Visited Here—Something very unusual and of interest as the clothing Mr. and Mrs. Gudlap Schmitz of New Harmony, Utah brought with them when they visited with relatives in this city for the past two weeks. This clothing was worn by their son Andrew G. Schmitz when he was struck by lightning about five years ago during an electric storm just as he was going inside the field gate on the farm home near town. The overalls he was wearing when the bolt striking him in the back of his head and leaving through his left foot; a large part of the shoe was burned and a heavy wool sock ripped lengthwise, which is an almost impossible way for any human to tear it. For minutes after he was struck his body revealed no signs of life; finally his pulse started but he was unconscious for 12 hours and was in the hospital for three weeks recovering from burns over his face and hands. The shock left him deaf in one ear. Mrs. Gulap is a relative of the Neiderer family and a receptionist in the hospital for three weeks.

ALL TOGETHER, NOW

LOCAL BAND WINS SECOND IN NORTHWEST

(Continued from Page One) Mrs. Amos Helms, Mrs. Richard Lindsay and daughter, Mr. and Mrs. Claude Mackey.

Two Emotions—E. Homme, a former La Grande band member, now playing with the Roseburg band, was torn between two emotions; to see his old town win, and to win himself. After the Roseburg and La Grande musicians had finished the Roseburgers with good sportsmanship admitted that they had been slightly beaten. The fans had La Grande and Roseburg, with possibly Tenino, Washington, Legion band, as the ones sure to place. Albany did not appear on the program until the last number and therefore did not get into the forecast columns until the last. The event of the whole trip for the boys of the band was the concert at the Veterans' hospital Sunday evening. This required that the organization leave the beach early and removed the La Grander from the massed band concert Sunday night, but the locals had the thrill of playing under the baton of Clay Smith the famous Chicago bandmaster, the night before. At the hospital some 250 patients unable to leave their cots were connected with the concert hall by earphones connected to the loud system. Dr. Paul Carter, head of the institution, in voicing his expressions of pleasure to the band declared the telephone system is new and he had observed the results during the concert and reported back that the patients had heard every note clearly. Some 150 patients were able to sit in the auditorium. All were much impressed with the concert and the local boys got a great thrill out of helping break the monotony of the weeks of the war. Robert T. Jones May Retire If He Wins In Amateur

(Associated Press Sports Writer)

NEW YORK, July 14 (AP)—The 38-year-old monarch of the links, Bobby Jones, already three-crowned in his all-conquering campaign of 1930, may retire from active competition if he completes his record-shattering march by regaining the American amateur championship at the Merion Cricket club, Philadelphia, in September. The emperor himself, back home today in Atlanta after his third straight victory of the year and his wealth in eight years, has not definitely committed himself to any plans beyond competing in the last big event of the current season. But if he wins, there will be no more worlds of golf to conquer, no records to break except his own and his friends believe he will bid at least a temporary farewell to the swirling fields of championship action. Week Off of Boat—At Interlachen, barely a week off the boat from Europe, the experts figured Jones would show the effects of the terrific strain he underwent abroad, especially in a succession of nerve-racking matches in the British amateur tournament. It was thought the human machine might slow down. Jones bowed over the dope, the opposition area, the records of Interlachen. He shattered the course record on his third round with a 69, the best he has ever scored in the event and a performance that put all of his rivals except MacDonald Smith to rout. He finished with a 72-hole figure of 287, his own lowest in American competition and within a stroke of tying Chick Evans' all-time mark. He sank a 40-foot putt on the home green to finish two strokes ahead of his nearest rival, Mac Smith, who ended vain but gallant chase in 289. He was five strokes in front of Horton Smith, the young professional who led at the halfway mark. Mac Smith, the "hard luck guy" of golf, has had the misfortune to be playing his greatest game at a time when Jones was at his peak. "The Scot knows how little Bill Johnston felt with Big Bill Tilden around to block him off. A great stylist, Mac Smith has the game, the shots, and the courage to go with them, yet he has always fallen just a stroke or two short of one of the main goals. The battle of Interlachen long will be remembered, not only for the achievement of Jones in winning his fourth American open, but for its kaleidoscopic turns. The order of finish at Interlachen with scores and prize money, included: Bobby Jones, 297, champion; Mac Smith, 289 and \$1000; Horton Smith, 292 and \$750; Harry Cooper, 293 and \$650; John Golden, 294 and \$550; Tommy Armour, 297 and \$450; Johnny Farrell 299 and \$250. Jack Johnson won the heavyweight title from Tommy Burns in Sydney, Australia, the bout being stopped in the 14th round to save Burns punishment.

Federal Police For Communist Control Favored

NEW YORK, July 14 (AP)—Elliott Root favors organization of a special federal police force to combat communist activities. In a letter to Ralph M. Easley, executive secretary of the national civic federation, he says the federal government has police organizations to cope with violation of the customs laws, internal revenue laws, counterfeiting and prohibition but none to suppress subversive activity. The letter adds: "Now we have reason to believe that an assault is being made by secret means, supported by the resources of a great empire aimed at the destruction of our system of government, and we find that the federal government has no police force available for our protection. Of course a force ought to be provided."

The letter was given out prior to a congressional committee's hearing here tomorrow on communist activities. Mr. Root is honorary president of the National Civic Federation.

POPE ISSUES WARNING

GIRL, 20, SLAIN BY YOUNG MAN; BODY BURNED

PORTLAND, Me., July 14 (AP)—A 22-year-old youth, alleged by police to have confessed the brutal slaying of a 20-year-old girl when she refused his advances, today pleaded not guilty to a charge of murder. James M. Mitchell was arrested yesterday a few hours after the charred body of Miss Lillian I. MacDonald was found in a furnace in the basement of a stationery store, where both were employed. The young woman was last seen alive Saturday morning when she went to the basement to distribute pay envelopes. She had approximately \$800 and Matchell, according to County Attorney Ralph M. Ingalls, said he took only his own pay and delivered the remainder with the body. Mitchell, officers said, made advances to the young woman and when she slapped his face, picked up the shaker of the furnace, struck her over the head and then delivered another blow as she fell to the floor. He then pushed her body into the furnace, using an iron pipe to prod it back and burned it along with rubbish and waste paper. The court today remanded him to jail without bail for the September term of superior court.
