## Private Wealth Of Britain Goes To Public Purse

LONDON (AP)—Redistribution of Great Britain's wealth through taxes on huge estates is going on in a big way.

The income of Ramsay MacDonald's government from death duties this year seems likely to establish a new record.

Since April 1 nearly \$90,000,000 has poured into the British treasury from this source. That is well above Chancellor Snowden's estimate of \$410,000,000 for the year.

This figure is the more remarkable because three huge estates have not been formally proved. They will yield at least another \$75,000,000.

It is, for example, estimated that approximately \$50,000,000 will be derived from the late Lord Ashton's fortune, while the estates of Lord Dewar and Major Andrew Coats will yield about \$10,000,000 and \$5,000,000 respectively.

The Dewar money came from whiskey and the Coats riches from cotton thread.

For the financial year 1929-30 Winston Churchill, chancellor of the exchequer in the conservative cabinet, estimated that \$405,000,000 would be derived from death duties. The actual yield was \$489,350,000.

This amount included \$10,575,000 from the estate of Mr. Bernard Baron, \$4,650,000 from that of Lord Revelstoke and \$2,720,000 from that of Lord Rosebery.

Wight, of Hazelton, Idaho were guests of the party. Later the crowd went to the house where they were served hot dogs and toasted marshmallows.

Mrs. McClellan, Mrs. Nellie Woods and children of La Grande, and Mrs. McClellan's daughter, Mrs. Bill Johnson, of Klamath Falls, were visitors at Mrs. John E. Peterson's Wednesday afternoon.

Mrs. Jess Wight and son Lowen, of Hazelton, Idaho spent Friday with Mr. and Mrs. C. O. Hansen.

and he sulks a good deal. Ordinary play activities, the companionship of other children, the merely friendly treatment which he receives from other adults come to him as a bleak, uninteresting contrast to the exciting, satisfying moments he spends with his mother.

It is impossible for him to understand why he does not take first place from the world at large. He rebels at routine and refuses to learn the meaning of fair play.

His entire adjustment to the world in which he must learn to live is made far more difficult than it need be by a mother who cultivates responses in her child without thought of anything but the pleasure they give her—and without regard for the hardship they inevitably work upon him.

Tom Connolly, veteran major league umpire, has a son who's breaking in as an 'em. He is Francis, 23, who is calling 'em in the Piedmont league.

Harold M. Osborn, world's record holder in the high jump, has signed as instructor in physical education at Virginia Poly.

Stephen C. Phillips of Lebanon, Ohio, who spent 60 years in harness racing, this year is acting as starter.

Let Down  
By Alice Judson Peale  
The moment mother enters the front door, Tommy drops whatever he is doing, makes a running leap and climbs into his mother's arms.

The minutes Tommy and his mother spend together are given over to hugs and kisses and to protestations of love.

Between the times of such scenes of demonstration, Tommy sees rather less of his mother and receives much less of her attention than most other children do.

Just as "loving her child" is a form of self-indulgence of which this mother tires rather quickly, so the rest of her day is given over to her own particular pleasures and pursuits.

Tommy eats many of his meals alone with his nurse. There are whole days together when he sees his mother only for the brief half hour given over to caresses.

For the rest Tommy must shift for himself in a relatively unloving world
