

## TIME SAVING PLAN MEETS OPPOSITION

Some Places Returning to Standard Time, Including the Theaters.

## EATING HOUSES' HOURS LONGER

No Organized Movement to Repeal Action, But May be Protested at Commission Tonight.

As it enters the third day in La Grande, daylight saving time has grown rather than decreased in confusion, according to general reports over the city. Since Monday a number of places have returned to standard time, and several—particularly those who were concerned with interstate and inter-city trade and travel—never adopted the daylight time plan.

## La Grande May Bid For O.-W. Meet Next Year

Intercity Events Sunday Gives Impetus to Plan—System Meet Might be Obtained Later.

As a result of the Portland-La Grande O.-W. athletic club meet here last Sunday, sentiment in La Grande is favoring an attempt to secure the 1931 unit elimination track meet, with the possibility that later a bid will be entered for the United Pacific system meet.

The unit elimination meet would bring about 200 contestants to this city probably during the month of July next year if it can be secured. The La Grande plan favors a grouping of all of the contests for the one day, rather than having them more or less scattered, as they are at present.

## Dr. M. K. Hall Passes Away In Portland Today

Dr. M. K. Hall, about 59 years of age, passed away this morning in the Troop Dome and other offices, was approved by the senate yesterday after his previous selection by President Hoover for the vacancy on the U. S. supreme court. He is expected to take office shortly.

## Storm Sweeping Coast Barely Hits La Grande

A storm that whipped the coast and a large section of the interior yesterday, and swept the coast, barely touched La Grande yesterday and last night, although there was some wind and a precipitation of about eight-hundredths of an inch.

## Wheat Today

CHICAGO, May 21 (AP)—Despite transient setbacks owing to increased offerings from the southwest at times, the wheat market here averaged higher today. Some of the buying that accompanied advances in price was credited to the influence of traders who were active in expressing themselves as "bullish on the United States" and on contending that declines in commodity prices are unjustified by the actual economic outlook.

## Wheat Control Is Favored by Group

BOSTON, May 21 (AP)—The American Unitarian association was reported today giving its approval to birth control. A resolution recommending to Unitarian churches and their members that they consider "the fundamental social, economic and eugenic importance of birth control, to the end that they may support all reasonable efforts in their communities for the promotion of the birth control movement" was adopted almost unanimously here at the 16th annual meeting.

## Mother, 92, With Third Contingent To Visit Europe

Oakland, California Gold Star Mother Tired of Doctors—All of Them Wanted her Pulse.

NEW YORK, May 21 (AP)—It was with a sigh of relief that Mrs. Elizabeth G. Hutchins, 92 years old, went aboard the steamship George Washington today to sail for France with the third contingent of 262 Gold Star Mothers.

Mrs. Hutchins was all tired and not tired of having her pulse taken from the effects of her five-day trip across the country from her home in Oakland, Cal.

"It's the doctors," she said. "They won't leave me alone. Think I'm too old to go to France—I, who still earn my living by running a rooming house out in Oakland—and they keep pestering the life out of me."

"All the way across the continent they kept hopping onto the train and wanting to take my pulse. I suppose people in Oakland wired ahead to them, and they meant well. And I tried to be nice and polite about it."

"I only refused once. That was in Logansport, Ind. But you do not dread of having your pulse taken all the time. It's made me wonder, if after all, maybe, I'm too old to travel."

Mrs. Hutchins, who besides being a Gold Star Mother is also a member of an organization formed nearly 70 years ago by young women who wanted to knit socks for the Union soldiers in the Civil war, is en route to France to visit the grave of her stepson, Creighton Hutchins.

All Her Children Dead  
Her own children are all dead. It was her stepson, Creighton Hutchins, who was killed in action in France. Her son, Willis N. Mills, was chief assistant to the attorney general in the administrations of Roosevelt, Taft and Wilson. Her son, Willis N. Mills, Jr., a New York architect, met her on her arrival here. And in Paris she will be met by her son-in-law, Charles De Vidal Hunt, a newspaper man.

More than 70 years ago, Mrs. Hutchins then a young teacher in Illinois, met Abraham Lincoln. "There was a fair at Freeport, Ill.," she said, "and they were demonstrating a steam plow that was the wonder of the west. He came up from Springfield to see it and I met him there through some mutual friends. With these same people I saw him later in."

## Japan Considers Report of Naval Limitation Plan

TOKYO, May 21 (AP)—The cabinet today heard the full report of Admiral Takarabe, minister of the navy, on the London conference and discussed the problem of ratifying the treaty, in which the navy general staff's opposition is authoritatively understood to be subsiding.

Admiral Kato, chief of the navy general staff, this morning visited the home of Lieutenant Commander Eiji Kusakari, who committed suicide Monday. Kato burned incense before Kusakari's coffin. Kusakari said to have been a favored subordinate of Admiral Kato.

Navy authorities told newspapermen today that there had been no direct connection between the suicide and Kusakari's attitude toward the London treaty. "Indignation" over Japan's naval position was given yesterday by the newspaper press as the cause of the har-kiri.

It was generally believed that Kusakari was temporarily deranged as the result of overwork. WASHINGTON, May 21 (AP)—President Hoover gave word today that he wanted the London naval treaty disposed of by the senate before adjournment.

WASHINGTON, May 21 (AP)—University of Washington coeds want to do their smoking without restriction. Miss Elizabeth Kelly, chairman of the women's standards committee on the campus today petitioned Mrs. Edith Morton, acting dean of women to eliminate an order saying that "women shall not smoke on the campus in societies housed or anywhere that they would make themselves conspicuous."

Mrs. Morton's rule on the petition tomorrow, she said.

## DAVIS LEADS GRUNDY FOR NOMINATION

Secretary of Labor Has Majority Over Senator and Bohlen.

PINCHOT TRAILS IN GOVERNOR RACE

WARREN E. GREEN NOMINATED BY SOUTH DAKOTA REPUBLICANS—Blanton Carrying Texas.

WASHINGTON, May 21 (AP)—Returning to Washington today, Secretary Davis hailed the result of the senatorial primary in Pennsylvania as "a triumph for decency in politics."

Asked when he would resign as secretary of labor, to assume actively his role as republican senatorial nominee, he replied: "I shall first write my annual report."

The annual reports of cabinet officers are written after the fiscal year ends June 30.

PHILADELPHIA, May 21 (AP)—The lead of the republican nomination for United States senate grew today while that of Francis Shunk Brown, his running mate for governor, was being cut by additional returns from interior counties in yesterday's primary.

Tabulation of 6449 districts out of 8701 in the state showed Davis to be leading United States Senator Joseph R. Grundy by 297,955 votes. Brown's lead of more than 180,000 received in the city of Philadelphia had shrunk to 55,121.

All of the Bryn-Davink strongholds of Philadelphia and two-thirds of Allegheny county were included in the totals which gave Davis 531,335 and Bohlen, the wet candidate, 195,164.

Pinchot Second  
For governor 6805 districts gave Brown 536,806; Pinchot 493,677 and Phillips, running mate of Bohlen, 299,705.

Of the districts remaining to be tabulated approximately 400 were in Allegheny county in which the city of Pittsburgh is located, and the remainder were scattered through territory which generally gave Pinchot and Grundy heavy majorities.

W. E. GREEN NOMINATED  
PHILADELPHIA, Pa., May 21 (AP)—Warren E. Green of Hazel, who placed first in a field of five candidates in the state primaries two weeks ago, today was the republican candidate for governor. He will oppose D. A. McCullough of Sioux Falls, democrat, in the November election.

Green was nominated last night by the state convention after a heated fight which deposed a woman candidate who placed first in the primaries—Miss Gladys Pyle, secretary of state—and three others.

Miss Pyle led a field of five in
