the 1931 meeting. The letter authorized by the commission describes briefly the convention facilities here, including scenery, accommodations, etc.

Create Paving District

Another important action taken by the commission was the creation of an improvement district for the paving of Eighth street from M to J avenues so as to provide a hard surface approach from the west to the Eastern Oregon Normal school campus. Resolutions creating the district, No. 192, set Aug. 6 as the time for hearing of remonstrances, objections, etc.

The district includes concrete curbing, catch basins, sidewalks where not in place and hard surface paving 40 feet in width, to extend through the Eighth and J intersection.

Other routine matters were attended to last evening, including the payment of bills in the amount of \$4276.76.

A radio-telephone service between Germany and China is being planned.

Two towns on separate islands in the Fiji group are connected by a 64-mile telephone cable.

Sphinx Badly Used

The mutilations of the Sphinx which now disfigure it date from the Arab domination. Baedeker says in his "guide to Cairo and Environs" that in 1830 the Sphinx fell a victim to the iconoclastic zeal of a fanatical sheik, and it was afterward used as a target by the barbarous Mamelukes.

Interpretation

George, irrepressible lad of six, had been confined to the house for the day because of a slight injury. It happened to be the day of his mother's bridge party. George's interest in affairs of this kind had always been slight, but today he was compelled to stay in the house, so he became interested. His mother made a bid. "Did you say 'no trucks,' mother?" said he.

Old Railroad Tunnel

The first railroad tunnel in the United States was the Staple Bend tunnel and was about four miles east of Johnstown, Pa. It was built for the Allegheny Portage railroad and was used from 1834 to 1857.

History

A fifth grade history teacher asked: "Who was Patrick Henry?" and a small replied: "He was the man who drove the snakes out of Ireland."

Unusual Twins

Twins who do not look alike are called fraternal twins. They are often opposite sex and are no more alike than children in the same family usually are. Identical twins are always of the same sex and are strikingly similar.

Neat "Comback"

It is a rule in Britain's house of commons that members must be addressed as "honorable members." A certain M. P. who was called to order for addressing the house incorrectly got out of it by saying, "I much regret that I called you gentlemen."

Insurance Facts

A mutual insurance company is an organization owned and controlled by its policyholders. All profits are shared among its owners, who are and can only be policyholders. A reciprocal insurance company is an organization working through an attorney-in-fact, to whom is given the power to handle all of the insurance.

Firm Announces Price Cut And Time Payments

CHICAGO, July 10 (AP)—A general reduction of prices and the adoption of a time payment plan for the summer months have been announced by Montgomery Ward and company.

George B. Everett, president, said the new prices were the lowest quoted by his company in many years, being virtually on a pre-war basis. The new time payment plan will be effective until September 15 on all purchases of \$25 or more excepting groceries.

Mr. Everett said the company considered the plan a constructive move, intended to stimulate consumer buying. "Even a small upturn in demand will stimulate orders to factories, wheels turning and a decrease in unemployment, leading to a general upward trend in business," his statement said.

Gen. Robert E. Wood, president of Sears, Roebuck & Co., announced that his company's fall catalogue, to be issued shortly, will show average price reductions approximating 10 per cent under prices of the spring catalogue, with some reductions ranging up to 25 per cent.

"Prices, grade for grade," he said, "will be lower than at any time in the last ten years."

OTTINGER IN FAVOR OF WET PLANK IN N. Y.

NEW YORK, July 10 (AP)—Albert Ottinger, formerly attorney general of New York, announced today that he favored the nomination of Charles H. Tuttle, United States attorney, as the republican candidate for governor on a wet platform.

Ottinger who was defeated by Governor Franklin D. Roosevelt in 1928, said he was not a candidate for the nomination.

"I favor the nomination of Charles H. Tuttle," he said, "He will be elected, especially if he adopts Dwight Morrow's platform for repeal of the eighteenth amendment as the only way to achieve true temperance."

"The republican party of this state, while respecting the law, must take its stand firmly once and for all in favor of repeal of the eighteenth amendment without equivocation."

When informed of Ottinger's statement Tuttle said he was engaged in the duties of his office and that any action or statement linking his name with the republican candidacy for governor was without his knowledge or authorization.

TO SELECT LIBRARIAN

SALEM, Ore., July 10 (AP)—Governor Norblad today wrote W. Laif Thompson, of Portland, chairman of a committee of the state library board appointed to receive applications and report on candidates for the position of state librarian, asking him to expedite the report and suggest a time for the board to meet and make the selection. A librarian is to be selected to succeed the late Virginia Cleaver Bacon. Other members of the committee are President Arnold Bennett Hall of the University of Oregon, and C. A. Howard, state school superintendent.

There was little indication as to the future course of the gas war. John C. Austin, president of the chamber of commerce, announced he would call a conference of oil company executives, if the situation had not cleared in 48 hours, in an effort to end the price slashing.

The prices generally posted were 10½ to 12½ cents a gallon for gas sold by major producing companies. Some "bootleg" gas retailed at 8½ cents. Several independent companies continued to post 19½ cents, announcing in newspaper advertisements that it was not possible for them to sell at a profit for less.

FIVE TO NINE CENTS

FRESNO, Cal., July 10 (AP)—Retail gasoline prices in the Fresno district ranged from five to nine cents a gallon, setting a new low for the price war. Some dealers predicted that it would go to three cents here.

ANOTHER CENT SHAVED OFF

TACOMA, Wash., July 10 (AP)—With a major distributing company planning another slash in the wholesale price of gasoline today the low retail figure of 7½ cents a gallon which prevailed yesterday will be shaved by at least a cent, observers of the price war predicted.

Indications that the distributing companies will pound the price down to the state tax of 3 cents a gallon were given when one firm announced a wholesale price of 4½ a gallon last night.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuation bowl called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Glass, Drugs, Inc.—Adv.
