ANGELS WIN FLAG FOR FIRST HALF

Blank Seattle in Second Game of Double Header - Ducks Split Bill.

(By The Associated Press) The first half of the Pacific coast league's season over, fans today were remarking on the late rally that put Los Angeles in front instead of San Francisco...

Los Angeles closed with a bang, blanking Seattle 10 to 0 in the second game of their double header yesterday, after losing the first, 3 to 2. Hubbel was the winning pitcher in the first. The Angels drove Simoni, losing hurler, from the box in the first inning of the second...

Hollywood today boasted a record of eighteen wins in the last twenty-two games, having split a double bill with Sacramento yesterday to clinch second place after a nip and tuck contest for the place with the Seals. Six pitchers worked as the Senators won at Stockton in the morning, 7 to 4, and Rhodes beat Vini on the mound in the afternoon...

Salem Pitcher In No-Hit, No-Run Tilt

SALEM, Ore., July 14 (AP)—Andy Peterson pitched a no-hit, no-run game here Sunday and the Salem Senators defeated Corvallis 7 to 0 in a Willamette Valley league game. Brown, on the mound for the Chicks pitched a fine brand of ball, allowing but five hits. Two of them, however, in the third were good for Salem's only score. T. Grod stung, stole second and was brought home by his brother Paul Grod on another single. The Senators threatened on two other occasions but tight work by Corvallis prevented a score. Peterson fanned 14 men, while not a ball was hit into the outfield off him. Three Salem men made all the put-outs, Sullivan making 12 at first, Edwards, 14 behind the bat and Peterson one. The score: R. H. E. Corvallis 0 0 2. Salem 7 15 0. Brown and Mack; Peterson and Edwards.

WOULD ADD TO BEEF DIET OF PORTO RICO

SAN PEDRO DE MACORIS, Dominican Republic (AP)—Governor Theodore Roosevelt of Porto Rico, finding 80 per cent of the people on that island under-nourished, wants them to eat more beef. He sent a representative to study the Dominican republic as a possible source of supply and as a result a new packing plant is to be erected either here or in Santo Domingo. Porto Rico has 1,543,000 inhabitants on 450 to the square mile. She must practice such intensive agriculture that the raising of livestock is restricted. This republic, with scarcely 30 people to the square mile, has plenty of land for grazing. There are only 150,000 cattle in Porto Rico and two-thirds of the animals are beasts of burden. There are not nearly enough milk cows for the island's needs and goat's milk is an important item for the poorer families. Tuberculosis, rickets and other ailments of mal-nutrition can be reduced, Gov. Roosevelt believes, by increasing the meat diet of the people.

Quits Track For Church SYDNEY, Australia (AP)—James Carthen, Australia's champion sprinter, has renounced track for religion and will become a Marxist brother. At 22, Carthen was thought by many experts to have a good chance of becoming the world's greatest runner. Mack Burnett of the University of Texas won the long driving contest at the intercollegiate golf tournament this year.

Atlanta Grets Famous Golfer On Return Home

ATLANTA, July 14 (AP)—Bobby Jones returned today from his triumphant golfing tour to find his home folks had prepared the greatest of all receptions since he began winning national golf titles eight years ago.

ATLANTA, Ga., July 14 (AP)—Atlanta declared a holiday today to give Bobby Jones, a "pretty happy" golfing warrior of 29, a welcome fit for an emperor. Bobby said he was "pretty happy" to capture the national open title, but that modest phrase was much too mild to express the pent up enthusiasm of his Atlanta admirers, most of whom had not seen him since he departed in the spring to win the British amateur and open crowns.

He probably was more interested in a reunion with his enterprising son, aged three, who added whistling to his accomplishments in the absence of his father. But friends of the lawyer-golfer insisted upon a formal reception, a parade, bands, an official holiday and all the other trappings of public functions. Many said they were determined to surpass, in noise at least, the welcome tendered Bobby in New York.

Escorted by a fleet of airplanes an automobile party was dispatched to a suburban railroad station, whose location was kept secret, to meet Bobby's homeward bound train and take off the champion. Streets were cleared to speed him to a busy downtown corner for the formation of a parade in his honor.

Completion of the city hall ceremonies left Bobby free to retire to the privacy of his home for a long sought rest. There his wife, who accompanied him to Europe, his young son and his daughter, aged five, awaited him. If he wanted to read the reams of newspaper print written about his triumphs he had only to turn to the neat scrapbook of his mother-in-law, Mrs. J. N. Malone, who preserved a volume of clippings while entertaining "Bobby's children in his absence."

"I feel just as proud as if I had gone every step of the way," said Mrs. Malone. Today he was Bobby, king of the links, but in a few days he hopes to slip back into the hole of attorney and catch up with a stock of Georgia court reviews, which has accumulated on his desk.

UNIVERSITY SELLS FARM SALEM, Ore., July 14 (AP)—Eugene Bible university, a school at Eugene operated by the Christian church, has sold a 303-acre farm near Stayton, Marion county, to George Handerson and E. A. Pruitt of Salem. The amount paid was not made known.

Coach Bars Heavy Work PHILADELPHIA (AP)—Members of Temple university team who go in for hard manual labor in the vacation months do so against the wishes of Coach Heine Miller, who claims that a real vacation results in the best conditioning for the fall play.

Balances Plane

The part of a plane called the "empennage" is the arrangement of stabilizing planes fixed at the stern of a dirigible, and functions as feathers do on an arrow; also a fixed stabilizing tail on an airplane.

"Sunshine" Clothes

The expression "clothes made from sunshine" has been used in referring to cellulose products, because without sunshine cellulose would not be stored up in plants.

Radio Note

America has the largest number of broadcasting stations of any country. It is said that syncope in the air is so thick that in some districts it can't rain.—London Opinion.

Significant Sign

The following sign is posted by the roadside as you enter a western town: 4,076 people died last year of gas; 39 inhaled it; 37 put a lighted match to it, and 4,000 stepped on it.

Life and Trouble

Would the world ever have been made if its maker had been afraid of making trouble? Making life means making trouble. There's only one way of escaping trouble; and that's killing things. Cowards, you notice, are always shrieking to have troublesome people killed.—George Bernard Shaw.

Small Chance!

A well dressed woman was recently seen walking along a Paris boulevard wearing a hat made out of a newspaper. We are afraid, however, that husbands will have considerable difficulty in persuading their wives that this style of millinery would suit them to perfection.—London Humorist.

Originated by Brewers

Chain stores are known as the multiple shop system. They came into existence at the end of the Nineteenth century. The first were the "tid houses" of many brewing firms, who secured ownership of lease of beer houses and other licensed premises to have markets for their output.

Theatrical "Queues"

The word "queue" in the sentence "A queue of people stood waiting for the theater to open," means a "long line." It is pronounced the same as the letter "q."

Sport Slants

By Alan J. Gould (Associated Press Sports Editor) "Foul checks" are all right so far as they go in protecting the fistic customer, but most effective of all measures taken to save boxing from going under for the third time is the radical ruling of the New York State boxing commission that bouts no longer can be won or lost on fouls.

Wearing a proper protector, could not be hurt when struck low.

The former champion declared himself to newspapermen just before the Miami melee. To illustrate he recalled the now famous story of his bout with rough, tough old Chuck Wiggins, who turned to the arbiter after being clearly hit low for the third time by Tunney and remarked: "Say, Mr. Referee, that WAS low!" Whereupon Wiggins went right on fighting to prove Tunney's additional contention that "the game fighter never claims foul, anyway."

It may be a bearish season on Wall street but it's a bull year in the home row market, with Babe Ruth, the \$80,000 operator, not only again setting the pace, but well on the road to a

new record, if his injured hand does not slow him up too much. The end of June found five major leaguers with 20 or more homers and the Babe with 30. The newcomer, Wally Berger, along with Hack Wilson, Jimmy Fox, and Lou Gehrig, have been hitting homers often than ever before in their careers, yet they have all trailed the master mauler. Baseball's Great Man, usually impartial, has shown discrimination this year by avoiding any attack upon Washington's hurling. Not one of Ruth's first 30 circuit clouts was at the expense of Walter Johnson's moundmen. On the other hand, the Babe was harsh enough to collect eight big blows in 4 days off the combined curving of Connie Mack's champions.

TILDEN DEFINITELY OUT PARIS, July 14 (AP)—The last prospect that Big Bill Tilden would consider his decision and play with the American Davis cup team vanished today when the veteran champion maintaining his previous attitude, told the Associated Press he was positively eliminated from participation.
