Hearing Called On Union W. U. By Commission

By Mrs. L. Z. Terrall (Observer Correspondent)

UNION (Special)—A hearing of the public service commission has been called for 10 a. m. April 7 to discuss the question of removing the Western Union telegraph station from Union, as recently proposed. The commercial club is vigorously protesting the removal of the office.

Answering the call to the out-of-door, high school track team work and baseball is being organized by Coach Coburn. A baseball league of Union and Wallawa high schools has been formed and officers elected. Baseball activities are not confined to boys alone as the girls have taken up the sport with decided enthusiasm.

Thos. Brasher received news Sunday of the death of his sister, Mrs. Ella Andrews, in Portland. Unable to go down because of his health, Mr. and Mrs. Irvin Hess made the trip and will remain a few days.

A fishing party composed of Irvin Hess, R. H. Bonney, Game Warden Warren Cornell of La Grande, and George Rogers of Wallawa, spent three days last week angling for the elusive steel head. Their combined efforts netted them two sizable beauties.

Ray Williams, assistant census supervisor, was over from La Grande Monday conferring with applicants for census enumerators. George Curtis, who comes from Elmira, Oregon, entered the senior class this week. He is staying at the home of his uncle, Ben Curtis.

Mrs. E. P. Coburn was taken back to the Grande Ronde hospital yesterday where she underwent another operation for an abscess that has been causing intense suffering for several weeks.

Mrs. Willie Phillips spent Saturday and Sunday with Mr. and Mrs. Alta Phillips in North Powder. Miss Helen Hulke visited at the C. H. Bidwell home in Island City over the weekend.

Mr. and Mrs. Steve Harn and family returned from Copalis, Wash., on Sunday. Mr. and Mrs. Frank Hony will remain indefinitely at Copalis, which is located on the beach near Aberdeen.

The wedding of Mrs. Emma Spray to James Atkins of Bligins, Idaho, comes as a surprise to her many friends in Union and Wallawa counties. The wedding took place on Monday at Weiser and the couple left immediately for the ranch near Riggs where Mr. Atkins farms and raises purebred stock. Mrs. Spray is well known in Joseph where she has her home for many years. During the past three years she has spent most of the time in Union with her sisters, Mrs. George Baird and Mrs. T. D. Smith. Her many friends wish her much happiness.

Dr. Harry Luce, of Hot Lake, was a visitor in Union on Monday. National Bank Examiner Carvel Linden, whose headquarters are in Boise, paid an official visit to Union Monday and Tuesday.

T. J. Peterson, athletic coach from North Powder, visited Sydney Dobbin in Union Tuesday.

Mrs. Mary Hutchinson spent a pleasant day in La Grande Monday shopping. Her daughter, Mrs. Van Dobbin took her over.

Mr. and Mrs. T. N. Baird spent Sunday in Baker with their mother, Mrs. Wm. Baird.

At a delightful bridge luncheon at the Union hotel yesterday Mrs. Everett Sevaglin complimented

He spoke especially of the St. Patrick's party given by Mrs. Ella Rodde to the members of the St. Patrick's club and their leader, Mrs. Cecil Griggs, on March 17. Mrs. Rodde served a delicious chicken dinner and arranged a jolly evening of games and confetti. The conversation of parents in club work was the inspiration for his talk. Mr. Seymour is state club leader and on his recent trip from Corvallis paid Union club members and their leaders a visit Friday evening. Superintendent E. A. Sayre and County Agent H. G. Avery accompanied him over from La Grande.

Chats With Parents

By Mrs. Agnes Lyne

The term, "inferiority complex," has passed into common usage, and most people have a pretty fair idea of its meaning—probably because all of us have inferiority feelings at which now and then we become painfully aware.

Most of us know from personal experience how unenviable is this feeling of inferiority. The thoughtful, intelligent mother is trying to spare her children from it.

It is perhaps worth while for her to realize that the profoundest feelings of inferiority, and those which it is almost impossible to overcome, are those which arise within the family circle.

The little girl who, through perfecting of an older brother, is given the feeling that she is superior to women who survive through fire a feeling of inferiority to men, and a consequent crush against them. The child who, through being teased about her looks, is given the notion that she is ugly, remains always conscious of her own ugliness despite abundance of evidence to the contrary.

The child who is snubbed at home grows up feeling that he is incapable of inspiring love in any one.

Growing up in a home wherein he is well loved and well made self-conscious about his own shortcomings, real or imaginary, is the best possible guarantee a child can have against hampering feelings of inferiority in any other situation.

There is little that the reality of playmates or the difficulties of school life can do to a child who is thus fortified.

He has the self-confidence which enables him to handle his own problems to the best of his own ability. The child who is snubbed at home grows up feeling that he is incapable of inspiring love in any one.

Butter Prices Firm; Potatoes Quoted Higher

PORTLAND, Ore., Mar. 26 (AP)—Demand for high score butter outruns the supply and as a result prices were firm with a higher tendency indicated. In some instances, premiums were reported to have been paid Tuesday.

Egg prices were unchanged with the surplus going into storage. Reviewing the fruit and vegetable situation, the Portland bureau of the United States department of agriculture says:

"Trading on the wholesale fruit and vegetable market continues active; with liberal supplies and slightly lower prices characterizing some commodities. Asparagus is weaker, at 11-12¢ per lb. to retailers for best green 'grass.' Tomato supplies are increasing, and prices are a bit lower. Bananas are cheaper than they have been in several weeks, due in part to active competition between wholesalers. Retailers are paying 5 to 6¢ per lb. for their bananas. "The potato market has registered strength and higher prices at practically northern shipping districts, during the last several days; and shipments as high as 1,100 cars daily have not affected this tendency. Buying was active at Yakima yesterday, at \$50-\$51 per ton for combinations."

WHEAT FIRM AND HIGHER AT CLOSING

CHICAGO, Mar. 26 (AP)—Blink rallies of wheat values today went hand in hand with buying for government-sponsored agencies. Dry areas southwest, especially Western Kansas, reported rains badly needed. Dispatches from Sedgewick county, Kansas, sent word that in the last 40 days moisture has been scant and the county will have the smallest wheat crop since the World war.

Wheat closed firm at the same as yesterday's finish to 7 1/2¢ higher; corn closed unchanged to 1/4¢ off, oats 1/4¢ up, and provisions varying from 2¢ decline to a rise of 5¢.

Lloyd George about prohibition, in which the British held:

"The abolition of the saloon is

in part the cause of America's prosperity."

The witness added that the Methodists and other Protestants had repudiated the saloon and alcoholic beverages while the "Catholic church, through some of its most noble leaders, has spoken against the liquor traffic."

"For instance," he went on, "the world famous Cardinal Mercier, of Belgium, spoke upon the subject in these heroic words:

"Universal prohibition would save more lives than general disarmament."

He also quoted the Rt. Rev. James E. Cassidy, vicar general of the diocese of Fall River, as having spoken in "courageous language" in support of prohibition.

Death Rate Lowered

Lenta presented a digest of reports to the committee which, he said, showed that the death rate of infant children had been lowered since prohibition.

Wherever alcohol was used as a beverage, he argued, the death rate was increased from 30 to 70 per cent.

Lenta described Patrick Callahan of Louisville, Ky., as one of the foremost Catholics in the country and said he was taking an active part in the prohibition controversy. The Kentuckian, he added, was mustering the dry Catholics to support the eighteenth amendment.

The O'hlen said because prohibition enforcement had its problems and its difficulties should not for a moment deter us in the onward march toward complete sobriety.
