## Abe Martin

Mrs. Tipton had the wealthy uncle in the east leads a double life, using his middle name in Who's Who and his first name at parties. "Just because a fellow don't drink is no sign he won't listen to reason," says Boothecker the Lark, commenting on the new rule that only total abstainers "fit to be used in enforcing" the Volstead act.

was that policy, perhaps, that called the admiral's mood.

Writes Book in 1919  
In his book, "Erinnerungen," (Memories) published in 1919, von Tirpitz described with dramatic vividness the diplomatic squabbles and intrigues that ultimately led to royal disaster.

He insisted that Germany, by systematic onslaughts on the Russian front, was doing England a great favor since thereby the distracted western German front was placed in a purely defensive position.

Above all, he held, the German naval forces were deprived of the necessary support for a sudden offensive against England. He firmly believed the fighting material of the German navy to be superior to that of the British navy.

The prestige of von Tirpitz waned rapidly in proportion as his policy of ruthless submarine warfare found less and less favor with the Kaiser and the diplomatic heads of the country. By 1918 they had reached the point of desiring to appease the neutrals at any cost.

Far from becoming disgruntled over his fall from royal favor, the old admiral remained to the end a sociable, genial, brilliant entertainer and a great lover of children.

He was that policy, perhaps, that called the admiral's mood.

## IRISH CHAMP IS VICTIM OF TRAGIC FALL

WASHINGTON, March 6 (AP)—A fall of 29 feet from the steps of the treasury building during a sightseeing trip here brought to an end the career of Bartley Madden, 41-year-old Irish heavy-weight, who became famous for his staying qualities against championship contenders.

Madden died in a hospital here last night, a few hours after he had accidentally stepped off the incline. He had stopped for a day in the capital on his way to New York, from Miami, where he had attended the Shirley-Scott fight.

He came to the United States an holder of the Irish heavy-weight championship and was considered a possibility for the world's heavyweight title. While he was not successful in this ambition prior to 1917 there were few Americans in the world who could knock Madden down, and in later years he was stood up against all of the heavyweight aspirants at one time or another.

Recently he was characterized by Gene Tunney as one of the two greatest fighters the former champion had ever met.

## NEW KIND OF SALTS TAKING COUNTRY BY STORM

They Revitalize the System—Induce Youthful Activity—Keep Body in Splendid Condition—Free From Fat

It doesn't take long for Americans to wake up to a good thing—only a few months ago Kruschen Salts were introduced into this country and the wisest news of their superior goodness and swift rejuvenating power traveled so fast that at one time the supply was many cartloads behind the demand.

All of which goes to prove that Americans know good salts when they take them and want their friends to benefit also.

Kruschen Salts are taken for their health building value all over the world—they are the largest selling medicinal salts in Great Britain today.

Kruschen Salts are different from other salts—Kruschen is six salts in one—the very same six salts that nature put into the human body at the beginning of creation and demands you keep them there or your health won't be as good as it should be.

Unlike most salts Kruschen isn't simply a laxative—if that's all you want any old kind of salts with any kind of a label will do—but it is that all you want?

When you take Kruschen Salts you not only stimulate your bowels, liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fibre in the body with nature's own revitalizing and rejuvenating minerals.

A bottle of Kruschen Salts that lasts 4 weeks costs but 55c at Red Cross Drug Store or any drug store in America—take one-half teaspoon in a glass of hot water every morning before breakfast—in just a few days indolence changes to activity and life grows brighter.

Before the bottle is empty you'll feel years younger—eyes will brighten—step grow sprightlier—nerves steady—you'll sleep sound, enjoy your meals and after a hard day's work you'll be ready for wholesome recreation—one million Americans know all this—ask your druggist.

## ADMIRAL PASSES AWAY IN BAVARIA

Admiral von Tirpitz spent his last years at Feldafing on the shores of Starnberger lake in Bavaria. There he lived in a comparatively small villa, surrounded by a garden, and entertained visitors from all parts of the world. The aged admiral was the father of two sons and two daughters, born of his happy marriage to Marie Lipke.

Throughout von Tirpitz's indefatigable uphill work to give Germany a great navy, it was said that the former Kaiser and his chosen entourage more often than not proved an impediment rather than a help. The passive resistance to the admiral's ambition continued through all the years up to and during the first half of the World War until von Tirpitz in 1916 through his insistence carried his point for a more active participation of the navy with the undeclared submarine warfare.

Again and again von Tirpitz urged the concentration of all forces against England, in which he saw the backbone of the Allies' offensive. He failed, however, to budge the emperor and Chancellor von Bethmann-Hollweg from their determination to hold the great German navy in reserve. It
