SPEDING UP OF BUILDING WORK TALKED

(Continued on Page Seven)

might detailed a gigantic expansion of work by the federal, state, municipal and private industrial organizations, and reported a proposed expenditure of more than one billion dollars for public works in New York, Pennsylvania and Ohio alone.

Public utilities will spend \$2,500,000, he said, and have already pushed their program to such an extent that construction expenditures for the first quarter of the present year represent a 12 per cent increase over the same period of 1929.

The call sent out for an acceleration of federal construction expenditures has already been acted upon, the secretary continued, adding that bids of ten of the largest public building projects involving an outlay of \$7,000,000, would be opened this month, and that the army and navy program of housing, flood control and dock construction likewise was advancing.

He asserted highway work also was being speeded up throughout the country in order that there may be no avoidable delays in pushing operations as soon as weather conditions permit.

Lasting steps taken by federal custodians in speeding alterations and repairs on government structures, Secretary Leonard added: "Should this example be followed by more private owners of dwellings, commercial buildings and industrial plants, it would provide employment for several weeks to tens of thousands of workers on needed repairs to structures that should be preserved."

Grangers Name Committees At Saturday Meet

By Mrs. L. E. Hill (Special) ELGIN, Ore. (Special)—The regular meeting of the Grange held at regular intervals last Saturday. The lunch at noon was served by the committee of which Mrs. Mary Ellen Beem is chairman. Following lunch a business period took almost the entire afternoon. In accordance with the plan proposed at the county farm board meeting in La Grande two weeks ago, the master appointed a committee member to serve on the county board under the various committee chairmen. The following are to serve on the various committees: Earl Miller, livestock; Orval Bawley, marketing; Bernal D. Hug, horticulture; Mrs. Mary Waelly, small fruits; Mrs. J. E. Witherspoon, poultry; Mrs. Mary Ellen Beem, home economics; John Gekeler, farm crops; Guymond Wadley, weed control; Mrs. Arden Itusaw, truck garden; James Gekeler, farm program. The chairman for boys and girls club work was not appointed. Earl Miller reported on the wheat meeting held in La Grande. Discussions were also held on the subjects of livestock marketing and the oleomargarine situation. Mrs. Allen Gaskill, Flora and Albin Gaskill, steward, resigned their offices due to their moving away. In their places, Arden Itusaw was appointed steward and Mrs. Mary Waelly, Flora. During the lecturer's hour a one-act play was put on by Mrs. Raymond Waelly and Miss Lois Witherspoon.

Three Nations Tackle Crisis Of Conference

LONDON, Mar. 10 (AP)—Chief delegates of America, Great Britain and France to the naval conference here tackled the first great crisis of the naval conference today when they faced each other across a table at St. James' palace for consideration of France's demand for a guarantee of security.

In exchange for such a guarantee France has let it be known she is prepared to cut her claims for a big navy aggregating 724,000 tons in five years. It was a matter of utmost gravity which Mr. MacDonald, Secretary Stimson and M. Briand were called upon to handle. Upon its outcome depends success or failure in this greatest of all disarmament conferences.

Enterprise Boy Makes Airplane Exhibited Here

Many passersby noticed the airplane model in the window of the Eastern Oregon Music company last week, but few realized, in spite of its attractive appearance, just how well and completely it was built.

exact proportion to its size. The plane is covered with a special parchment, and painted with a "dope" that makes it taut and vibrant. It has flown many trials and has had numerous bad spills that would break a plane not so well balanced. Since making this aircraft, Paul has been a devoted airplane enthusiast and by careful calculations regarding air resistance and construction has made plans and flown small models, and is now building a larger model several feet in length that he maintains will have a much greater speed than other types.

THEATERS

"Flight" Made In Co-operation With Marine Corps

Columbia's all-talking roadshow attraction, "Flight," opened at the State theatre last night. The cast includes Jack Holt, Lila Lee, Ralph Graves, Harold Goodwin, Jimmy De La Cruz and Alan Roscoe. Against the varied and picturesque backgrounds of a marine flying base, the rough wilderness of Nicaragua and a Central American dance hall, awe-inspiring flying feats lend color, thrills and daring to a poignant love story and the great friendship of two buddies in the Marine Corps. The film made with the cooperation of the United States Marine Corps is technically perfect. The most spectacular air feats ever photographed kept the audience in breathless suspense. The Capra-Holt-Graves combination that made "Submarine," the outstanding sea picture of many seasons, makes good in a new field. Lila Lee plays the leading feminine role with skill and enthusiasm. Good film fare for all.

La Grande Men Hold Standing In Trapshoot

A large number of shooters gathered at Lone Tree yesterday for the second round of the Oregonian and Boise Capital-News telegraphic shoots, in which the La Grande Gun club is participating.

tained its .007 standing. The three high guns were Roy Forrester 24, Chase Hohenkamp 24 and J. B. Smith 23 for a total of 71. Although this was two less than the score a week ago, the local club won from Huntington and Pilot Rock, tied Collins Park and lost to North Bend, the last named team turning in a perfect 75. Pilot Rock shot 65, Huntington 70 and Collins Park 71. This gives La Grande four wins, two ties and two losses in the Oregon shoot. In the Idaho-Oregon shoot La Grande won three straight a week ago.
