Artificial Lake Would Cover The Town of Kerby

CRANTS PASS, Ore., May 28.—Creation of a lake 12 miles long by two miles wide with the town of Kerby on the Redwood highway under 100 feet of water at the northern end would be the result if H. W. Myers and C. H. Lee, of Oakland, Cal., engineers, succeed in building the immense reservoir. The engineers have applied to the Federal power commission for permission to construct a tunnel and a string of five dams on the Rogue river. They announced they have succeeded in financing their project for \$25,000,000 with the resultant 200,000 horsepower of electrical energy to be used for the operation of an electrical railroad from here to Crescent City, various

copper mines, cement plants and pulp mills in Josephine, Jackson and Curry counties, Oregon and Del Norte county, California. The Federal power commission began publication of a legal notice yesterday in the Courier that the power permit applications had been filed in Josephine and Curry counties and calling for protests or requests for hearings. The proposed Lake Kerby would cover about 15 miles of the Redwood highway in Oregon. It would begin with a dam against the western shoulder of Eight Dollar mountain and extend southeast to Spoons school and south to O'Brien in two arms about two miles wide. An average of 175 crippled children are being treated at all times in the Oklahoma state hospital. An order to kill bluejays in park at Dinosaur, Okla., started a controversy between the citizens.

MODEST MAIDENS

"So, we each have a ring from Freddy? Him, a very engaging young man!"

WINS HONOR AGAIN SALEM, Ore., May 28 (AP)—For the third successive year E. G. Kuensling, of Woodburn, won the Marion County Bankers' association trophy for the grand champion female cow exhibited at the Marion county Jersey show here yesterday. A daughter of the cow that won the two preceding times was the winner. This gives permanent possession of the cup to Kuensling. For the grand champion male permanent possession of the bankers' trophy went to Samuel Torvend, of Stillwater. O. M. Plummer, of Portland, manager of the Pacific International livestock exposition, was a guest of the show. A seed catch of more than 200,000 brightened the commercial outlook in Newfoundland. Output of Missouri coal mines in 1929 increased half a million tons over 1925.

"LAST MAN" WILL TOAST COMRADES

Only One Member of Club Remains to Drink to the men of '61.

STILLWATER, Minn. (AP)—The camp fire smolders—ashes fall; The clouds are black against the sky; No tap of drums, no bugle call; My comrades, all, good-bye. Standing alone among 21 empty chairs, blackdraped, about a wearily festive table, a tired old man, prideless winner of a race against death, will recite the above toast here on July 1. He will act the final dramatic chapter of a tale of young and rollicking fighting men who 45 years ago formed the now famous "Last Man's club" of civil war veterans. A sip of vinegar that was once good, bright Burgundy—the bond will have been fulfilled and the "Last Man's club" will have reached its destiny of dissolution. A Jest With Death The grim plan was laid in 1885, ironically, with jest and song and a toast of red wine. Charles Lockwood of Chamberlain, S. D., is now the last man, He is 87. The old, musty ball-room of the Sawyer House, once the pride of Stillwater, will be opened for the event, its cracked walls covered with flags, although it has been closed for many years. "To my comrades," Lockwood will address his toast. Comrades they were! The 34 were the survivors of a company of young men who answered President Lincoln's first call for volunteers. They left the same ball-room, then in the zenith of its glimmering glory, after a night of dancing, to go to war in 1861. Bull Run Takes Half Half of them fell at Bull Run. Gettysburg took more. There were only 34 when, on the anniversary of Bull Run in 1885, they met again at dinner in the Sawyer House ball-room. The dinner became a bit grave. Who it was that stood up to propose that the bottle of Burgundy in the middle of the table be set aside to be drunk as a toast by the last of them all to live has been kept secret. With laughter, cheers and shouts the suggestion was adopted. Each year since they have met in the old ball-room. But as chair after chair began to be draped in black, the re-unions became more solemn. Finally only a dozen remained, then nine, then only five. In 1928 and 1929, only three met. Two of these died since, John Goff, next to the last, in April of this year. Charley Lockwood attended Goff's funeral, then went home to Chamberlain to rest for his last pilgrimage on July 21.
