

# OVER THE VALLEY

Mabel E. Morton, Valley News Editor  
Phones: Residence, Main 966; Office, Main 600

(Continued from Page Nine)

improvement programs in the valley is that one being carried out by the school directors of Island City. New plumbing throughout, new heating apparatus, a general renovation, and the removal of the old brick part and the erection of a new frame hall connecting the two buildings are items of the program.

**Work Road**—  
Work was started this week on the additional improvement on the Cascade Creek road which adds two miles to the improved section of that scenic highway. The work begins where the present graded road ends and goes to the intersection with the Medical Springs road. It is stated that the improvement includes the grading of the road according to the market road standards. This news is quite welcome to the residents of the valley who enjoy the scenic drive which are rather numerous in this locality.

**Home From East**—  
Mr. and Mrs. Leonard Allen and family who have been spending the past school year in Columbus, Ohio, where Mr. Allen has been studying during his sabbatical leave from the Oregon State Springs road. It is expected to make a visit at the home of his people at Cove before returning to their home at Corvallis. Mr. Allen is the assistant state club leader and is very widely known in this valley, having made quite frequent visits on club errands as well as to visit his relatives.

**Boys Improve**—  
Donald Tarter, of Union, who suffered an injury to his eye on the Fourth of July when struck by an exploding torpedo, will not lose the sight of his eye as was at first feared. The eye is much better now, his sight is improved and it is thought that eventually he will have his former sight. It will be remembered from accounts of the accident at the time of its happening that Donald had but one eye and that the accident threatened to rob him of everything save the ability to distinguish light from darkness.

**Visits in Valley**—  
Mrs. J. L. Patton, of Idaho Falls, who is making a visit with her friends in this section has been a guest this week at the home of Mr. and Mrs. Charles Lawrence of Pleasant Grove. Mr. and Mrs. Lawrence live on the Frank Johnson farm.

**Has Accident**—  
Frank Oliver of Dry Creek has not been able to do his farm work the past ten days following an accident in which he suffered a severely sprained ankle.

**Here From Longview**—  
Mr. and Mrs. J. F. Berry and their children arrived a few days ago and have been visiting with their relatives and friends all over the valley. They expect to return within a day or two to their home at Longview, Washington, and will be accompanied by her mother, Mrs. Mary Worth, who has been here for some time. Mrs. Berry will be better known as Miss Anita Worth.

**Visits Brother**—  
Mr. and Mrs. Fred Knautz and their young son, Philip, so very well

known in this valley drove in Wednesday afternoon for a visit at the home of their brother, Paul Knautz and family of the Iowa district. They were accompanied by her brother-in-law and sister and their family. Mr. and Mrs. Barker, Mr. and Mrs. Knautz have been on an auto trip, had visited in Spokane, Tacoma and Portland and were on their return to their home in Fargo, North Dakota where Mrs. Knautz is matron of a girls boarding school and Mr. Knautz is at the head of a business college, all under the supervision of the Lutheran church. The visitors were very happy to be in this valley during cherry season and the sweet cherries are quite a luxury in the middle west and all fresh fruit is more or less scarce in their particular locality.

**To Portland**—  
Mr. and Mrs. Ed Eckley of Fruitdale, Clatsop County, and family, and Mrs. Mattie Golden of La Grande left this morning in the Eckley car for Portland where they will attend the Union county picnic which comes off on Sunday.

**Hi Again**—  
Miss Woodell of Dry Creek is home with something like lumbago.

**Has Sprained Shoulder**—  
O. A. Shafer had the misfortune to have one of his shoulders badly sprained the other night and has been doing his work under difficulty. Mr. Shafer had just come in from the field and had unhitched five horses which he had at the water trough. They became frightened in some way and ran over Mr. Shafer with the above result. It was fortunate that he was not more seriously injured.

**Visits Roommate**—  
Miss Ellen Cochran of Baker is making a visit at the home of Miss Marie Ledbetter at Alice. The young ladies were roommates the past year at Latta Hall, Willamette university at Salem.

**Business Trip**—  
Mrs. Mary McKenzie has returned to her home at Summerville following a business trip to Portland.

**Has Swimming Party**—  
Mrs. Jim McKinnis of near Summerville arranged a birthday party for McKinnis on Thursday of last week and of all the 7-7 birthdays Mrs. McKinnis has had this is among the most enjoyable. Mrs. McKinnis invited Hugh Huron, Sam Knight, Vern Hug, Frank McKinnis, O. May, and A. E. Golden families to go to a picnic party at the Cove and after a time spent most happily, a picnic supper was served.

**Last Call**—  
Those eligible to attend are urged to remember that the Hulse reunion at the home of Mr. and Mrs. J. E. Hulse in the Iowa district begins tomorrow, Saturday and continuing through Monday. This promises to be a gala occasion for all the Hulse connections.

**Oldest Pioneer**—  
It is very probable that J. A. Knight of Cricket Flat was the oldest pioneer present at the annual picnic yesterday. Mr. Knight will be 92 years of age this coming Sep-

tember, but you would never guess it. It has not been so long—a year or two since he suffered a fractured hip, but he recovered from that in fine shape, as one would be expected to do many years his junior. Mrs. Cranston from over the line in Baker county was awarded the bouquet for being the oldest pioneer woman present, as she will be 85 in September. Mrs. Lydia Grandy of La Grande came next with 84 years to her credit and a birthday next March.

**To Sumpter**—  
Mr. and Mrs. Hugh Huron and family, Miss Anna Brooks of Brooks and George Alexander, of near North Powder, drove to Sumpter Sunday for a visit with their other sister, Mrs. W. H. Hawley. Miss Brooks remained for a few days visit in Sumpter.

**Death Deplorable**—  
The death of Chris Eubanks, druggist of Walla Walla, president of the Chamber of Commerce there and prominent citizen of the Washington city, has brought very sincere regret all over this valley, his childhood home, we believe, his birthplace. Mr. Eubanks died at Hot Lake following a long illness, eczema having been the cause. He spent some time at Rochester, Minnesota, and received some benefit but the disease appeared again in a very severe form by his wife and two foster children. His father and mother are also still living and visit frequently in the valley, having been here, at least, for their custom for years for the Memorial Day dinner at Summerville. The Eubanks home was on Pumpkin Ridge near the present home of Mr. and Mrs. Clyde Myers.

**Conclude Visit**—  
Mr. and Mrs. Cecil McKinnis and son, who have been guests at the home of the parents, Mr. and Mrs. Frank McKinnis near Summerville, left Saturday for their home in California. They went by the way of Milton-Freewater where they are making a short visit with her people, the Marshalls.

**Visits Parents**—  
Mrs. Ivy Geddes has been in the valley visiting at the home of her parents at Imbler. Mrs. Geddes, who was Miss Ivy Lanman, a rural teacher in this county, is announcing her marriage to Mr. Geddes of Herford, an event of June 25.

**Have Portland Trip**—  
Mr. and Mrs. George Hardy of Elgin had a combined business and pleasure trip to Portland over the weekend.

**To Organize Society**—  
At yesterday's pioneer picnic, it was announced that on Sunday afternoon, July 27 at the home of Mrs. and Mrs. Walter M. Pierce near Island City, a meeting will be held of all those interested in the forming of a historical society in this county, having for its sole purpose the assembling and preserving of old documents, legends, histories, pictures, relics, etc., all having to do with the early history of Union county. The invitation to attend was extended to all those interested.

**HOUSE BANKING GROUP FACES BUSY SUMMER**—  
WASHINGTON (AP)—Members of the house banking committee are getting a summer recess, but each carries his "official business" with him.

The committeemen individually will spend much of the vacation sitting through a mass of conflicting testimony gathered in hearings extending more than five months, in search of a solution for the problem created by the current development of branch, chain and group banking.

While continuation of the unit banking system by legislation to consolidate, the bulk of the testimony disclosed a leaning toward branch or group systems.

**COUNTY COURT PROCEEDINGS AT JULY TERM:**  
In re allowance of bills:
