LOCAL BRIEFS

Going to Portland—
The Rev. Frank Hopkins, pastor of the South Methodist church, left yesterday evening on the 6:30 train for Portland, where he will report to the Veterans Bureau for examination for treatment, and, if necessary, for admission to the Veterans hospital. It is not known whether his medical examination will call for treatment that he can take in the home or for hospital treatment. An operation is possible but not certain. Mr. Hopkins is suffering from a symptom complex, pathological, caused by the tropic dysentery and prolonged malarial fever while in the army in the Philippines during the insurrection. He is one of the few who survived the tropic dysentery, peculiar to the Philippines and the tropics during that period. Mr. Hopkins contracted the dysentery in Northern Luzon, far in the interior, and when assigned to quarters again, was immediately stricken with malarial fever.

"Bulls" Control Stock Exchange; Trade Is Heavy

NEW YORK Apr. 10 (AP) — Stock prices surged upward almost steadily today in a session that saw total sales well in excess of 5,000,000 shares.

Representative shares rose $2 to $10, many to high marks for the year. The upward movement was accelerated around noon by the unexpected increase of about 90,000 tons in the unfilled orders of the United States Steel corporation and by an advance in mid-continent crude oil prices.

Indications that the public was again in the market influenced aggressive operations by pools which met marked success in numerous instances. Blocks of 5,000 to 35,000 shares changed hands. Among the issues at 1930 peaks were General Electric, General Motors, Public Service of New Jersey, Consolidated Gas, International Harvester, corn products refining and Remington Rand.

The close was firm total sales approximated 5,400,000 shares.

WICKERSHAM IS SHARPLY SCORED

at the present time do represent a number of such interests."

Senator Blaine, republican, Wisconsin, after Caraway's sharp comment on the law enforcement chairman, asked how Wickersham qualified as an officer of the council of churches.

"I suppose because he is active in international business," Tinkham answered.

He added that he understood Wickersham had quit his post with the council some months ago.

The Massachusetts representative had testified the council, "largely through propaganda," had attempted to influence both foreign and domestic policies of the government, he said it interested itself in the naval building programs, the league of nations, war debts, compulsory military training in high schools and colleges, United States and Japanese relations, extra-territoriality in China and a number of other foreign affairs.

PAJAMAS MAY GARB NURSES IN ENGLAND

LONDON (AP) — Pajama suits are on display in London as the ideal uniform for nurses.

At the annual nursing exhibition, some 3,000 nurses who visited the show were amazed to discover overalls and pajamas as the garb to replace the time-honored ankle-length skirt of stiffly starched linen.

The short versus long skirt argument waged hot and heavy during the exhibition. Many nurses put themselves on record as violently opposed to the traditional length. Others claimed that only well-covered legs could produce a dignified appearance.

"MATRIMONIALLY INCLINED"

ST. LOUIS, April 10 (AP) — A St. Louis woman census enumerator might add "matrimonially inclined" to her census report on a 40-year-old bachelor upon whom she called yesterday.

"I'd like to marry a peppy woman," he said. "How about it?"

"Sorry."

"But, why—?"

"Well, there's my husband."

So the bachelor went down in the 1930 census as "single."

Kibitzers Are In Bloom As Spring Advances

Kibitzers are in bloom, along with the early apricots, budding and the buzzing of golf buzs.

Kibitzer?

Here's the definition: Some one who knows more about what is being done than the man doing it, and who gives the workman, whether wielding a hammer or a mashie, "expert advice" on the operation. Many bridge players are also familiar with the kibitzer and another name motorists call him is "back seat driver" not mentioning others more profane and less likely to be published.

Local workmen and local golf players report that they have met quite a number of the kibitzer tribe lately, but as usual, have profited very little thereby. In fact, if the kibitzing continues, some of them expect to stay awake at nights until they found out how to quash the givers of unsolicited and usually useless advice.

Wade Home At Mill Creek Is Razed by Fire

By Mrs. A. G. Conklin
(Observer Correspondent)

COVE, Ore., (Special) — The dwelling house of Richard Wade in the canyon on Mill Creek was entirely consumed by fire at noon Wednesday. The fire broke out in the roof, presumably by sparks from the chimney and was making rapid headway when seen by Mrs. McNeill who is a neighbor. It was discovered just at noon when Mr. Wade and his men who are working on the saw mill and the neighbors, were all coming in for dinner. The fire had gained such headway that the building could not be saved. The furniture on the first floor was nearly all saved but nothing from upstairs. It was a two-story frame structure and the loss was partly covered by insurance. No one was hurt but the volunteer firemen got pretty warm salvaging the contents of the house. The house stood very close to Mill creek and if the fire had been discovered sooner might have been saved by the abundance of water close by. It is a great blow to both Mr. and Mrs. Wade who are well advanced in years and who may find it harder to replace their home comforts than people who are younger.

The cherry trees in this vicinity are nearly open. Apricots are beginning to blossom and it will only be a few days until the cherries are blooming.

The Baptist young people had a very enjoyable party at the L. D. S. community hall Monday evening. About 25 young people were out and the evening was spent in playing games. Refreshments were served.

Mrs. Joseph Fisher entertained her Sunday school class at her home west of town Tuesday evening. They practiced some Easter music and spent a pleasant social evening.

Mr. and Mrs. R. D. Monahan, of Freewater, came over Tuesday. They were guests of Mr. and Mrs. T. C. Hefty. Mr. Monahan is commission man for an Eastern firm and is looking over the fruit situation.

Mr. and Mrs. Bernard Orton and family have moved down town. They have been living on Mrs. E. Wardell's place east of town.

Mrs. Ruth Springer, teacher of the fifth and sixth grades, reports the pupils ranking best in a recent test. For the fifth grade Gale Mills ranked first, Ruth McNeill second, Lewis Hallmark third, Bertha White fourth, Helen Lloyd, fifth and Robert Witty sixth, with only a slight difference between first and sixth. The sixth grade, Velma Mae Richards, first, Billy Duncan, Phyllis Hancock, Melvina Land, Lena Bristow and Van Robinson.
