MISHAPS MAR KAISER'S DAY AT LAKE KAAGN

AMSTERDAM, Holland, June 19 (AP)—Two accidents which brought injuries to several of his guests and servants marred an outing of the former kaiser, William Hohenzollern, and his family yesterday. One was a boat explosion and the other was an automobile accident.

Wilhelm, with his wife, the Princess Hermine, and about ten members of his household were guests of the Countess Pennewitz in two boats on Lake Kaagn near Leyden, when an explosion occurred on one of the craft.

The boat, not that on which the former kaiser was riding, burst into flames and sank rapidly. The other boat immediately went to the aid of passengers and crew and pulled them aboard.

Three persons were injured, two being members of the former kaiser's household, and the third a mechanic.

In the second accident a motor car in which servants of Wilhelm were traveling between the Hague and Herten overturned and the occupants were slightly injured.

The former kaiser sent an aide to inquire after the sufferers, who were sent to a hospital.

No Immunity For Bishop Cannon From Committee

WASHINGTON, June 19 (AP)—Denouncing as "blatant" any who say Bishop James Cannon, Jr. was granted immunity by the senate lobby committee, Chairman Caraway reported to the senate today on the examination of the Southern Methodist churchman which was climaxed by his refusal to answer questions on his 1928 anti-Smith activities.

The report was a transcript of the questions and answers and refusals to answer. No stand was taken by the committee, which voted just before closing its hearing not to compel the churchman to reply.

Caraway said it had been intimated Cannon had "misappropriated" \$48,000 contributed to the 1928 anti-Smith campaign by E. C. Jameson, New York capitalist. Stipulating that he was not making that charge, the lobby chairman explained the committee had not made a practice of going outside its jurisdiction to report such things.

Vice President Curtis said on the floor that he would take no action toward citing Cannon to Leo A. Rover, United States attorney, for possible contempt proceedings.

He said there was nothing in the report which required any action by him and that he could act only in response to a report from a full committee of the senate. The lobby committee is a subcommittee of the judiciary committee.

F. J. Hagenbarth Explains Orderly Marketing Plan

IDAHO FALLS, Idaho, June 19 (AP)—Assurance was given the agricultural conference in session here today by Frank J. Hagenbarth of Spencer, Idaho, president of the National Wool Growers association that the federal farm marketing act was not a plan for robbing the people to pay the farmer but was a means of orderly marketing the farmers' product.

The address was given before 150 representatives of railroads, business organizations and agricultural sections meeting under the auspices of the agricultural council of the western shippers' advisory boards.

Hagenbarth spoke along with R. E. Shepherd of Jerome, Idaho, chairman of the conference; James Webster, president of the Intermountain Grain Growers, Inc., regional organization operating under the federal farm board to explain the operation of the farm relief measure enacted by congress last year.

Horetofore, Hagenbarth said, in explaining operation of the act as applied to the sheep industry, the farmer and stock man has been the individual but the trend of the organization has come so forcefully in other lines that he is being forced to organize with his fellows to protect himself.

He said the present difficulties in the wool and sheep industry brought about by low prices, did not spell disaster to the industry.

Revelle Denies Receiving Cash From Rum King

SEATTLE, June 19 (AP)—"If McKinney took money from the Olmsted crowd, God help him," was former United States Attorney Thomas P. Revelle's comment on the statement made yesterday in San Francisco by Roy Olmsted, imprisoned rum baron, that he had contributed \$3,000 to Revelle's campaign fund for governor in 1924.

The statement was made at the hearing on the government application to the Rev. Clifford T. McKinney, former assistant United States attorney under Revelle, to Seattle for trial on charges of conspiracy to violate the prohibition act. Olmsted said the money was paid to McKinney as "government insurance" against interference in his liquor running enterprises for the campaign fund.

"If McKinney was writing government insurance or any other kind of insurance, that's his business," Revelle said. "I am not in the insurance business."

He refused to comment further. In an official statement filed after his defeat for the republican gubernatorial nomination, Revelle listed his campaign expenses as \$2,946.90, with the comment: "If I had had more money I would have spent more."

McKinney was indicted with prohibition administrator Roy C. Lyle, his assistant, William H. Whitney and two agents, Whitney, when informed of Olmsted's statements, declared:

"Olmsted is a liar and he knows he's a liar. That is probably the price he is willing to pay for the pardon he thinks he will get. His testimony in another trial contradicts what he said in San Francisco. He must have forgotten that."

"VENISON" IS UNVEILED; WAS MEAT OF GOAT

SALLEM, Ore., June 19 (AP)—Scientific progress in meat inspection has ruined the trade of certain enterprising citizens of Douglas county who in the past have enjoyed a lucrative business in drying out meat and selling it for jerked venison. Dr. W. L. Lytle, state veterinarian, said today. Tests have been evolved which, it is said, show to a certainty whether the meat is goat or deer flesh.

Also it is no longer possible for certain meat dealers in Oregon to mix horse meat with pork or beef sausage and sell it as an undeteriorated product, Lytle said. A favorite trick among some dealers, he said, is to mix in a good-sized percentage of horse meat, particularly in hamburger.

Blake Deadmond, Hutchinson, Kas., youth, started serving a sentence of six months, five hours after he was arrested on a theft charge.

Ends Piles Quick No Salves or Cutting

FIVE AMERICANS ARE LISTED IN HOYLAKE LEADERS (Continued from Page One)

He holed a 15-foot putt at the tenth, one of eight feet at the 11th for a deuce and then missed a three-footer at the 15th.

Visits to rough on three holes coming home cost him five and prevented an even more sensational score for the last nine holes.

Piles are caused by congestion of blood in the lower bowel. Only an internal medicine can remove the cause. That's why salves and cutting fail. HEM-ROID, the prescription of Dr. J. S. Leonard, removes this congestion and strengthens the affected part.

HEM-ROID is now sold by druggists everywhere, and has such a wonderful record of success even in chronic and stubborn cases that Red Cross Drug Store invites every Pile sufferer to try HEM-ROID and guarantees money-back if it does not end all Pile misery.—Adv.
