LIGHT VOTE BEING CAST OVER STATE

(Continued from Page One)

democrat. Fourteen had voted at the court house, 16 at precinct No. 6 and 15 at precinct No. 7.

Static Vote Light

Reports from over the state also indicate a light vote today.

though this early it is impossible to arrive at an accurate estimate of what percentage of legal voters are going to the polls.

As in the past, The Observer will receive returns this evening, both from county and state, and as soon as a definite trend is established, will issue an election night extra.

The Associated Press report will be received by The Observer until about 1 o'clock tomorrow morning.

VOTE LIGHT OVER STATE

By the Associated Press

True to previous predictions that the apathetic attitude of the Oregon electorate would be reflected in the primaries today, scattered reports from various state localities indicated that the vote might run below the 40 per cent mark.

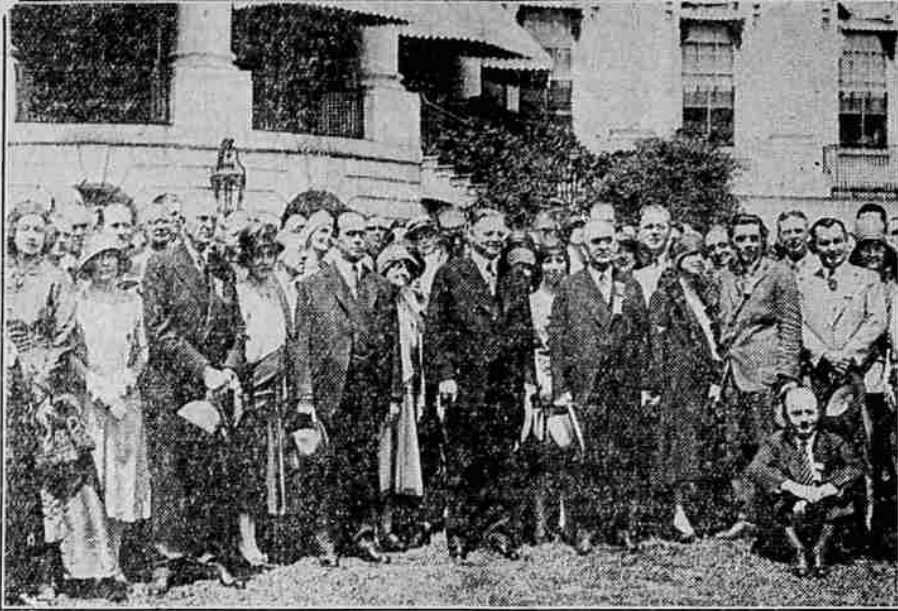

Figures compiled by the Associated Press from various state points up to 1 o'clock were qualified by the knowledge that inclement weather existed in some localities, while in the larger centers of population the working man's vote would be cast not until after 5 o'clock tonight.

Voting was extremely light in Eugene and Lane county up to noon, many of the precincts reporting that only eight per cent of the persons registered had voted.

This percentage was expected to increase greatly in the afternoon and evening. Lane county probably will have a 35 per cent vote of its registration.

Voters in the rural sections of Josephine county went to the polls early. A heavy vote was registered before 10 o'clock. This was explained by the fact that a circus parade was scheduled to make its appearance on the Grants Pass

streets. The city vote, however, was light.

274 Vote at Baker by 11:30. At 11:30 o'clock today four central precincts at Baker showed 274 votes cast out of a registration of 3069.

Early voting in Medford and Jackson county was light, the only interest being shown in the selection for a site for the county courthouse.

SALEM VOTE HEAVY

SALEM, Ore., May 16 (AP) — Their interest stimulated by heated local contests, including a proposal that the city bond itself for \$1,200,000 for the purchase of the city water system, 59 per cent of the registered voters in Salem will cast ballots during the day.

A survey of the vote cast up to 12 o'clock, noon, indicated.

PRAISES NAVAL TREATY

PORTLAND, Ore., May 16 (AP) — Katsuhiko Dehuchi, Japanese ambassador to the United States, who arrived here yesterday on a four-day visit, today lauded the London naval conference as a "guaranty of world peace."

The ambassador, accompanied by Mrs. Dehuchi, said that the conference removed two sources of international misunderstanding between Japan and the United States — business competition and naval competition.

RETURN TO STAGE

NEW YORK, May 16 (AP) — Maud Adams, after a retirement of twelve years, will return to the stage in the fall.

Her vehicle, said an announcement by the A. L. Erlanger Amusement Enterprises, Inc., will be "A modern romantic comedy now in progress of completion by a well known American playwright."

LEASING INTEREST IN PAPER

SALEM, Ore., May 16 (AP) — Rodney W. Alden, telegraph editor of the Oregon Statesman, has leased a half interest in the Woodburn Independent from Herbert L. Gill, who has been editor of the paper for 25 years.

Alden also gets an option to buy. He will become editor of the weekly newspaper and Wayne Gill will continue as business manager. The change is effective June 1.

AMY ROBS OFF

BANGKOK, Burma, May 16 (AP) — Miss Amy Johnson, British aviator, started from here at 10:20 a. m. in continuation of her flight from Crofton, England to Australia.

Rain was falling heavily as she took off. Three thousand miles yet remain to her journey.

British Novelist Passes In Paris

PARIS, May 16 (AP) — The pen which created "The Beloved Vagabond" today was still in the hands of William J. Locke, eminent British novelist, died at his home here at 9:25 p. m. last night after a long illness. He was 67.

His adopted daughter, Sheila Locke, who forsake her own parents to live with him, was at the writer's bedside.

His body will be taken to England for burial.

Among his best known novels were "Peregrina" and "The Beloved Vagabond."

SAVAGE YIELDS FORTUNE TO THIRTY INDUSTRIES

WASHINGTON (AP) — The practice of theft by American industry, nets at least \$75,000,000, according to the department of commerce, through the salvaging of material from scrapheaps and refuse containers.

The bureau of mines of the department estimates that half a billion dollars is saved through reclaiming scrap iron and steel and an additional quarter of a billion is gained through reclaiming other common metals.

The salvaging of waste is an industry in itself, according to J. P. Dunlop of the bureau although not recognized as such and is an important factor in the supply of raw material and helps to reduce the cost of many products.

Poultry Prices Reduced; Meats Show Advance

PORTLAND, Ore., May 16 (AP) — Because of accumulating supplies, poultry of all kinds has undergone material price reductions, according to announcement of leading produce company. Country meats, on the other hand, have advanced, except for mutton, which has declined from 10-12 to 7-8.

Veal, pork and lamb are from 1/2 to 1c higher. Eggs and butter are barely steady in the face of increasing receipts.

Reviewing the fruit and vegetable situation, the Portland bureau of the U. S. department of agriculture says: "Continued cool damp weather has resulted in much slower consumer demand for strawberries and asparagus, also for tomatoes and cucumbers. Although supplies of these commodities are not heavy, trading is at a slack and prices are a shade weaker today."

"Local lettuce is more plentiful, quality varies widely, and much stock is very lumpy. Crates of three dozen heads sold to retailers at \$1.50-\$1.75, the lower price prevailing on later sales."

"Peas and green beans are steady. Demand for beans has been somewhat due to poor to ordinary quality of many California receipts. The Dulles is shipping a few peas, and local peas will follow shortly."

"Oregon's anticipated advantage of two to three weeks over the Puget Sound district, in date of strawberry maturity, has nearly disappeared, due to continued cold weather in this state, and warm weather in the Sound district. Some strawberries at The Banks and other Oregon districts are tending to rot on the vines, without ripening. Considerable loss is threatened, unless warmth and sunshine arrive soon."

Speculative Apathy Rules The Market

NEW YORK, May 16 (AP) — The stock market virtually surrendered itself to speculative apathy today and Wall Street was left to comb the business news and statistical studies for signs and developments that might cause a market awakening. Trading crept forward at a snail's pace, and price changes were largely negligible.

The close was steady. Sales approximated 1,900,000 shares.

WOOL REPORT

BOSTON, May 16 (AP) — The Commercial Bulletin of Boston will say tomorrow: "With the strong opening of the London Colonial wool auctions and firmer prices in Australia, the domestic wool trade is inclined to view the future with more optimism, especially in view of the action of the American Woolen company in advancing prices on certain important numbers."

"Prices in the local market, however, have shown little change for the week. Efforts to advance prices have met with the stiffest resistance from manufacturers generally."

"In the west, there is a steady buying movement for the most part. Prices have been somewhat irregular, being higher in certain localities and lower in others. Dealers have secured, it is estimated, close to 50,000,000 pounds while the cooperatives claim 70,000,000. The Ohio co-operative finally has decided to withdraw from the National Wool Market corporation. It handled about 4,000,000 pounds last year."

"Mohair is still slow with prices hardly changed for the week."

The Bulletin will publish the following quotations:

Scoured basis: Oregon; fine and f. m. staple 75-76; fine and f. m. Fr. combing 70-73; fine and f. m. clothing 65-66; valley No. 1, 65-70. Mohair: Oregon 38-40. Domestic grading, first combing 50-52; good carling 34-35.
