## They All Seem to Say the Same Thing About Trotter's Spring Shirts.

Compliments fly in all directions in our shirt department—but boiled down, all men seem to be saying the same thing. "The finest looking lot of shirts I ever saw in my size." These patterns are different—so much so that the man who rushes in for a shirt in a hurry suddenly finds he can spare an extra few minutes to choose three instead of one. Neckwear at the next case—lets you kill two birds with one call.

## SPRING SONG

Give me the crush of a crowd  
The note of a well-timed hum,  
Or the deafening din when a guy  
slides in,  
Shoving his spikes in front.

Lead me to where I can paw the air  
And beside the man of my  
And of my own free choice I will crack  
my voice  
And ruin my Bangkok hat.

Day after day I will steal away  
To follow the roasted bird;  
I will pork dull care in my office  
chair  
And probably lose my job.

SPRINGTIME NEARBY. ALL  
WAY'S COMES AHEAD OF  
SPRING.

George—Why hasn't father got  
much hair?  
Mother—Because he thinks a  
lot, dear.

George—They why have you  
so much, mother?  
Mother (pause)—Go on with  
your breakfast.

ANOTHER MARY POME  
Mary had a little lamb,  
Its fleece was white as snow,  
Until it scampered thru Wall  
street—  
Now, there's no wool to show.

We might add that they should  
be good at figures.

Helen (admiring dress in show

you know when I see a pretty  
dress like that my eyes water.

That's the ugliest portrait I've

You're looking at yourself in a  
mirror.

and worked up to the top.

Brown Derby—You don't say.  
How did he do it?  
High Hat—Why he began at a  
toothpick and now he's a barber.

## MENUS

By Sister Mary  
Many women must rely almost  
entirely on canned sea foods. Not  
so many years ago canned foods  
of all kinds did not enjoy the  
high standing now given to them,  
and too often the homemaker re-  
gards fish as a last resort in her  
menu.

Scientists have proved that the  
modern methods of canning have  
little effect on the food value of  
fish—that there is practically no  
loss of vitamin or mineral con-  
tent.

All sea foods are so rich in  
iodine content that they should be  
served as often as possible. The  
protein of fish is essentially the  
same as the protein of meats.

Various amounts of vitamins A  
and B are present also. These  
substances are found in canned  
fish just the same as in fresh  
fish, so if you must find your sea  
food on your grocer's shelves  
rather than in the fish market  
you may nevertheless be assured  
of its full food value.

Fish pie can be made with any  
flaked fish, although salmon is  
specified in the recipe.

Salmon Pie  
One and one-half to two cups  
flaked salmon, 1 1/2 cups cold  
mashed potatoes, 2 eggs, 2 table-  
spoons butter, 1 tablespoon minced  
parsley, 1/2 teaspoon pepper, 1 table-  
spoon lemon juice.

Remove all skin and bones from  
salmon and flake. Sprinkle with

lemon juice. Add butter, well-  
beaten eggs, pepper, parsley and  
salt to potatoes and heat until  
smooth, adding milk if necessary.  
Add flaked fish and mix lightly.  
Turn into a buttered baking dish,  
cover with buttered crumbs and  
bake 30 to 40 minutes in a moder-  
ate oven. Serve from baking  
dish.

Salmon is very good when com-  
bined with peas and celery in a  
salad. Garnish with hard cooked  
eggs to serve. A tart salad dress-  
ing should be chosen.

Lobster, crab, meat, shrimps,  
oysters and clams, tuna fish, sar-  
dines, herring varieties of fish,  
flakes and many kinds of smoked  
fish are available.

# IF YOU CAN BOIL WATER YOU CAN MAKE GOOD COFFEE!

That's just another way of telling you how easy it is to make perfect coffee with the new Golden West Coffee Maker.

Put your Golden West coffee in the Maker, pour in jumping-boiling water, let it "drip" for 5 minutes and the result will surprise and delight you.

Science has long proclaimed the virtues of drip coffee, but heretofore drip systems have been more or less expensive. Not so with the Golden West Maker. Its selling price is only One Dollar—you can secure it through your regular grocer.

The Golden West Coffee Maker uses regular Golden West Coffee, no special grind is needed. It is of 6-cup capacity and so constructed that perfect results are obtained without filter cloths or filter papers. Remember,

ONLY \$1. IS THE TOTAL COST

and if your regular grocer is out of stock, write Closset & Devers, Portland, Oregon, and you'll receive one promptly through your grocer.

Before offering the Golden West Coffee Maker our coffee experts rigidly tested its results, which were concurred in by a scientific authority. Read his findings at the left.

E. P. W. HARDING, NOTED ANALYTICAL CHEMIST SAYS AFTER TESTING GOLDEN WEST COFFEE MAKER

"A series of carefully conducted experiments prove that in making coffee by the drip method, the coffee so prepared has a finer flavor and more pleasing appearance than that prepared by either of the boiling or percolation method. The drip method has the further very great advantage of giving a strictly uniform product."
