Snow And Sleet Fall at Kamela; Keep Road Clear

By Mrs. C. E. Thornburg (Observer Correspondent) KAMELA, Ore. (Special)—At the beginning of the week it seemed that the snow remaining on the ground was going to disappear quite rapidly and by Wednesday morning only a few inches of soft melting remained. However, several black clouds foretold storm of some kind brewing and in the late afternoon it came, at first just an ordinary snowstorm, but later a real storm with blizzard-like fierceness. About 10 inches of snow and sleet fell before Thursday morning and the wind had whipped it into huge drifts everywhere. The snow plows were at work on the highway and section men were kept busy clearing switches on the railroad. Since then there have been intermittent snowfalls and sunshine between, but it has not been warm enough to thaw very much and there is still enough snow for coasting, skiing and other winter sports. Mr. Tameris is still hauling logs to the depot by sleighs to ship to La Grande. Engineer C. E. Thornburg, who was employed on passenger service between La Grande and Reith, has been assigned the night shift work here and began on Wednesday night. There are now five engine crews at work here, which is the normal number. A Kennison, government trapper who makes Kamela his headquarters, returned on Tuesday after a business trip to Union and Telecast.

Leaving for Spokane—

Grace L. Young, who has been making her home with the G. W. Hendrickson family at 1603 Willow street for the past two months while receiving medical attention, is leaving today for a visit with Mr. and Mrs. George L. Ault and family who reside six miles from Palouse, Wash. After staying there about a week, she will continue her trip to Spokane to visit her young son and her mother. Mrs. Young was a resident at 1422 2d avenue when her husband was killed last August by a blast of dynamite while working in a rock pit seven miles from Baker. Mrs. Young went to Spokane last September and expected to make her home there, but due to the climate and altitude was not able to improve and returned here in December. Her health at present is in good condition. Last year during the medical convention here, after suffering from leakage of the heart in the spring, she underwent a second garter operation. This was followed by a tonsil operation, June 3. After two weeks absence Mrs. Young expects to return to La Grande and secure light employment.

Committee Members—

The following La Grande students at the University of Oregon have been chosen to assist Miss Lois Nelson with the new music co-operation committee of which she was appointed chairman: Jean Williams, Alpha Xi Delta; Jack Durand, Alpha Upsilon; Mark Jenkins, Psi Kappa; Henry Culp, Sigma Pi Tau; Norman Jesse, Theta Chi.
