When Approaching Children Drive As If They Were Yours Is Urged

When approaching children drive as if they were yours. Realizing that with the closing of the schools for the summer vacation period greater numbers of children will frequent streets and highways, the Oregon State Motor association committee on public safety will stress the fact, during July, that too often the price of motoring is the life of a small child.

The committee has issued this warning:

"The beautiful, sunshiny days of spring and summer are the unending heralds of daily traffic tragedies. Thousands of small children who have no safe place for play are forced into the streets. They are used as playgrounds, but whether it is right or not, the street will continue to be utilized as a playground as long as cities are crowded and play space continues to be inadequate.

"If motoring is to continue to be a source of unalloyed pleasure, every motorist must pledge himself to drive with care, particularly where children are at play. Driving with care perhaps may mean going more slowly than one desires, but it is what one would want another motorist to do if his own child were to dart before an automobile."

The first ten days of the month will be devoted to education of the motorist to the fact that he must not depend on legislation and forget the personal responsibility which, after all, must be the greatest factor in safe driving. The message will be broadcast through the medium of radio stations, moving picture theaters, street car posters, service clubs and the press.

There is no substitute for the Golden Rule as the ideal of human behavior and nowhere is the constant application of that rule more necessary than at the wheel of an automobile.

Practice courtesy, urges the com-

mittee, and respect the rights of others. The acceptance of full personal responsibility by all users of the road will do much to solve our problem of street and highway safety and is the surest way of preventing punitive and restrictive legislation.

LOAF, JIG AND GIMMIE ARE STOWAWAY OUTFIT

AUGSBURG, Germany (AP)—A loaf of bread, a jug of mineral water and a gimlet beside me in the packing case," sang Konrad Koellig as he shipped himself to Chicago, which was "paradise" for him.

The outfit was labeled "Chemical Laboratory, Glassware, With Care," but it got only as far as Hamburg. Three impudic police pried off the lid.

Koellig explained that with the gimlet he had planned to bore air holes after his box was safely stowed in the hold of some steamship.

FRENCH REVIVE PLAN FOR SEA LINK CANAL

PARIS (AP)—A sea to sea canal, 234 miles across southern France, planned 50 years ago, again is up for discussion because of the recent disastrous floods from Montauban to Bordeaux.

The old plan, approved by engineers, would remove all flood dangers, its supporters say, and attract half the shipping that now flows through the Strait of Gibraltar.

It would cost several hundred millions of dollars to dig the wide channel and build the dozen locks needed, but, it is asserted, would be ample to amortize the cost.

The original scheme, presented to parliament a half century ago, called for a canal, 120 feet wide and 24 feet deep, which might be used by vessels up to 5,000 tons.

RUTH AND ALICE LEADING HITTERS

Younger American League's Out of Race—Mahahey Wins for A's.

By Hugh S. Fullerton Jr. (Associated Press Sports Writer)

The younger hitters of the American league haven't much chance to make names for themselves as long as those two old timers, George Herman Ruth and Edgar Charles Rice, continue to hit at their present rates. The Babe and Old Sam have almost a monopoly on the league's batting leadership, with Rice holding the highest honors.

Rice, a veteran of some 35 summers, 14 of them spent playing baseball for Washington, has made a record for consistent hitting this season that no younger rival has ever threatened. The Senators have played 45 games so far; Rice has taken part in 44 of them; and only once has he failed to get at least one hit. Sam connected safely in 28 consecutive games before his streak was broken. Rice leads the league's hitters with a current average of .301.

Rain Delays Game

Rice had no chance to continue his hitting streak yesterday, nor did his rivals do much hitting as wet grounds caused the postponement of two American league games while the pair that were played produced few hits compared to the totals that have been piled up in some recent games.

Joe Sewell, of Cleveland, and Tony Secretary, of the Boston Red Sox, had perfect days with three and four hits respectively as the Indians gained a 3 to 4 victory over Boston.

Mahahey Is Victor

The blows of the Philadelphia Athletics and St. Louis Browns were pretty well distributed in the 5 to 4 triumph of the world's champions. The winning pitcher, Ray Mahahey, contributed a home run to his victory.

Denny Southern, of the Philadelphia Nationals, turned in the best batting feat of the day to help the Phillies to a 14 to 15 victory over the Cincinnati Reds. In five times at bat, he hit five times and scored five runs. Four of his hits were doubles, equalling an all-time major league record set on July 3, 1883, by Pop Alton and Abner Doubleday of the Chicago Nationals.

Giants Move Higher

The New York Giants hit 17 times, ten of the blows being directed between Critz, Leach and Terry, and defeated the St. Louis Cardinals, 10 to 7, to move into a three-way tie in games with the Cubs and Pittsburgh for third place in the National league. Pittsburgh gained the post by a one point margin, defeating the Boston Braves, 4 to 3. A ninth inning homer by Adam Comorosky gave the Pirates the game after Al Root's four bager had tied the score in the seventh.

Chicago's Cubs scored their ninth successive victory at the expense of the Brooklyn Dodgers and Dugy Vance, 13 to 9, and cut the Robins' lead from two games to one. Charley Root held Brooklyn to two singles while the Cubs were getting ten hits off Vance in the six innings he lasted, and a half dozen more from his successor. Vance struck out a man for every hit, but he could not keep Chicago from scoring.

Sacs Build Up Lead by Double Loss Of Angels

By The Associated Press

Relieved by the double defeat of the menacing Angels, Sacramento built up a two game lead in the east standings yesterday by routing Portland, 14 to 2, using Tony Freitas on the mound. Mails had the Sacs controlled until the sixth, when they cut loose and drove him in the showers. Mer-Donald suffered the same sort of treatment and was replaced by Diehl at the opening of the seventh chucker. The Senators got to him for five more runs to leave the Beavers far behind.

Los Angeles' threat which had brought the team to within a half game of first place in the Pacific coast league yesterday, received a two-fold setback yesterday as the Angels lost a doubleheader to Hollywood, 2 to 6 and 10 to 11. San Francisco appeared the day's most aggressive challenger, taking its second straight from the Missions, 11 to 3, and moving into a tie in games with the Angels.

Stars Win at Last

Hollywood broke a long losing streak, taking the first game in a dramatic ninth inning, and going into the seventh to take out a one run margin in the second contest. Oakland evened matters for the week with Seattle, giving veteran Dutch Reuther another setback, 8 to 5. The Indians had a two run lead in the second, and tied the score at three all in the fifth, but the Oaks got to Reuther for five tallies in the seventh and eighth, driving him from the mound to be replaced by Hubbell. Hurst let Seattle down with ten hits to the Angels' fifteen, and kept them well scattered.

ELGIN PLAYS CITY EMPLOYEES HERE SUNDAY

The Elgin baseball team will play in La Grande tomorrow afternoon, facing the City Employees team. A previous meeting of the two clubs at Elgin resulted in a 12 to 10 defeat for the La Granders who are anxious to even up the score.

McCully is to pitch for the City Employees with Gallagher receiving. The remainder of the lineup will be the same as in previous games.

The contest is to begin at 2:30 o'clock at the high school field.

Morgan, Zorilla Battle to Draw

VANCOUVER, B. C., June 7 (AP)—Tod Morgan of Seattle who lost his junior lightweight title to Benny Bass, of Philadelphia last summer, and who at the same time lost the use of his good right hand, hit the comeback trail here last night in a bout with Santiago Zorilla but failed to come through with a victory over the dusky Panamanian.

Favoring his injured hand and suffering from a bad cut over the right eye, which Zorilla opened in the first round, Morgan just barely scraped through to his 15-round draw. Had Zorilla parked a harder wallop in either hand he could have taken the honors.

JOCKEY KILLED

FRESNO, Cal., June 7 (AP)—Charley Merrill, 34, for several seasons a prominent jockey on eastern tracks, is dead, and Philip McKinney, 36, Fresno salesman, was in a critical condition at a Pacific hospital today as the result of injuries received when their car overturned on the Golden State highway near Palare. They were en route to Agua Caliente.

BILLY WELLS KNOCKED OUT BY CHAMPION

OMAHA, Neb., June 7 (AP)—When Billy Wells, former British welterweight king, was knocked out last night in the second round by young Jack Thompson, negro welterweight champion of the world, it was the first time that Wells had ever been counted out in more than ten years of fighting.

The wily veteran was sent down for the count by a terrific overhand right that seemed to come out of nowhere. It landed flush and the British scrapper was counted out with seconds to spare.

Up to the time of the knockout blow, the champion and Wells had waged an even battle. Thompson was fighting his first four since defeating Jackie Fields in Detroit and annexing the title. The title was not at stake, both being over-weight.

Babe Ruth has always had the habit of hitting in streaks with a great deal of abandon.

"When I get hot," he once told me, "I'm like golf." He once told me, "When I get hot," I can't seem to miss 'em. The ball looks as big as a balloon as it comes up to the plate. Then there are other days when I can't hit the broad side of a barn door."

The Babe's recent streak at the expense of the A's pitching was one of his greatest outbursts. He collected eight circuit clouts in six games. Afterwards he remarked: "Well, that evened up for that sock against the loud-speaker in the opening game against the Phillies, as usual, since the world's champions." They turned a home run into a double on me that day."

He has cost the United States over \$1,000 per athlete to send the boys and girls over to the last row of Olympic games in Europe. This can be appreciated the job of the Los Angeles Olympic organization in reducing the cost-per-athlete to around \$400 for Europeans making the voyage and cross-country trip to the California coast. It assures the presence of Europe's best in the main events, where two years ago I heard nothing but pessimism abroad as to the chance of sending anything like a substantial representation to Los Angeles.

The big job for the U. S. A. in general and Los Angeles in particular has been put over by William May Garland, who obtained the award of the games despite a good deal of opposition, and Zerk J. Palmer, general manager of the organizing forces. Palmer took a trunkload of evidence to Berlin to remove any lingering skepticism.

Australia again is to be reckoned with as a power in the Davis Cup tennis world, with a team of youthful tennis stars now in Europe and making a strong impression. They may be the team America will have to beat to gain the Challenge Round against France.

Australia has faced a reconstruction period in tennis much like America's except that it has been of longer duration. The war broke up the great combination of Wladie and Brookes, who won the historic cup from the United States in 1914. The Americans recaptured the trophy in 1920, when Tilden and Johnston successfully invaded the Antipodes. Since then, Australia has sent such stars as Patterson, Anderson and Hawkes to the tennis arena without doing

better than reaching the Challenge Round against the U. S. A. in 1921-22-23. They won only two out of 15 matches.

The Davis Cup has been missed Australia entirely two or three times in recent years but a new generation is taking hold. Australia's present national champion, Edward Moon, lean and lantern-jawed, heads the latest crop, with Jack Crawford, Harry Hoonman and Jim Willard in the supporting cast.

It is still an odds-on proposition that Big Bill Tilden will once more swing his racket for Uncle Sam when the Davis Cup roll is called at Paris later on in the summer.

SUNDAY TO BE BIG DAY FOR TRAPSHOOTERS

SALEM, Ore., June 7 (AP)—With attendance and interest in the 18th annual Oregon state shooting growing apace, Sunday, the last day of the tournament, is expected to bring a large influx of shotgun men and spectators to the Salem trapshooters' club, where the events are being run off.

The championships in the 200 target 16 yard, the 200 target handicap and all around classes will be decided Sunday, with 100 targets in each class being disposed of Saturday.

Friday's firing found P. M. Truch, of Portland, breaking 98 out of 100 to win the Class A, 16 yard event. Class B was won by C. D. Moore, Klamath Falls, who scored 98, while C. H. Woodcock, of Corvallis, with a score of 98 placed first in Class C. W. M. Teckman broke 96 to take the Class D event.

J. A. Thompson, of Hoadgett; E. C. Griffin, Seattle; C. H. Woodcock, Corvallis; G. W. Houston, Klamath Falls; and H. E. Thompson, of Marshfield, divided honors in the first event for the C. H. Preston trophy. George Burkhalter, Hillsboro, won second event for this trophy.

OREGON LIONS TO CONCLUDE MEET TODAY

BEND, Ore., June 7 (AP)—Official business session of the state convention of Oregon Lions started today with 250 men and women attending the first meeting, at which Carl E. Croson, Seattle, international director, was the chief speaker. He arrived from Portland by airplane.

Reports were made by district officers. Lloyd T. Reynolds, Salem, Ore., was one of the speakers today.

A "cowboy" breakfast was served the delegates atop of Lava Butte.

The convention was expected to end today with the selection of the 1931 convention city and the election of officers.

A campaign has been launched by the Oklahoma state plan board to get farmers to use nitro seed.

AMERICAN PLAYER BEATEN

LONDON, June 7 (A)—Sarah Palfrey, young American tennis star from Boston, was beaten in the final of the North London tennis championship today by Elizabeth Ryan, a former Californian living in England. The scores were 6-1, 8-6.

Plan To Make Old Spanish Trail Coast-to-Coast Lane of Flowers

NEW ORLEANS (AP)—The long stretch of the Old Spanish Trail from Florida to California will be a garden of floral and prairie beauty if plans now underway are successful.

Armies of workers sponsored by civic clubs, women's clubs, motor clubs and chambers of commerce have set forth along the historic route to remove the scars of civilization and give a lift to nature.

When the trees, flowers and shrubs have taken root and blossomed out, motorists will travel along a lane of azaleas, wild roses, verbenas, poppies and under the sheltering boughs of silver maples, oaks, sycamores, eucalyptus and royal palms.

Residents along the highway will be encouraged to keep the roadway clean and protect colorful nooks and the wide sweeps of forests. Such a trial, the sponsors believe, will attract thousands of tourists who welcome escapes from bare, unshightly trails.
