## RHEUMATIC PAINS ARE PUT TO ROUT

"Indigestion and an acid condition of the stomach for years brought on frequent headaches and bilious attacks. My appetite was

MRS. CLARENCE E. LAMPHIER poor, my liver was inactive and a terrible rheumatic condition developed in my right knee and my knee and foot were badly swollen. Sargon gave me a fine appetite, and I eat whatever I want without distress of any kind. The rheumatic condition has disappeared and I feel like a different person. "Sargon Pills put my liver to work, relieved me of biliousness and headaches and regulated my entire system."—Mrs. Clarence E. Lamphier, 1523 Pawcett St., Tacoma. Red Cross drug store, agents—Ady.

## SUGAR SUPPLIES CALORIES AT THE LOWEST PRICE

Few Foods Return Such High Caloric Value for the Money

Sugar is an inexpensive food. Compared with butter, bacon, macaroni, bread, meats, milk, green vegetables and fresh fruits, sugar supplies the system with far more calories for each cent spent than the same amount expended on any of the rest of the products named.

This fact is significant because the average system requires approximately 3000 calories daily. Of this amount, sixty per cent should be derived from the carbohydrate group of foods to which sugar belongs.

To get the full value of sugar the housewife should consider it in relation to all the foods she chooses for her table. The most inexpensive balanced meal can be made satisfying and complete by a sweet dessert. Canned vegetables, as well as fresh ones, can be much improved in taste appeal if a dash of sugar to a pinch of salt is added while she is cooking. Breakfast cereals and stewed dried fruits have added goodness when sugar is added.

Doctors and dietitians approve the use of sugar in making essential foods tasty. For these foods contain vitamins, minerals and roughage — all of which are needed by the system. Good food promotes good health. The Sugar Institute.
