### RECRUITS SHINE IN FRIDAY GAMES

Chatham Leads Assault  
With Stick—Athletics  
Lead Cut to One Game

By Hugh A. Fullerton Jr.  
(Associated Press Sports Writer)

Cincinnati's fans are getting a chance to appraise the work of a few of the year's most promising newcomers to National League circles.

While the Boston Braves are playing at Cincinnati, there is a chance to compare the play of Wally Berger and Buster Chatham with that of "Jenny Joe" Stripp of Cincinnati.

The Boston youngsters are going at a great rate. Berger, being back Wilson for the league's home run leadership, while Tripp is one of Cincinnati's most effective batters.

And yesterday the Red fans had a thrilling game to see for good measure with Cincinnati winning in the ninth inning.

**Chatham Leads Assault**

Chatham, who only came up about a month ago from the Pacific, Ore. coast league club, led the assault on another star recruit, Henry Frey, by hitting three times in four attempts, and took a good part in Boston's five run rally that tied the score in the eighth inning.

He brought his average for the 23 games in which he has participated up to .367. Berger and Stripp each made two hits in four times up gaining current averages of .238 and .306 respectively. And all three continued to field steadily.

The New York Yankees also have produced a star newcomer in Shortstop Bill Werber, formerly of Duke University.

Yesterday's activities for Werber were limited to one hit, two runs, and the start of one double play, as the Indians continued to lead the five straight, pounded George Pippen from the mound and won, 11 to 7.

**Ruth Hits No. 27**

Babe Ruth's 27th home run of the year overshadowed the rest of the Yankee hitting.

The Yankee defeat proved a great deal to Washington, for the Senators moved a game away by beating Detroit, 6 to 4, in a duel between Al Crowder and Charley Sullivan.

The Philadelphia Athletics spent the afternoon dividing a double between the St. Louis Browns, tossing away the first game, 8 to 2, by committing five errors, and winning the second, 6 to 3, by means of hard and effective clubbing against Chad Kinsley.

### Apple Growers Agree on Wages For Early Work

By Leitha Cleaver  
(Observer Correspondent)

Timber, Ore. (Special)—The apple growers meeting Monday evening was fairly well attended. H. H. Weather, spoon and Fred Terpany, prominent apple men of Elgin, and Henry Grieland, manager of the Snow-Boy Pacific Fruit Co. were present. Wages for thinning were set at 30 cents an hour, for men and 25 for women, granting the growers the privilege of varying under certain circumstances, Mr. Weatherpoon, in an interesting address, analyzed the apple crop reports showing a shortage for this season, which he declared would ordinarily mean high prices, but owing to the present economic depression, he predicted that modern prices would prevail. Owing to the low production he predicted this district should make a nice profit, if the apples are well cared for. It was voted to hold another meeting before apple harvest starts, inviting all apple growers of the county to discuss the various problems to be met during the harvesting and packing season and to agree on a fair wage scale, for the season.

Mr. Weatherpoon stated that in the 30 years he had been in this county, he had never seen conditions so ideal as they are at this season for the production of high quality apples. Ray Wilson acted as chairman of the meeting.

Fred Green and a boy friend, Roy Reynolds, of Walla Walla, were visiting his sister, Mrs. Oscar Howell recently.

Mr. and Mrs. Frances Cleaver and daughter, of Los Angeles, were visiting at the home of his uncle, Mr. Leitha Cleaver, this week. Frances Cleaver is the son of George Cleaver, who made his home here a number of years ago. The Cleavers will return to California, through Central Oregon, they visited at Portland, La Grande and Baker, while here.

Mrs. Joe Hendrickson, who recently came here from Salt Lake City, while returning to her home in the Palisades orchard, Mrs. Hendrickson's ladder fell out from under her leaving her hanging to a limb, which broke, cutting all her weight on her right foot, breaking nearly all the bones in it. They rushed her to the hospital where a physician set the bones and put her foot in a plaster cast. She was brought to her home by Mrs. Ed. Demmon Wednesday. This was Mrs. Hendrickson's first day of thinking this season.

### 27-MILE TUNNEL HELD CERTAINLY

Bore Through Cascades to  
Connect Seattle With  
Basin is Planned.

PORTLAND, Ore., June 28 (AP)—Edgar E. Snyder, Seattle, Cascade tunnel association executive secretary, told members of the Cascades to-day that a low-level connection with the Columbia river basin was a certainty.

Snyder said the tunnel would be 27 miles long, twice as long as any present transportation tunnel in the world. It would cost, he said, between \$40,000,000 and \$60,000,000 depending on whether a single tunnel with double track or twin tunnel is constructed.

A bill pending before congress calling for an appropriation of \$50,000,000 is raised by Washington people, he said. The Washington state legislature passed a bill for \$25,000,000 to be vetoed by Governor Hartley after the legislature adjourned.

The tunnel, Snyder said, would be operated as a private rather than a public utility and a toll equal to about half the amount saved by the tunnel as compared with the present mountain routes would be sufficient to amortize the bonds, pay the cost operation and yield an investment return.

For example, Snyder said, a charge of \$3 would be levied for hauling an automobile through the tunnel. Tunnel construction would require from five to nine years.

the river classic was made possible through the renewal of the agreement between the Henley committee and the German Rowing association which was cancelled during the war.

### FARM PRICES AT NEW LOW MARK

(Continued from Page One)

of wheat as of May 15 averaged 87.5 cents per bushel which is slightly below the pre-war average of 88.4 cents. The average price declined 2 cents from April to May and reached the lowest point since the war excepting in June 1929 and August 1923 when prices were slightly lower.

Potatoes: The farm price of potatoes for the country as a whole averaged \$1.50 per bushel on May 15, 4 cents higher than on April 15, largely as a result of the very light supplies of old crop spuds in the western and north central states. Prices declined in Maine due to plentiful supplies there, and increased competition from new crop potatoes.

Cattle: Cattle prices about the middle of May reached the lowest levels in over two years. The weakness of the cattle market was due to decreased demand since supplies were relatively small. At the low point of the first half in 1929 reached in February the average weekly cost of beef steers at Chicago was \$11.54 while the low weak in May this year was \$10.80.

Butter: The trend of butter prices during May was downward. The price of 92 score butter at New York was 37 cents on May 1 and 32 1/2 cents on May 31, most of the decline coming the latter part of the month.

Eggs: With heavy receipts and large storage stock already accumulated, egg prices declined during May. Fresh extras at New York averaged 25.7 cents as compared with 27.5 cents in April and 32.9 a year ago. The usual spring price trend is a gradual advance, through many years of heavy supplies as this is, there is a decline in summer.

Poultry: As a result of heavy supplies of both fresh killed and frozen poultry the farm price for chickens declined from 21.1 cents on April 15 to 20 cents on May 15 and 4.4 cents below a year ago. This is the lowest May price since 1911, and accordingly paid the largest May receipts on record.

Lambs: With relatively smaller supplies of lambs in May than in the preceding three months, prices made some recovery. After having made a substantial recovery during the early part of May from the low point reached in April prices again declined. This decline carried spring lamb prices below the lowest April levels, but fed lamb prices did not react, the low April level. During the latter part of May prices again advanced. The initial receipts of choice Washington lambs at Chicago sold for \$13.50. Domestic wool prices continued downward in May but transactions increased and in the first week of June prices were steady. Prices in foreign markets have

### AMERICAN CREWS ENTERED IN ENGLISH ROWING MEET

HENLEY-ON-THAMES, Eng. (AP)—The Royal regatta, starting today and lasting four days, will be one of an international event this year that never before.

Two American crews, one from Princeton university and one from the Kent School, are competing. There will also be a crew from the Berlin Rowing club, the first German crew seen at Henley for 16 years.

A crew from South America will take part in the regatta for the first time. The Club Canottiera Italiana Galeas of Buenos Aires having entered for the Thames Challenge cup.

The Dutch university of Holland will also be represented.

A German J. Boezelin, of the Berlin Ruder club, has entered for the diamond sculls and the two Canadian scullers, J. Wright Jr., who won last year, and J. S. Guest will be seen on the river again.

Participation of the Germans in

### BRITISH BOARD PUTS EMBARGO ON INFERIOR APPLES

LONDON, June 28 (AP)—The British Board of Trade Friday issued an order prohibiting entry into Great Britain of low grade American apples effective July 1, 1930.

To eliminate the risk of introducing 'Apple Fruit Fly' from the United States.

WATSONVILLE, Cal., June 28 (AP)—Elmer J. Paul, secretary of the Watsonville Apple Growers and Packers association, said today that an embargo against certain grades of American-grown apples would have little effect on growers in this district.

"While we ship more than 200,000 bushels of apples from this region annually," Paul said, "none are of the inferior grades banned by Great Britain. In my opinion the British are merely endeavoring to prevent the dumping of poor grades of fruit on the market."

Paul said he had been informed by R. G. Phillips, secretary of the Indiana apple growers association, that the United Kingdom has specifically banned grades known as "U. S. Commercial No. 1," "Unclassified," and "No. 2," from July 7 to November 15.

DECORATIVE CUFFS  
DO DOUBLE DUTY

PARIS (AP)—Blouses with cuffs which may be worn outside the coat are back after a long absence. Cuffs and collars outside is the rule for tailored suits.

Boiled Baked Ham  
24 clove cloves.  
1 cup dark brown sugar.  
1 cup water or peach juice.  
Scrub ham with stiff brush. Cover by 4 inches with cold water. Slowly bring to boil and cook very slowly in covered pan until ham becomes tender. Remove ham from water when cooked and cut into 1/2 inch slices. Put ham, fat side up, into a baking pan. Stick with cloves and cover top with brown sugar, putting it in place. Pour water over top. Bake 30 minutes in a moderate oven, basting frequently.

Ham stock can be substituted for the water, if desired.

Neapolitan Salad, Serving 8  
3 cups shredded cabbage.  
3 tablespoons chopped pimientos.  
1/2 teaspoon salt.  
1/4 teaspoon paprika.  
1/2 cup diced celery.  
2 cups diced pineapple.  
2-3 cup diced salad dressing.  
Chill all ingredients. Combine and serve in a bowl, lined with crisp lettuce.

Cucumber Filling for 12 Sandwiches  
1 cup diced cucumbers.  
2 tablespoons chopped sweet pickles.  
1/4 teaspoon salt.  
1/4 teaspoon paprika.  
1/2 cup diced pineapple.  
1-3 cup salad dressing.  
Mix ingredients and spread on buttered slices of white bread.

Spice Loaf Cake (Using Buttermilk)  
1-3 cup fat.  
1 cup light brown sugar.  
1 egg.  
1 teaspoon vanilla.  
1/4 teaspoon salt.  
1 teaspoon cinnamon.  
1 teaspoon cloves.  
1 teaspoon nutmeg.  
2-3 cup thick buttermilk.  
2 cups flour.  
1 teaspoon soda.  
1-3 cup broken nuts.  
Cream fat and sugar. Add rest of ingredients and beat 3 minutes. Pour into loaf pan which has been lined with wax paper. Bake 30 minutes in moderate oven.

Save all celery tops and dry them in oven. They can then be crushed and stored in a bag for future use in flavoring soups, sauces and dressings. The flavor is better than celery salt.

### Body of Wealthy Rancher Found Buried In Well

LA HONDA, Cal., June 28 (AP)—Recovery of the body of Frank Roderick, 40, wealthy rancher, from an old well on his place near here set off a mystery which on an alleged murder mystery with an asserted love triangle and a cattle rustling plot in the background.

Mrs. Roderick and Will Woodring, manager of an adjoining stock ranch, were questioned yesterday after Roderick's body had been found under several feet of debris and dirt which had been thrown into the well. Authorities also disclosed that they had been holding Woodring since May 13 as the result of secret investigation.

Sheriff J. J. McGrath said both Roderick and Woodring had been questioned several weeks ago about the disappearance of cattle from neighboring ranches and that Woodring and Mr. and Mrs. Roderick had made up the three sides of the asserted love triangle. No formal charge has been placed against either Mrs. Roderick or Woodring.

Roderick's disappearance first became known May 30 when his wife told authorities she had beaten her severely and had gone away with "a red haired girl." Mrs. Roderick swore out a warrant for the arrest of her husband on a battery charge, but no trace of him was found until the well body was recovered.

Officers' suspicions were aroused when they learned Woodring was grading a plot of ground on the Roderick ranch. They learned that the grading work had concealed an old well. Deputies then unearthed the body.

Sheriff McGrath said he had learned from Roderick's 5 year old son that Roderick and Woodring had stolen cattle from adjoining ranches.

### British Board Puts Embargo on Inferior Apples

LONDON, June 28 (AP)—The British Board of Trade Friday issued an order prohibiting entry into Great Britain of low grade American apples effective July 1, 1930.

To eliminate the risk of introducing 'Apple Fruit Fly' from the United States.

Lead is Cut

The result of the four American league contests was that the Athletics lead was cut to a single game, while the Yankees dropped 2 1/2 games behind the league leaders. The Chicago-Boston game was rained out.

Bronx's lead in the National League likewise suffered severe damage and the Chicago Cubs cut it from two games to one by winning the second contest of their "first place" series, 7 to 3 in ten innings. Kiki Cuyler's home run with Bush on base in the tenth broke up the deadlocked struggle.

Pittsburgh, which won its first double header of the season Thursday, threatened to take a place in the first division by defeating the Phillies for the third time, 6 to 4. Philly outbatted the winners, 12-9, but Frank O'Doul was the only one who could do any really effective clubbing against Helms Meine. He made two doubles and two triples in five times up.

The Pirates were left only a half game behind the fourth place St. Louis Cardinals, who lost their second straight game to the New York Giants, 9 to 4. Four St. Louis errors aided the Giants while Fred Pittsingers kept the Cards from scoring.

### WORLD'S FLIGHT RECORD MENACED

(Continued from Page One)

around 1,300 revolutions per minute at cruising speed—76,000 revolutions in about 30,000,000 in 300 hours—Whirling on its eighteenth day in the air.

Second Attempt

And this same propeller whirled 261 hours in the air last year when the plane was called "Chicago—We Will."

Coffee goes soft in gallon buckets on each refueling contact; meals, cooked by the pilot's sister, Miss Irene Hunter, go up regularly three times a day. Yesterday for dinner, the fliers had roast duck.

Last night the brothers flew low and dropped a note of congratulations to Major Charles Kingsford-Smith and his trans-Atlantic South-Sea crew.

Weather has been ideal in the main for the flight; last night there were cool winds to benefit the motor; today it was fair and warmer, but not the hot blistering days of the early week which forced the fliers to cruise at a high altitude.

### MACMILLAN SAILS ON EIGHTH TRIP TO NORTHLAND

Com. Donald B. MacMillan (left) with a veteran crew and a 10-year-old cabin boy sailed from Wisasset, Me., on a three month trip to Newfoundland, Labrador, Greenland and Iceland. Their schooner, Bowdoin, is shown leaving Wisasset at the start of the cruise. William Thomas, Jr. (right), is the cabin boy and is said to be the youngest ever to sail with an Arctic expedition.

### SEEKS \$29,000 Damages

SALEM, Ore., June 28 (AP)—Sam W. Starmer of Rossburg, former sheriff of Douglas county and now superintendent of the state soldiers' home, filed suit here yesterday against the Cherry City Baking company of Salem for \$29,000 damages. Starmer's automobile and a truck of the baking company collided near Halsey last October 3. Starmer alleges that he was permanently injured and that the driver was at fault.

A red hot race is stirring up the South Atlantic association. Three different clubs had temporary possession of the lead within a week recently.

### DANCES OF HOPI INDIANS FOR CHILDREN OF SLEEP

WASHINGTON (AP)—Attending quality dances interfere with the school health program of Hopi Indian children, says Miss Esther Sabstrom, school nurse of Tuba, Arizona. In order to appease the Indian gods through ceremonies the children are being deprived of the proper amount of sleep.

In last night's to the Indian field service of the department of the Interior Miss Sabstrom says that the Hopis are still under the domination of medicine men. When defects of their children are related the medicine men often must be present. His opinion regarding a case is often substituted for that of the nurse or the school doctor.
