Children Like This Safe Prescription
Coughs and Sore Throat Relieved Almost Instantly
Stop children's coughs and sore throats before these ailments lead to dangerous illness. Thoxine, a doctor's prescription, now assures relief within 15 minutes to children as well as adults without the danger in the use of patent medicines containing harmful drugs.
Thoxine works on a different principle, goes direct to the source of trouble and relieves the irritation which causes the coughing and sore throat. Ideal for children because it is safe and does not have the usual "nasty-medicine" taste. No gagging. Just ask for Thoxine, put up ready for use in 50c, 60c, and \$1.00 bottles. Money back if not relieved. Sold by the Red Cross Drug store and all other good drug stores.—Adv.

THEATERS
Curtain Drops On Radio Laugh Here Tomorrow
With the final curtain tomorrow night at the State Theatre, radio picture's merry farce-comedy, "The Very Idea," will conclude its local engagement which has packed more laughs per minute into the local show house than any picture shown there this year.
Built around the theme of a practical application of the eugenics theory, there is plenty of smart dialogue and a succession of rib-tickling situations that keep audiences screaming from start to finish.
Coupled with story interest is an unusually fine cast. Frank Craven and Allen Kearns, both stage stars, are doing their first camera work in "The Very Idea," but their performances leave nothing to be desired.
Practically every member of the cast has had stage experience. With the exception of Craven and Kearns, all have won laurels in the shadow drama—silent and sound. Others in the cast are Olive Tell, Theodore Von Eltz, Hugh Trevor, Sally Blanc, Doris Eaton and Jeanne de Bard.
