Wheat Advances In Chicago Trading

CHICAGO, Mar. 6 (AP)—Wheat advanced in price during the late dealings today, helped by purchases of hard winter wheat here that suggested export business. Word from Washington that an important announcement for the federal farm board would be issued after the close tended also to strengthen wheat values toward the last. Under such circumstances, early setbacks in the wheat market were more than offset, although top quotations of the day were not maintained.

Wheat closed unsettled ⅝-1c net higher; corn ¼-1¼c down, oats at a shade decline to ¼c gain, and provisions showing 5-15c drop.

Egg And Butter Quotations Weak

PORTLAND, Mar. 6 (AP)—Egg and butter prices remained weak and unchanged today.

In fruits, oranges were 25c a box higher, ranging from $4.25 to $8, according to size, and in vegetables cabbage has soared to 8c a pound.

BATTLE FOR PROHIBITION CONTINUING

(Continued from Page One)

"The shouters for 'personal liberty,' unable to deny that the old saloon was a blot on civilization and a menace to good government, tell us that they do not want to bring back the old saloon but a heavenly resort where angels might gather and men may drink their fill of what they will and not get drunk, beat their wives, starve their children and commit murder.

Calls It "Lot of Rot"

"We hear a lot of rot about the bringing back of light wines and beer as the panacea for the evils laid at the door of prohibition and as the great European promoter of temperance. Nonsense! the 'wets' today, some consciously, some unconsciously, are preparing the way for the return of the 'good old saloon' with all its horrible satellites.

"I believe that the 18th amendment is what President Hoover declared it, a noble experiment, the most noble a great nation ever tried to save its people from frightful evils."

COMMUNISTS STAGE WORLD WIDE PROTEST

(Continued from Page One)

City Hall in his private automobile, and present them to the mayor as representing a meeting of 50,000 people protesting against unemployment, but this offer was refused.

Only five persons, one patrolman and four communists, appeared to have been injured seriously enough to require hospital treatment.

Defying police orders that there should be no parades, approximately 1,000 persons bearing soviet and communist banners, battled with mounted and foot patrolmen in Seattle, Wash., at noon. Police rode into the crowd as it started to move, grabbing banners and tearing them from the hands of the marchers, a great number of whom were women. Officers used their night sticks to force their way through the crowd.

Twelve persons were injured and 17 others arrested in Detroit this afternoon during a 90-minute battle with police who were attempting to disperse a demonstration of unemployed. The crowd was estimated at about 100,000 persons. Most of the injuries were caused by the night sticks of the police as they attempted to arrest agitators or wrest banners from the hands of other members of the crowd. One patrolman was beaten with a lead pipe.

Editorials Incite Workers

Flaming front page editorials inciting the workers and workless of the world to rise in a mighty struggle against capitalism appeared in today's Pravda, Izvestia and other soviet organs in Moscow in connection with the international demonstrations against unemployment fostered by the communist international. Calling the soviet republic the "fatherland of all laborers" Izvestia tells the world's unemployed that socialism and the overthrow of capitalism are their only salvation.

Five men were injured in a skirmish with London police this afternoon during a demonstration of unemployed attended by more than 3,000 persons.

Warsaw Has Riot

Six policemen and one woman were injured in a Warsaw riot last night between police and persons out of work. Nine communist leaders were arrested in the clash which arose when the workers tried to make a public protest.

In Hamburg, Germany communists in the nearby town of Itzehoe, one of the centers of the "hunger marcher movement" in January, started a demonstration last night which ended in a fight with the police. Order was restored within half an hour the police finally firing into the crowd. It was not known how many casualties there were.

YOU WOULD WANT IF YOU KNEW ALL THE *Facts*

On your grocer's shelves are hundreds of delicious products. None of them are harmful—otherwise the Government would step in. Few of them are distinctly poor in quality—otherwise you would detect it. But there are certain products, whose makers are not content with what you can detect. Their number is increasing. You can find them sooner or later. Any woman does, who believes that fine things are worth looking for. It would be easier for you to find them, if you knew more of the facts. Here is one of the facts.

Fact 15

Schilling produces only the first grade of coffee—but only Schilling does it. Contrary to common practice, Schilling specializes on fine coffee. There are no 2nd or 3rd grade Schilling coffees—no cheap blends—no dual standards of quality.

The finest things usually come from those who devote themselves to fine things exclusively. There are many excellent coffees—but where is the finest apt to come from?

There are 42 other facts about Schilling products—Coffee, Tea, Baking Powder, Spices, Extracts.

Fact 31

Mix 1 part of Schilling Cinnamon to 10 parts of hot water. Do likewise with any other cinnamon. Dip a cube of sugar in each of these solutions, and place on the tongue. Then YOU decide which has the finer flavor! Schilling's is made from the finest Saigon cinnamon bark—and only that.

Fact 33

Schilling Lemon Extract contains 3 times the amount of lemon oil required by the United States Government Pure Food Department—3 times as much! And more than most any other you buy. That is why it goes further—why it imparts a richer lemon flavor.
