIRDS BROTHER IN PRUSSIA

BERLIN (AP)—It isn't the motorist who irritates policemen here, it's the fellow who rides a bicycle. In 1929 approximately 600,000 persons were punished in Prussia for violation of traffic ordinances. Of this number, reports the minister of the interior, 217,000 were automobilists or motorcyclists while the offending bicyclists aggregated 222,000.

SENATOR WATSON INSISTS "EVERYTHING IS ALL RIGHT"

WASHINGTON, Feb. 22 (AP)—After a conference with President Hoover today, Senator Watson of Indiana, the senate republican leader, referring to the story pub-

lished by the Kansas City Star that Mr. Hoover favored the tariff rates being written by the democratic-independent republican coalition, asserted he could say nothing about it except that "everything is all right."

HORSETAILS CHANGE SEX IN SHORT TIME

LINCOLN, Neb. (AP)—Sometimes the horsetail, a common kind of rush, is a lady plant, but a few weeks later the softsome horsetail may be a full-blown gentleman plant.

Widespread existence of this peculiarity of horsetails is reported to the American Association for the Advancement of Science by Prof. Eliza B. Walker, of the University Department at the University of Nebraska.

"This reversal of sex," she says, "may occur repeatedly. It has been observed to take place as often as once in four to six weeks."

ON HONEYMOON TODAY

NEW YORK, Feb. 22 (AP)—W. Russell Hartigan, son of the late E. H. Hartigan, railroad magnate, and his bride, the former Mrs. Marie Norton Whitney, were at a honeymoon today, bound for Europe aboard the liner Bremen.

They were married yesterday by the Rev. Dr. Minot Simmons, rector, in All Souls Episcopal church.

The man who carved 100 words on a grain of rice probably was trying to start a cereal story.
