

PITCHERS SHINE IN BIG LEAGUES

Clark Turns in One-hit Game—Marberry Holds Detroit to Five Hits.

By Hugh S. Fullerton Jr. (Associated Press Sports Writer) Major league teams with good pitching are progressing pennantward.

His performance missed perfection by a slim margin. Pie Traynor touched him for a single in the second inning and promptly was thrown out attempting to steal.

In contrast to Brooklyn there are the Phillies, the leading hitting club of the National league, who are clear down at the bottom of the standing because their rivals hit just as hard against them.

Chicago and Boston played a similar game, the Cubs winning 5 to 3. Have pitchers although each of them made nine hits.

Fred Marberry got the Washington Senators back into their stride yesterday, holding the Detroit Tigers to five hits to win 3 to 0.

Battalino Whips Fernandez With Kayo In Fifth

EAST HARTFORD, Conn., July 16 (AP)—Ignacio Fernandez, brown-skinned little warrior from the Philippines, has made his bid for the featherweight championship of the world and suffered the first knock-out of his career.

He went down for the final count in the fifth round of his 15 round battle with the titleholder, Christopher (Bat) Battalino, while many of the crowd of 9000 hooted.

The end came after two minutes and 50 seconds of the fifth round. Battalino cornered Fernandez on the ropes and dropped him for the full count with a left hook to the head and a right to the chin.

In an earlier meeting, Battalino had outpointed Fernandez in a non-title fight although the Filipino had him on the floor at one time.

Fernandez's handlers said his sorry showing was due to the fact that he had been badly weakened by the effort of getting down under the featherweight limit.

AMERICANS ARE FAVORED BY LOW PRICE OF SUGAR

Most Nations Pay Much Higher Price for This Product

According to statistics, sugar is one of the cheapest food products bought by the American housewife day in and day out.

The standards of this country in refining sugar, not only insure uniform color, granulation, density and purity, but give it unlimited keeping qualities.

The low price of sugar, its many uses, and the important part it plays in the diet should not be overlooked.

The healthy, well-fed United States Army consumes considerably more sugar per capita than those in civilian life.

Used as a seasoning with salt, sugar heightens the flavor of vegetables rich in vitamins and minerals.

Sport Slants

By Alan J. Gould (Associated Press Sports Editor)

Just because we cleaned up at Washington for the first time in many years, don't go out and wager against the Davis cup, warned one of the veteran moguls of the United States Lawn Tennis association after we had exchanged compliments over the situation abroad.

The boys have done marvelously so far and of course the prospects against the French are brighter now than they seemed a few months ago.

Too much optimism should not be based on Allison's singles victory over Cochet. It was great, but it may prove just the jolt Cochet needed to put him back on top of his game.

There is no question the U. S. A. has the best chance in three years to win back the most prized of all tennis trophies, however much the moguls may be keeping their fingers crossed.

In moments when there is nothing much else to yawn about, the question still pops up: How good is this Carnera, if any good at all?

We may be doing an injustice to the specimen that Ed Nell first labeled the Ambling Alp but the distinct conviction remains that the Primo is just as good as the cleverest kind of hallyhoo and manipulation can make him—bad, no better.

Cincinnati also may experience a twinge upon glancing weekly at the averages and noting that Senator Adolfo Luque continues a mainstay in the

riety of tank-performers. At Oakland, Bombo Chevalier pulled a "Baiting Siki," belted the Italian's fragile chin and started some excitement that developed into a more or less complete expose.

After the Philadelphia fight, many of the boys came away muttering that Carnera looked good, fast and could "take it." It is not quite plain just what he can "take," for the evidence is pretty clear that the giant can take it anywhere but on the chin.

Environment, or rather a change of it, has a strange and often uplifting effect upon ball players. This is not a new discovery, we may hasten to add. Nevertheless, several salient examples furnished by the current and hectic major league campaigns make the subject worth commenting upon.

Take the case of Hughey Critz. A nice lad, they said of him in Cincinnati, and a swell fielder, yet the Reds could hardly hit the size of his hat.

It may be the tall buildings or it may be the fact that his team-mates soften up opposing pitchers for him but Hughey is hitting.

Chicago's new \$20,000,000 capitol building soon will be formally inaugurated.

box for Brooklyn. The Reds got Buzz McVerry for the Cuban perand, whereas Alvin suddenly gained effectiveness and won his first four starts for the Senators.

It was far back as February that Frank (Lefty) O'Doul, the 1929 batting king of the National League, breezed into the Phillies' camp at Winter Haven with the prediction would be the key to watch in this year's hitting handicap.

In fact these two friendly rivals and Phillie Phanatic, if proof-readers will permit it, are having a rousing old battle for hitting honors, with Bill Terry of the Giants and Paul Waner of the Pirates in the not so far offing.

Certainly the families cannot blame their occupancy of last place on the exploits of these two sluggers, who would make a championship club out of at least three other outfits in the league.

July is crucial month for pennant chances of "Robins"—headline. Also for the Cubs and Giants, not to overlook the Athletics, Senators and Yankees, in the order named.

TOLLEY TO STUDY WEATHER CHICAGO, July 16 (AP)—Cyril Tolley, former British amateur champion, will make a careful study of weather conditions before he plunges into future American golf tournaments.

The big Briton, caught in the sweltering heat in the national open at Minneapolis last week, has made a tentative entry in the western amateur at Beverly next week.

Pugilist Fatally Hurt During Fight

DAYTON, Ky., July 16 (AP)—Sammy Buchanan, junior welterweight boxer from Waycross, Ga., who fell to the canvas in the seventh round of his fight here Monday night with Jimmy Nease, Cincinnati, died early today in Speer hospital.

Buchanan at first appeared to have suffered a hemorrhage of the stomach, but his condition was such that he could not be moved for an x-ray examination and hospital attendants were uncertain as to the cause of his death.
