STRIBLING TO FACE CRITICAL FIGHT TONIGHT

CHICAGO, June 20 (AP)—The battle of postponement between Otto Von Porat and W. L. (Young) Stribling will become a leather-throwing reality in the Chicago stadium tonight.

After several days of anxiety for stadium officials over the condition of Stribling's flighty left hand, only the weighing-in remained to be accomplished before the Southerner and the Norwegian crusher climb into the ring after two postponements, for not more than 10 rounds, and possibly less.

The official weighing ceremony time was shifted from 2 p. m. to 1:15 p. m., the change having been made, the Illinois state athletic commission announced, "to avoid confusion."

Von Porat was expected to come in at 205 pounds, giving him a sizeable advantage over Stribling who will weigh about 190.

The postponement from Wednesday night to tonight, granted Stribling because of troubles with his left hand, apparently had not damaged box office affairs.

Sidney Strotz, president of the stadium corporation, last night was confident the paid attendance of 20,655 persons who saw the Sammy Mandell-Tony Canzoneri lightweight championship bout last August, would be beaten. He figured on more than 21,000, which would produce a gate of around $55,000.

Interest in the bout centered in the prospect of bringing out a challenger for Max Schmeling's N. B. A.-New York state athletic commission world heavyweight championship. Each is after the chance and will be out for a decisive victory.

Harvard's Frosh Crew Trims Yale

REGATTA COURSE, New London, Conn., June 20 (AP)—Harvard's crack freshman crew defeated Yale by three and one half lengths in the opening event of their historic regatta today.

The Crimson crew raced into the lead at the start, maintained a smooth, powerful stroke all the way down the course and won about as it pleased.

Harvard's time for the two miles was 11:02 4-5; Yale's time 11:17 2-5.

Benefiel's Leave Continued a Year

EUGENE, Ore., June 20 (AP)—Because of the extended illness of Jack W. Benefiel, graduate manager of the University of Oregon, the interim committee of the executive council, governing body of student affairs, today had voted to continue his leave of absence during the coming year.

At the same time the committee appointed Hugh E. Rosson, professor of law, as acting graduate manager, it was announced by James C. Dezendorf, chairman of the finance committee and chairman of the interim committee.

In view of the increased scope of affairs, it was decided also at this time to make certain needed additions to the staff.

A. C. Marsters Is Possible Candidate

ROSEBURG, Ore., June 20—(AP)—A. C. Marsters, Roseburg banker, merchant and farmer, endorsed by the Douglas county republican central committee today to succeed the late Senator George W. Joseph as republican nominee for governor, has been a republican leader in the state for 15 years.

He served as mayor of Roseburg and was state senator in 1909.

NEW GANGSTER MURDER FACES CHICAGO COPS

CHICAGO, June 20 (AP)—While efforts were proceeding with a reorganized police department to clear up the assassination of Jake Lingle, Tribune crime reporter, and free Chicago of gang domination, a new gangster slaying came to light today.

Lorenzo Juliano, 40, questioned by police in connection with eight murders and 12 bombings in the last three years, reached the end of the hoodlum trail.

His body was found shot through the breast and wrapped in canvas, in an automobile which had been shunted into a deep clay pit near Blue Island, South Side suburb.

Juliano was said to be involved in the bombings of the homes of United States Senator Charles S. Deneen and of John A. Swanson while candidate for state's attorney, in the tempestuous primary campaign of April, 1928.

Commissioner Alcock's first thrust against liquor activities was directed early today in a raid on the Versailles grill, on the South Side, where a $5,000 stock of whiskey, wines and beer was seized.

The raid was made by a vice squad working directly under Alcock's orders. Three men were arrested.

English Delicacy

Clotted cream is what is known as Devonshire cream in England. It is made by taking rich milk, placing it in a vessel and heating it to 175 degrees Fahrenheit. This will cause the cream to rise to the surface, where it can be skimmed off. In England this is sold in small earthenware jars, and is considered a great delicacy, to be served with fruit or cereal.

From Klamath Fall—
Mrs. C. E. Duffey, of Klamath Falls, is on her way to this city to attend the funeral of her step-father, the late J. T. Harvey.

Lost Girl Scouts Safe In Lone Cabin

YAKIMA, Wash., June 20 (AP)—Yakima's lost Girl Scouts, Evelyn Krautkremer and Marion Converse, who disappeared Tuesday in the Fifes Peak district of the Upper Yakima valley, today were safe at the last crossing ranger station in King county, E. J. Fenby, who was in charge of rangers in the search, reported.

The girls, Fenby's meager report said, stumbled past the cabin at the station and noticed the outdoor telephone and called Ranger Sevin McCulloch, 12 miles away.

Eddy Believes He Has Most Votes

SALEM, Ore., June 20 (AP)—Senator B. L. Eddy, of Roseburg, contender for the presidency of the 1931 state senate, while here today, declined to give figures relative to his pledged vote, but said he was certain he had more pledged support than his opponent, Senator Willard Marks, of Albany.

"I believe I am nearer the required 16 than Marks is," said Eddy. "The situation seems very hopeful."

Eddy is attending a meeting of the interim committee investigating the possibility of better working conditions in the house and senate to avoid confusion during the legislative session.

Fruit Growers In Imbler Area Spraying Trees

By Leitha Cleaver
(Observer Correspondent)

IMBLER, Ore. (Special)—The fruit growers of the Imbler district are carrying out the spraying plan adopted by the state inspector and county agent. This plan is to have the first spray on by the 20th of June and the second seven days later. A third spray may be necessary in some districts. The Libby and McNeil canning company, of Portland, has promised to take part of the cherry crop if the spraying plan is carried out. Arthur Furman, who has been appointed inspector of the Imbler and Elgin districts in regards to the spraying, reports that the Imbler district has almost been covered. Several of the growers have already sprayed their trees and others are spraying today and tomorrow. It is hoped that after this year, they will not be bothered with the cherry fly.

The apple growers will hold a meeting in Wade hall Monday evening, June 23, at 8 o'clock to establish prices for thinning. Many growers feared the cold rainy weather during the blossom period would result in a disastrous drop. The real size of the Imbler apple crop has remained in doubt until the present. While the drop in some orchards has been a little more than normal, growers as a rule will have to thin heavily. Conditions since blossoming time have been ideal. Due to the heavy spring rains there is more moisture in the ground than usual at this time of the year. This should result in increased size, so this year's crop may prove to be a record breaker. The growers have just completed spraying applications for the year by applying the second coddling moth spray. Other northwestern districts are obliged to apply seven to ten applications. This is one of the factors in the comparatively low production cost of the district.

Mr. Kelly, of Kelly Bros., well known fruit shippers, of Hood River, and Mr. Fletcher, sales manager of the Snow-Boy Pacific Fruit Co., inspected the apple district here recently. They both expressed surprise at the fine conditions of the apple orchards.
