

### Three Women In Happy Reunion At Enterprise

By Mrs. William Higgins  
Observer Correspondent

LOSING, Ore. (Special)—A most happy meeting took place recently at Enterprise when three women met after they had been separated since 1868, when they were girls in school at Corvallis. They are Mrs. Geo. Gray of Lower Cove, Mrs. Nancy J. Long of Enterprise, and Mrs. Sarah Tucker of Elgin. For some time they have lived near each other in the two counties but were unaware of the others whereabouts, but when they learned about it, they planned a reunion. Mrs. Long is 83 years old, Mrs. Gray is 75 and Mrs. Tucker is 71, and although there is a 12 years difference in the ages, they went to the same school at the same time.

W. T. Bell, an old-time resident of Wallawa county but now living in Portland, came in last Sunday and departed on Tuesday. He came here on a business trip.

A miscellaneous shower was given Mrs. Roland McCrae at the home of Mrs. Bell Thompson at Wallawa. About 30 guests were present, most of the unmarried young folks. Mrs. McCrae received many beautiful presents.

A number of fire guards employed by the forest service had some actual experience this week, when a school conducted at Lick Creek ranger sta-

tion, which lasted from Wednesday to Saturday was held. About 30 men gathered for the course under the direction of Supervisor N. J. Billings.

Nearly all of the sheep shearing crew who went to Montana to shear sheep have returned with their big job finished. John Edmond and Al Larsen went to another job in Montana. O. S. Hamilton, B. B. Hamilton, Roy Tippet and W. P. Tippet, and Guy Russell have returned home. These formed a crew that sheared the big band of sheep for Harry F. Kelley, who formerly operated in Wallawa county and came here to pick up men.

A daily mail service was established July 1 between Enterprise, Flora and Paradise. This was made possible by the gravelled highway between the two places. Ray Knight, who was the successful bidder, moved his family from Wallawa to Enterprise where his route begins.

For two months the grade Guernsey cow owned by R. O. Hudson has been the high cow in the state. Mr. Hudson lives on the L. E. Shinn farm near Joseph.

Men have the grounds at the Methodist camp ground at the head of Wallawa lake in fine shape. The big tent was raised for the meeting of the society of friends, which held their meeting there two years ago and are back this year. The Methodist Epworth League will begin their institute the 14th of this month.

Billie Parker, the 9-year-old son of Mrs. Lawrence Graves, was playing in the barn of W. B. Heskett on Prairie creek when he fell, fracturing his left arm.

Flora and Lottie people were very sorry to hear that the Rev. Mr. Lines was in the hospital at Ontario.

L. E. Higgins, wife and daughter, of Baker, and Mrs. Roy Morris and daughter, of Imbler, spent the Fourth with their parents, Mr. and Mrs. Wm. Wiggins.

Mrs. Oscar Olson returned home from Minneapolis on the Fourth. She has been to her old home and was present at the golden wedding of her parents and reports a wonderful time.

Miss Bertha Downs returned from Walla Walla last week.

Mrs. Loyd Houser, of Enterprise, visited her father, S. P. Crow.

Mr. and Mrs. O. J. Foley had as their guests their nephew, Delbert Mitchell, of Salem. They accompanied him as far as La Grande on his return home.

The Methodists received word that Grandma Moffett had arrived in Iowa. She was met by her son, John Moffett, in Omaha and they drove by auto to Newton, Iowa.

Wallace Spencer, of Hermiston, assisted and took his daughters home with him. They had been visiting their grandparents, Mr. and Mrs. Geo. Felton.

Mr. and Mrs. G. E. Stevenson and Bobby Stevens, of Portland, and Mrs. Florence Elliott, of Elgin, spent Sunday with Mr. and Mrs. Wm. Wiggins. Mr. Stevenson and Mrs. Elliott are brother and sister of Mrs. Wiggins.

Mr. and Mrs. Wm. Ruckman, of Imbler, were among those who celebrated at Wallawa lake.

Mr. and Mrs. Bogus Welch, of Imbler, celebrated July 4 at the lake.

Mr. and Mrs. Ernest Shipley and son, Robert, spent the weekend at Minam with Mr. Shipley's parents.

Clarence Nolan, of Vale, visited his mother, Mrs. Anna Nolan, last week before she sailed for France.

Mrs. Marie Jennings and daughter, of Conasa, are visiting Mrs. Jennings' brothers, Carl and Edgar Hook. They plan to spend the summer here.

Mrs. Wm. McCrex expects to soon leave for the east where she will have a cancer removed.

Haynie is in full swing with the thermometer registering as high as 94 in the shade. Those who can are taking advantage of the cool places.

### 200 Extra miles of Lubrication

MOTORITE is the new motor oil that seals in the compression of high compression cars.

It resists heat, keeping motors cool. It deposits NO hard carbon. It is entirely free from acid forming properties. It resists dilution by giving up stony gasoline in the form of vapor. It is safer, saving, minimizing friction.

Drain out the old. Refill with MOTORITE. Only 25¢ a quart at any UNION Station.

Time in Union Oil Radio Program every evening between 5:30 and 5:45 over station KEX.

**MOTORITE**  
The Union Motor Oil for High Compression Cars

**NEW STITCHED SILK HATS**  
In all the wanted colors.  
**\$4.00 - \$5.00**

THE LITTLE SHOP

### Girls Drive Across Nation

Miss Lillian M. Publicover (right) and Miss Louise M. Standley, both of Boston, are shown with their new Chevrolet Six, which they drove to the Pacific Coast recently. They will cover approximately 12,000 miles in their car before getting home to the Massachusetts metropolis. They enjoyed their trip immensely, despite the difficulty they experienced in making their wishes known. Westerners and Southerners just simply could not imitate the new England accent, according to the visitors.

up the canyon and in the high mountains.

Buford Boyd, of Fort Wright, is visiting his sister, Mrs. Willard Lewis. He expects to spend part of the summer here. He is a lieutenant and returns to camp July 19.

Gen. Cassins shot a big brown bear near the McCubbin springs. Two of his sheep were killed last year by the bear. Ben Killey had to bring his sheep out on account of the bears being so numerous.

to expand the college organization, which was formed more than two years ago.

The 14 schools in the group are: Harvard, Yale, Cornell University of Pennsylvania, New York University, Carnegie Institute of Technology, University of Detroit, University of Michigan, Dartmouth, University of Toledo, Purdue, and University of Minnesota.

**WOMEN DENIED SUM INVESTED BY BERGMAN**

SALEM, Ore., July 11 (AP)—Pauline Downing, Stella Downing and Janis Chilton, Lane county women, are unable to recover from the Lane County State Savings bank, insolvent of Florence, money that was invested for them by Henry L. Bergman, former president of the bank. The supreme court so held yesterday in an opinion written by Chief Justice Co-shaw, affirming Judge Skipworth of the circuit court for Lane county.

Bergman is to be released from the penitentiary this month by commutation of sentence. He is serving time for misappropriating the bank funds. Evidence in the case decided yesterday indicated that Bergman invested the money of the plaintiffs with their consent, but that he was not acting for the bank.

The court denied a writ of mandamus requiring M. T. Hoy, master fish warden, to issue a license allowing Katherine L. Gile to operate fish traps on the Columbia river.

The court departed from custom in handing down opinions on Thursday to clear its desks before the vacation season.

Other opinions included:

Roy Fisher vs. Emma Fisher, appellant, and Lucy Allen, intervenor and appellant, appeal from Union county; appeal from order modifying decree of divorce. Opinion by Justice Bell. Judge J. W. Knowles affirmed.

**Origin of a War Custom**

During the Fenian rising in Ireland in 1867, the British troops bagged 100 many prisoners for them to handle. "Take away their braces and cut off the buttons from their trousers," was the commander's orders. This practice was often resorted to during the World War in similar circumstances.

**"Tree-Planting Mr. Adams"**

The American Forestry association says that John Quincy Adams, sixth President, was given this nickname because he urged the planting of forests in order to grow naval supplies. In 1828 what might be called the first forest experiment station in America was established and acorns of live oak were planted.

**Complicated**

Small Bobby was having difficulty in mastering the use of the word "complicated." He had used it incorrectly several times and it seemed to weigh on his mind. One morning at breakfast he remarked thoughtfully: "Mother, an egg hatches into a chicken and I eat the chicken lays an egg and I eat the egg. That's 'complicated,' isn't it?"

**N. A. A. BECOMES SPONSOR OF COLLEGE FLYING CLUBS**

WASHINGTON (AP)—Flying as a part of college life will be centered in the National Aeronautic association by transfer of records of the 14 university clubs forming the inter-collegiate Aeronautic association. Centralized leadership is expected.

**Forgetful Humanity**

Judging from the articles left behind in trains in England women are more forgetful than men. There are 50,000 articles a year, ranging from bicycles to crutches, left in trains of these 3,000 are claimed by and returned to their owners.

**Makes Gas Innocuous**

It was stated recently that Dr. J. C. W. Frazer of Johns Hopkins university has announced the discovery of a catalyst that will convert carbon monoxide gas passing over it to harmless carbon dioxide. The efficiency of this catalyst is said to have been demonstrated under a variety of driving conditions and in confined spaces, the equivalent of closed garages.

**Presidential Succession**

There is no provision in the Constitution for another Vice President when the office becomes vacant through the death of the Vice President or because of the Vice President becoming President. The duties, however, are cared for by the president pro tem of the senate and the succession to the Presidency is arranged for.

**Gypsy Patterns**

Gypsies use patterns as signs along the highway to indicate to gypsies who follow, what route has been chosen and the conditions along the way. Patterns sometimes take the form of twisted twigs or fallen leaves.

**Housecleaning Hospitality**

The wife who can smile and be jovial and courteous to the invited guest the husband brings home during housecleaning time is a jewel so rare that there is no absolute record of any in existence.—Hartford City News.

**Taxpayer's Troubles**

Jud Tunkins says he feels like a gambler when he pays his taxes—always he's 'in' his 'pots' to win something in the way of improvements. The only trouble is that he has to keep on playing the game whether he likes it or not.—Washington Star.

**Carefully Considered**

John Milton didn't begin to write "Paradise Lost" until he was sixty-five years old, although he had thought about it since he was twenty.—American Magazine.

**WHY FAT MEN STAY FAT**

"The trouble with me, and I guess this applies to 99% of the men who are putting on weight, I didn't have the energy or 'pep' to keep it off. Lost all interest in any healthy activity and just lazed around accumulating the old pounds until I got that 'Kruschen feeling.'"

Start taking Kruschen Salts—that's the common-sense way to reduce—but don't take them with the idea that they possess reducing qualities in themselves.

This is what they do—they clean out the impurities in your blood by keeping the bowels, kidneys and liver in splendid working shape and fill you with a vigor and tireless energy you'd most forgotten had existed. As a result instead of planting yourself in an easy chair every morning and letting fatty fat accumulate you feel an urge for activity that keeps you moving around doing the things you've always wanted to do and needed to do to keep you in good condition.

Then watch the pounds slide off! Kruschen Salts are the up-to-date Fountain of Youth. Take one half teaspoonful in a glass of hot or cold water tomorrow morning, and every morning—and if they don't change your whole idea about reducing, go back and get the small price you paid for them. Get an 85 cent bottle of Kruschen Salts—lasts 4 weeks—at the Glass Drug store, Best Cross Drug store, Moon Drug Co., or any progressive druggist anywhere in the world.—Adv.

# THEY GAVE A new Thrill

THAT'S WHY THEY GOT THERE . . . SO QUICKLY

IT WAS JUST TWO YEARS AFTER HE SAW HIS FIRST RACE HORSE THAT SANDE WAS CROWNED 'EARL OF AMERICAN JOCKEYS.'

**FAST SUCCESS STORY NO. 5**  
**EARL SANDE**

The first race horse he ever saw was hitched to the tailboard of a prairie schooner. Two years later, every track in America resounded to that famous cry, "C'm on Sande!" He always gave the public the best run for its money.

That's the reason, too, for OLD GOLD'S quick success. OLD GOLD always gives the public a run for its money with a new taste-thrill. And no throat-hack.

Explain Sande? Explain OLD GOLD? . . . Sande and OLD GOLDS are born . . . not made.

**OLD GOLD CIGARETTES**

BETTER TOBACCOS . . . "NOT A COUGH IN A CARLOAD"
