"GOOD SERVICE QUICK"

So They Painted The Fire Plugs

TULSA, Okla., Mar. 18 (AP)—Two Irishmen, in the course of celebrating the expulsion of reptiles from Erin, lapsed in municipal court Monday, accused of painting too freely of snake bite cure on the paint gang for the day.

"You are sentenced to serve on the paint gang for the day," said the court. "You will paint yellow markings on the streets."

"Yellow?" queried the prisoners in incredulous horror.

"Yellow," reiterated the judge quite firmly.

"But, yer honor," protested one, "it's Saint Patrick's day. Yellow on Saint Patrick's day! Make it the water department, please, yer honor, where we can paint the fire plugs green."

And the court, being named Moneys, made it the water department.

outlook reports, farm wages are now lower, a survey showing a general level of 154 per cent of the previous year average on January 1, compared with 152 a year ago. The supply of farm labor in the United States was reported as 114.6 per cent of the demand, and somewhat more in the western states and in Oregon.

The Oregon Situation
The month of February was fa-

vorable to livestock producers. The mild weather stimulated growth of grass and reduced hay requirements. The condition of most stocks was improved. Feed supplies are generally said to be ample at lower prices. Lambing is progressing rapidly. Because of the low prices for dairy products some culling of milk cows is being done. Dairymen are not disposed to expand operations as during the past few years. Small-scale poultry operators, however, are inclined to increase their flocks in line with the general expansion of this industry which has been in progress since last year throughout the nation.

Preliminary reports indicate that the principal fruit crops in Oregon were not seriously damaged by the cold weather in January and prospects for good crops are favorable. Some peaches were injured and in some places cherries and berries were affected. Because of the dry weather last fall, a larger acreage of spring sown field crops will be planted than usual. Stocks of wheat held by Oregon farmers on March 1 were nearly 1,000,000 bushels larger than a year ago and there was more barley and oats sown than last year and the average holdings on March 1.

"We sure PLUGGED a LEAK that time!"

"Our Iron Fireman Installation saves over 30% on our fuel bill!"

IRON FIREMAN will "plug the leak" in your firing job, too. You need only say the word. Iron Fireman produces a steady, intense heat from smaller sizes of coal, which cost less per ton, and enable you to cut operating costs.

With Iron Fireman's "sweat Underfiring" no fuel is wasted. Consumption is complete and the smoke nuisance is abated.

An Iron Fireman engineer will gladly survey your plant, and render a report that fairly and accurately contrasts your present results and costs with results and costs you may expect from an Iron Fireman. Ask us for this service. It is free and will in no way obligate you.

The Iron Fireman can be purchased on convenient terms.

A quality you would want if you knew all of the FACTS about coffee

On your grocer's shelves are hundreds of delicious products. None of them harmful—otherwise the Government would step in. Few of them are distinctly poor in quality—otherwise you would detect it. But there are certain products, whose makers are not content with what you can detect. Their number is increasing. You can find them sooner or later. Any woman does, who believes that fine things are worth looking for. It would be easier for you to find them, if you knew more of the facts. Here is one of the facts. **FACT 15.** Schilling produces only the first grade of coffee—but only Schilling does it. Contrary to common practice, Schilling specializes on fine coffee. There are no 2nd or 3rd grade Schilling coffees—no cheap blends—no dual standards of quality. The finest things usually come from those who devote themselves to fine things exclusively. There are many excellent coffees—but where is the finest apt to come from?

*** There are 43 facts about Schilling Products—Coffee, Tea, 32 Extracts, Baking Powder, 19 Spices
