### HOMERS FAIL TO WIN FOR DUCKS

Los Angeles Makes it Four Straight Over Portland League Team.

**SAN FRANCISCO, Apr. 12 (AP)**—The Portland club of the Pacific coast baseball league is having a hard time getting started. At least the standards today, after four of the new season, an inning of the Ducks had a chance today to break into the win column, until the Angel slingers, a home in the ninth to take the contest, 4 to 1, and the despite Ken Williams' two homers for the Portlanders.

The Angels required 11 innings at Oakland to trim the Hollywood Stars 5 to 1. The Ducks need five pitchers and the stars three. Each team has won two games in the initial series.

The Seattle muffed two chances today to break into the win column by failing to put over runs at critical moments in the eighth and ninth frames when they had lower ball with none out. A homer by Almonds in the fifth secured three ahead of his mound but the game on for the Indians, 3 to 1.

The San Francisco Mission lost which enjoyed a workout at Hayward and took the Senators down the line in a 10-16-3. The Indians had little difficulty in feet California.

holding the left handed offerings of Vial, who was pitched by Manager Huddy Ryan in the fourth after he had been pitched on seven games.

At Los Angeles—E. H. E. Portland 5 10 2  
Los Angeles 6 11 1

### HUSKIES DEFEAT CALIFORNIA CREW

Washington Teams Make Clean Sweep in Contest Friday Afternoon.

By Frank G. George  
Lanterned from Sports Editor  
SEATTLE, Apr. 12 (AP)—A rowing challenge was started at the prospective participants in the coming national championship regatta from the wind-lashed waters of Lake Washington were yesterday when the Friday crew of Washington Huskies scored a clean sweep in the three races of the annual California-Washington crew event.

A crowd estimated at nearly 20,000 persons witnessed probably the most thrilling crew race of their lives when the northern Huskies, in a sleek, cream colored sport model shell which was named the "Ray Streak," just a day before the big event, scored out the California team by five feet in a hot silent superhuman drive. It was a heart breaking race for the Californians as they had held the upper hand all the way down the long three mile course until the final 200 yard spurt of the Washington veterans.

**Easy Victories**  
Although wholly unexpected the Huskies easily carried off the quarter-mile and half-mile races. The Washington jays' shell triumphed the four-quarter mile and the half-mile races. The Huskies' "Ray Streak" triumphed the California crew by seven and one-half minutes. The junior varsity crew was over the three-mile course in a strong head wind resulting times were very slow compared with the Lake Washington records. The Washington crew easily sailed through the choppy water in 17 minutes 46 seconds compared with the record of 25:53 established in 1919. California covered the distance in only one-fifth of a second slower. Washington's junior varsity turned the trick in 1927 and California in 1914. The Huskies' freshman team was clocked in 12:15.

The blue ribbon event, the varsity race for Pacific coast supremacy, was a neck and neck battle from start to finish with the California boat setting the pace. The Huskies captured a quarter length lead at the start and held it most of the time. Washington challenged the lead three times when they sought to catch the California "Ray Streak," but the Huskies retorted with stiffer drives each time to capture their advantage again.

The grueling race was won in the last 200 yards when Washington's crew managed to stroke for a minute to catch the California boat. The Huskies' crew then forged into the slight lead which was not enough for victory. California headed the race to 18 seconds a half mile from the finish mark and did not have any more when the famous four team was swayed by California's Jimmy Moran, which was the signal for the big spurt. It was he who drove the "Ray Streak" to the victory and the "Ray Streak" was the Washington's first varsity victory in the last four years.

### BACK IN UNIFORM AGAIN

Ed Moeller, famous discus thrower of the University of Oregon, again has donned his spring uniform. Ed has been out for several months with a broken elbow, received in a collision last winter when a boat sled he was riding crashed into a telephone pole. Ed was the first man to toss the discus over the 100-foot mark. He hopes to break the new world record this year.

### American Guides Cambridge Crew To Thames Win

**PUNNY-ON-THAMES**, England, Apr. 12 (AP)—Sweered by a little American, Robert F. Swartz, of New York, Cambridge today scored its two-length victory over Oxford in the eighty-second rowing of their historic boat race on the Thames.

It was the first time that an American had ever stayed a shell in the famous event and also was the first time that an American had earned a place in the Cambridge boat.

By today's victory Cambridge became one-up on Oxford, breaking the tie of forty victories each and one demiback which had been entered on the rowing books ever since 1829 when the great event first was held.

It was a proud moment for the young American crewman of the Cambridge crew when the shell of the three-quarter mark. After Oxford had been leading most of the way and then finished strongly in 15 minutes, 15 seconds. The record for the race is 13 minutes, 25 seconds, made by Oxford in 1911.

The historic event was witnessed by the usual huge throng lining both banks of the river and on craft along the race-course, their spirits undampened by a light rain which came up before the race started.

It was raining hard as the race progressed and the riverside was slick with mud.

It was one of the hardest fought races that these ancient rivals have ever known. Oxford had an advantage of the Surrey Station on the course giving a shorter distance to row and slight protection from the wind, of which they took full advantage from the start. At the three mile mark they had increased slightly their quarter length lead, despite repeated spurts by the light blue crew.

### COMMITTEE HAS NOT SCRATCHED SURFACE, CLAIM

(Continued from Page One)

the bill on the floor of the house," he continued.

"The lobbying activities of this company included every bit and kind of lobbying that is often told in fiction. There wasn't a thing with which men may be tempted that wasn't invoked to make friends for their bill."

"Thousands of innocent investors were lured to buy land from the Muscle Shoals. People who sunk their money there are now being canvassed and told that their investments depend on the Cynamid bill going through."

"They in turn naturally became excited and write letters about this bill. As a matter of fact, if the Cynamid bill would pass there would be less men employed on the project than under any other proposition."

"If there is any attempt to revise the Cynamid bill, I predict it will be the biggest national scandal ever broken in Washington and will be so far reaching that it will affect both political parties."

**A GUARANTEE THAT GIVES YOU REAL PROTECTION. AND CUTS THE COST OF YOUR TIRE MILEAGE**

**WE GUARANTEE KELLY-SPRINGFIELD AND KELLY BUCKEYE TIRES FOR ONE YEAR AGAINST EVERY ROAD HAZARD.**

The average tire run under favorable conditions will give satisfactory mileage. But every motorist knows it is not ordinary wear that in many cases causes tires to break down or wear out before their allotted time. Stone bruises, cuts, damage by accident and a host of other hazards take a large percentage off the wearing qualities of a tire, all of which, in most cases, are not covered by the average mileage guarantee.

We honestly believe there is no guarantee that gives the motorist more protection and assurance of more miles per dollar than the Guarantee Bond which we give with the purchase of every Kelly-Springfield or Kelly Buckeye tire. This guarantee protects the user for one full year against every road hazard, and means that any injury to the tire caused by stone bruises, cut, damage by accident, negligence, wheel alignment and so forth is repaired by us free of charge and without cost to the user.

In case a tire is damaged beyond repair, adjustment is made, not on miles covered, but on time the tire has been in use. Drive your Kellys any number of miles you may, you are unconditionally protected for one year. Kelly heavy duty tires are guaranteed in a like manner for eighteen months against all injury.

**RIDE ON YOUR CREDIT**

The lack of ready cash need not prevent you from riding on Kelly's. Our credit plan which enables you to pay as you ride calls for only a small payment at the time of purchase, the balance can be taken care of in reasonable weekly or monthly installments just as you are paid.

You'll get more satisfaction from good tires bought on time than you will from cheap, inferior ones for which you've paid cash. Drop in and see us.

**Cubs, Athletics Selected to Win By The Experts**

By Alan Gumbel  
Associated Press Sports Editor  
NEW YORK, Apr. 12 (AP)—To support the theory that baseball fans have given the Chicago Cubs as big a vote of confidence in the forthcoming national league race as they did the Athletics in the American league game.

The results of the fourth annual association press convention, compiled today from the opinions of more than three score major league baseball writers and sports editors, who were overwhelmingly in favor of the Cubs to repeat.

In the American league, the remaining five votes for first place went to the Yankees. In the National, the Pittsburgh Pirates have nine votes for first place (all cast before Grimes was traded) while St. Louis gets two and the New York Giants one.

**Spit is a horrid word, but it is worse on the end of your cigar**

**North East South West**

**... the war against Spitting is a crusade of decency ... join it. Smoke CERTIFIED CREMO!**

The spitter is a beast. The law says "NO!" to his vile and vicious habit. But, for every spitter caught, there are hundreds who escape... hundreds who still roll cigars with filthy fingers—and spit on the ends! It is a fact that more than half of all cigars made in this country are still made by hand, and therefore subject to the risk of spit!

Certified Cremo protects you against this abomination! Every tobacco leaf entering the clean, sunny Certified Cremo factories is scientifically treated by methods developed by the United States Government during the war. And its purity is safeguarded along every step of the way by amazing inventions that foil, wrap and tip the cigars without the possibility of spit!

Try a Certified Cremo—see how wonderfully good it is! Made of the choicest, tenderest leaves that the crop affords, we claim Certified Cremo's quality is tastier than that of any other cigar. Don't let its 5c price stand in your way. Your physician has in mind a cigar like Certified Cremo when he recommends a mild smoke in place of heavy brands.

Crush-proof... immaculate... foil-wrapped... Certified Cremo is the kind of cigar the late Vice-President Marshall undoubtedly was thinking of when he said: "What this country needs is a good 5c cigar!"
