The weekend just past was the time for the annual reunion of the Hulise family. Mrs. Michelson returned for a longer visit here.

his California home. Mrs. Michelson remained for a longer visit here.

Members of the clan started to arrive early, and the early arrivals had much enjoyment watching the line from the highway up to the Hulise home and speculating what relatives occupied the various cars as they made the ascent up the hill.

Miss E. Leubetter of Alice had been visiting at the home of her sister, Mrs. Henry Leubetter in Muddy Creek district in Baker county.

Miss Ernie Sulder who has been assisting with the care of her sister, Mrs. Mame Speckhart of the Iowa district, returned from a major operation. She has returned to La Grande to be with her sister, Mrs. Edna Kincaid, now a patient at the Grande Rock hospital. Miss Margaret Taylor of Alice is staying with Mrs. Speckhart now.

Mr. and Mrs. James Standley of the Iowa district, Mr. and Mrs. C. C. Welch of Imbler and Mr. and Mrs. O. E. Wagoner of near La Grande were among those old friends who drove to the J. E. Hulise farm Sunday afternoon and mingled with the Hulises in annual reunion.

Wheat Burns—John Allen who lives below Cove had the misfortune to have his wheat field catch fire one morning last week. He had been doing some burning around his place and the fire, got away from him. The fire in the wheat field was checked after it had burned a short time.

Home From Trip—F. O. Patritz of near Pleasant Grove who accompanied the last shipment of lambs sent by the Union county pool to Omaha has returned to his home. Mr. Patritz reports a slipping market with a probability that lambs will go lower very soon. Hans Sultors who also accompanied the shipment returned home yesterday.

Wades Lose Home—The country home of Mr. and Mrs. Frank Wade up toward Cricket Flat above Elgin was completely destroyed by fire Friday morning at about seven o'clock. It is believed that the blaze had its origin in a defective flue. The upper part of the building was a mass of flames when it was first discovered. The main part of the house was saved, but the furniture was lost. Most of the furniture was saved. We have not learned the particulars as to loss, insurance, etc.

Trade Farms—Mr. and Mrs. Joseph Blahnik of near Union last week traded their 60-acre tract on the Cove-Union highway, known as the H. W. B. Smith place to Theodore Miller for his dry land ranch of about 240 acres lying along the Old Oregon trail, west of Telocast. The Blahniks have been in the dairy business and will continue that work in their new location.

A SEASONABLE RECIPE

Fruit Delight
1/2 pound blanched almonds, coarsely ground.
1 dozen macaroons or 2 dozen Nabisco.
2 dozen candied cherries, cut up.
1 dozen marshmallows, cut up.
1 cup sugar.
2 cups whipped cream.
1 heaping tablespoon gelatine.
Mix almonds, macaroons or Nabisco cherries, marshmallows, sugar and cream together. Dissolve gelatine in one-fourth cup cold water and add one-fourth cup boiling water. Add this to the fruit mixture and mix well. Put in hot tins and set away to get cold. Serve in slices.

County Granges Have Annual Memorial Meet

Accepting the invitation extended by the Hon. Dunham Wright and Mrs. Pat J. Powers, the granges of Union county, together with some visitors from Baker county, celebrated their annual church Sunday, July 20, with memorial exercises for the members who have passed away during the last two years, at Medical Springs. Grangers attended to the number of several hundred and the day proved to be a profitable one. Gathering in the morning, the company was invited to the grove near the Wright-Powers home where a picnic dinner was served and all the facilities of the visitors were placed at the disposal of the visitors.

Island City, for the purpose of organizing a county historical society.

The exercises of the day were also held in this grove, the program having been arranged by Mrs. W. H. Gekeler of near by Grande, Pomona leader. While Union county pomona sponsored the meeting, the Wingville grange of Baker county cooperated. The program was as follows: Opening song, "Abide With Me." Prayer, Mrs. Celesta Nice, acting chaplain. Vocal Duet, Myrtle Wilcock and Dean Wright.

Visit Neighbors—Mr. and Mrs. James Standley of the Iowa district, Mr. and Mrs. C. C. Welch of Imbler and Mr. and Mrs. O. E. Wagoner of near La Grande were among those old friends who drove to the J. E. Hulise farm Sunday afternoon and mingled with the Hulises in annual reunion.

Reading of names of departed members, J. A. Nice, Pomona master. Vocal solo, E. E. Hurley. Flowers were placed on the altar for the deceased members as follows: O'Brien, Pomona steward, by Mrs. George Cusick; Mrs. S. P. Culver of Blue Mt. grange, by Mrs. L. F. Wright; Miss Maxine Duncan of Medical Springs grange, by Mrs. Ernie Whitteck; A. Holman of Blue Mt. grange, by Mrs. A. E. Hug; Clyde Marsh of Medical Springs by Mrs. Francis Kennedy; W. W. Selig of Wingville grange, by Mrs. B. E. Jacobs and the departed friends of the grange by the Hon. Dunham Wright.

Two of the prominent residents of Cove who have been very ill and who seem to be falling daily are J. B. Brethens and George McDaniels. There seems to be little hope extended for the recovery of either of these men.

Memorial address, Rev. J. George Wain. Vocal solo, E. E. Hurley. Prayer, chaplain. Closing song, "God Be With You." Mr. Gladys Miller of La Grande acted as the musician for the day. The visitors at the Springs did not hurry off after the exercises had closed, but remained for several hours, many people visiting, the younger people taking advantage of the fine new plunge.

Wheat Burns—John Allen who lives below Cove had the misfortune to have his wheat field catch fire one morning last week. He had been doing some burning around his place and the fire, got away from him. The fire in the wheat field was checked after it had burned a short time.

July 21 Report Covers Stock Conditions Here

PORTLAND, Ore., July 22 (AP)—Although there is a deficiency in moisture, summer and fall ranges are fair and condition of livestock is generally good. This is the report of the federal state crop reporting service, released today. The range condition of July 1 shows a slight decline from last month. The hay crop promises to be smaller than last year. The report says a shortage of water is anticipated by stockmen, and irrigation water and reserve moisture supply is less than usual.

Oregon cattle are generally in good condition throughout the state, the report said, "and conditions have been favorable for the growth of calves. Losses of cattle during 1930 have been slight." The bureau said the Washington supply of calves is a little short. Idaho cattle are in good flesh and a crop is in prospect.

The condition of Oregon sheep appears above average. Lambs are making good growth and losses of lambs have been lighter than in past years. 971 PLANES, 613 GLIDERS PRODUCED IN HALF YEAR

WASHINGTON (AP)—Nearly two-thirds as many gliders as aircraft were manufactured the first half of 1930 in the United States, estimates of the aeronautics branch of the department of commerce show. A check of licenses and identification marks issued to new civil aircraft reveals that 971 airplanes and 613 gliders had been produced.

Manufacturers totaled 153, with only 22 of the number producing ten or more airplanes. CONCORD, N. H. (AP)—Inspection of every automobile in six New England states will be the goal of a "save a life" campaign to be conducted throughout August.

France is seeking to develop touring by airplane, through a government committee. A new air mail service carries mail from Mexico City to the Argentine in seven days.

WEED SPRAYING PROGRAM IS ON IN THIS COUNTRY

The program for exterminating perennial weeds—morning glories, Canadian thistle and quack grass in this country was definitely started yesterday when the new Hardie Spray machine, purchased by the county through the county court was put into active operation by Russell McKennon, working under the office of the county agricultural agent. The plan to be followed here is the one which has been used in Umattila county and quite successfully, it is reported, for two years, over big areas. McKennon has had his instructions in such a project under Prof. W. E. Gilmore, professor in the engineering department of the state college. The operator and machine have been equipped according to his advice. "There will be no guess work about it," according to Mr. Avery.

While the weeds have not as yet reached a real serious stage in this county, there are patches. The county and these spread very rapidly in a very short length of time. It is estimated that in a very few years the land on which these perennial weeds are found, decreases as much as 50 per cent. Another authority in speaking of the menace says, "Its presence hampers sale of lands, is almost a preventative of farm loans and gives the community a bad reputation."

Now is the critical time, and the spraying should be done immediately, if it is to be successful. The morning glories are about to seed now and the Canadian thistles are about to bloom. Where they have been mowed off, spraying may be done any time between now and frost.

The spraying machine which will be operated has two spray hoses and a nozzle gun attachment, also a boom, making it possible to cover a strip from nine to 11 feet in width. For the thistles and morning glories calcium chlorate is used. Two pounds mixed in the proportion of one pound of the chemical to one gallon of water, are required for each square rod, or 480 pounds to the acre. One to two pounds of the material is necessary for quack grass.

Anyone desiring the services of the machine and operator may do so at a cost of \$2.10 per hour in addition to the cost of the chemical used. The minimum is one hour at each place. It is also a strictly cash proposition, according to Mr. Avery. The question of morning glories is one that has been studied and ex-

COMING TO LA GRANDE

Dr. Mellenthin
Special Attention to Internal Medicine
DOES NOT OPERATE

Will be at Foley Hotel on Wednesday July 23 From 10 a. m., to 4 p. m. ONE DAY ONLY No Charge For Consultation

Dr. Mellenthin's visits are greatly appreciated and patronized, especially by those who are suffering or ailing from troubles of the internal organs, in the chest or abdomen; also head, neck and throat. The Doctor accepts only those who can be treated medically with the aid of correct diet and hygiene for which a nominal charge is made.

Women if married please bring their husbands. Whatever your complaint may be it will be of interest to consult the Doctor on this trip. Below are the names of a few of his many satisfied patients:

Mrs. Harriet Anstadt, Astoria. Alfred Clemmens, Corvallis. Chas. Besch, Portland. W. G. Grubb, Albany. Mrs. J. G. Huntsucker, Toledo. W. E. Hankins, Mt. Hebron, Calif. Denver Kneid, Ashland. Bert Lampa, St. Helena. L. H. Martin, Moro. F. O. Pollard, Yreka, Calif. E. F. Smith, Heppner. Mrs. Wm. Schenning, Helix. Lee Oey, North Powder. T. L. Shown, Goldendale. Emma Turner, Mikhalo. Henry Trowbridge, John Day. J. H. Wood, Eugene. V. P. Harris, Athena. Mrs. B. Danks, Klamath Falls. Mrs. Walter Scott, Mt. Angel. Henry Schultz, Pendleton. Mrs. O. N. Kimball, Crabtree. Mrs. Frank Simpson, Hood River. Lee Slucher, La Grande.

THE POWER ERA IS HERE!
... AND THE FARMER GETS HIS BIG CHANCE!
FIELDS MUST BE WORKED IN SPITE OF LOW PRICES OR BAD WEATHER. CAN YOU GET UNDER LOW PRICES AND STILL PROFIT?
"CATERPILLAR" TRACTORIZED FARMS ARE DOING IT BY:

1. Lowering costs per acre.
2. Covering more acres per day.
3. Doing work when it needs to be done.

BIGGER than the Weather ARMORED against Time

Even in years when prices are poor, "Caterpillars" keep costs lower than the lowest prices. And in good seasons, what a margin of profit "Caterpillar" track-type tractors earn!

There's a way to own a "Caterpillar" This Season. Any dealer will arrange a plan.
