now showing at the State Theatre. "The Medicine Man" was a stake play originally written by Elliott Lester, and adapted for the screen by Lady Horton and Eve Unsell. "The Medicine Man" himself is the proprietor of the show, and in small towns he's a big sheik. The story of his show is a flashy background for his conquests of uninitiated small town belles.

Of course, there are all kinds of liniments, patent medicines and the like, including the one that removes corns or table stains, tones up the liver, grows eyelashes, cures skin diseases and doubles the mileage of an automobile.

"The Medicine Man" was directed by Scott Pembroke. Prominent in the cast are Jack Benny, Betty Bronson, Eva Novak, Tom Dugan and others. It was recorded by RCA Photophone.

Oregon School Districts Draw Fund of \$411,607

SALEM, Ore., Aug. 1 (AP)—Oregon school districts this year draw from the state, in interest from the irrevocable school fund, a total of \$411,607.38, a per capita apportionment of \$1.58 for each person between the legal school ages of 4 and 20 years. The state's school population, based on the latest school district census reports, is 260,211. The 1930 apportionment was announced today by George G. Brown, clerk of the state land board, which administers this fund.

Last year the total apportionment was \$408,479.46, or \$1.75 per capita, and the total school population 260,176.

Apportionments by Counties

Among the apportionments by counties, school population included, are the following:

R-100 ENDS OCEAN TRIP EARLY TODAY

In handling lighter-than-air craft. "The most impressive thing about the trip is this. On Monday night I entertained a party at dinner. We left Cardington at 9:46 p. m., and if we had been lucky at the latter end of the trip we would have been here in time for dinner last night."

Develops New Plan

Major Scott, captain of the first British airship to fly, inventor of the air ministry's method of airship mooring, and one of the greatest of lighter-than-air experts, has developed a new plan for collecting water for ballast while flying.

"When we need more water we just collect it on the fly. We did it all the way across," he said.

"We built a sort of little gutter arrangement along the top of the envelope and collected rain water. The enormous bulk of the ship

makes it quite easy. Then we piped the water down, stained it and put it into the pipes.

"We managed to get three tons that way. It doesn't cost anything and works perfectly any time it rains—and of course there is always lots of rain around the Atlantic."

News of Markets Curtailed Today

Because The Observer went to press shortly before noon today in order that the staff might be in attendance at the air circus, the usual market page is curtailed. The majority of the market news comes in during and just after the noon hour.

The early press hour today was in keeping with the actions of the various stores that closed from 12 to 2 o'clock.

Wallowa Grass Fire Controlled; Grain Is Saved

By Mrs. Edna Renfrow Hunter (Observer Correspondent)

WALLOWA, Ore. (Special)—Quite a lot of excitement was caused in Wallowa Wednesday by a call from the F. H. Weinhard farm in Lower valley for men to fight fire. A grass fire had started in the field adjoining Mr. Weinhard's place and with the wind that was blowing, threatened to do great damage. Several carloads of men went out from town and in a few hours had the fire under control and managed to save Mr. Weinhard's wheat fields. The vacant buildings on the Clarence Burgett homestead were burned.

Mrs. Barton Wade returned Tuesday from North Powder where she has been for the last two weeks caring for her mother, Mrs. Ashby, who is seriously ill.

Little Mary Elaine Bratton, daughter of Mr. and Mrs. John Bratton, had the misfortune of breaking her arm while playing with some other small children Monday.

O. J. Campbell, superintendent of the Wallowa schools, returned Wednesday from a vacation trip to Montpelier, Idaho, where he and Mrs. Campbell went two weeks ago to visit Mrs. Campbell's parents, Dr. and Mrs. Beckstrom. Mrs. Campbell will remain until the middle of August.

Mrs. Charles Fisher was hostess to the Presbyterian Ladies Aid at her home Wednesday afternoon. Twenty-five members and four visitors attended the meeting which was the last until September. Mrs. Fisher served lovely refreshments after which a social hour was enjoyed.

Mrs. C. T. Hockett and Mrs. Asahel Hockett were down from Enterprise Wednesday calling on Wallowa friends.

Mrs. W. P. Poole drove to Canyon City last Sunday to take her small granddaughter, Lucille Reed, home. Lucille spent a month in Wallowa visiting her grandparents. Mrs. Poole was accompanied on the trip by Miss Marie Koepf and they will spend a week in Canyon City before returning home.

Charlie Williams, formerly of Pasco, Wash., returned to his home Tuesday after spending several days with the Dale Renfrow family. Mr. Williams is a brother of Mrs. Renfrow.

Mrs. Frank Earls, of Los Angeles, Cal., came to Wallowa Wednesday to spend a few days with her sister, Mrs. Bruce Cox.
