PORTLAND, Ore., Aug. 26 (AP)—Abie Israel, Portland bantam, satisfied the customers last night that his previous decision over Jackie Evans, Kansas City, was no fluke. Israel won every round. Sad Sam Jones Makes Three Out of Four Games From Philadelphia

By Orlo Robertson (Associated Press Sports Writer) Back in 1915, a youth of 23 years, with a mediocre minor league record, and answering to the name of Samuel Pond Jones made his bow to major league baseball as a member of the Cleveland Indians.

The boy from Woodfield, Ohio, who cost the Indians \$800, wandered in the American league, from Cleveland to Boston, New York, St. Louis and finally to Washington. Before he reached the Senators in 1927 his name had been shortened to "Sad Sam." Maybe it was because of the depressing look on his face, or his ability to spread great among opposing batmen or again it may have been the fact that he played in four world series without winning a game.

Sad Sam Poulton to A's Sad Sam is still in Washington, spreading grief, especially among the Philadelphia Athletics as they try to win the pennant. Although 22 years of age and lacking much of the speed and deceptiveness that has kept his all-time pitching record above the 500 level, Sad Sam still retains his cunning and his ability to aid Walter Johnson and the Senators in the battle to oust the Athletics from the league leadership. He has defeated the A's in three out of four games.

Jones accounted for his sixth straight game, in five of which he started and finished, yesterday in doubling the Athletics 3 to 2. Lefty Grove was opposing him but Sad Sam set the champions down with only six hits and broke Grove's string of eight consecutive triumphs.

In sending powerful aid to Jones, yesterday Joe Cronin swinging a wicked bat. He accounted for all of the Senators' runs sending Hank Mannish across in the fourth with a drive into the field stands and scoring Sam Rice with a single in the eighth, with what proved to be the winning tally.

Detroit Trim Browns The only other game played in either of the major leagues saw the Detroit Tigers take the measure of the St. Louis Browns 7 to 5 after Ted Bridges, rookie hurler from the Three-Byc league, had lasted 12 bases or balls.

Bridges, who has a record of striking out 100 batters in 24 consecutive games last year, received credit for winning his first major league start although White Hoyt was called to the rescue in the ninth with two men on base. Previous to Hoyt's appearance Ferrell had cleaned the loaded bases with a triple. Bridges may have been wild but he was stung with hits, giving the Browns only seven.

Seals To Meet Angels; Ducks Host To Solons

By the Associated Press The San Francisco Seals and Los Angeles clubs of the Pacific Coast league tangle in San Francisco today in the first game of this week's series to battle for second place in the league. The Angels are second, the Seals must win the series four to three, as the southern team is leading by one game.

Only a major upset can put the Holywood Stars out of top place this week. The Stars play the San Francisco Missions at Los Angeles. The Missions are now tied with Oakland for fifth place in the league, and with the three managers ahead of their nearest competitors, the Angels, they are almost certain of keeping the top spot.

Sacramento, which worked up to fourth place last week, plays Portland, the Solons. The Ducks are fourth, and will engage the Angels on their home ground. The Senators are playing baseball, and may by word of good luck, climb another notch.

The Oaks have also gone north to play the Seattle Indians. The Indians are down at rock-bottom in the league. The Oaks were favored to win the series.

Frank Campbell Seriously Hurt In Baer Battle

LEAD—FRANK CAMPBELL SAN FRANCISCO, Aug. 26 (AP)—Frankie Campbell, 26, heavyweight boxer of San Francisco, was near death at St. Joseph's hospital today from the effects of a terrific beating received in his bout here last night with Max Baer. X-ray pictures revealed the boxer's entire brain is a mass of blood clots and three physicians in attendance said chances for his recovery were "extremely slight."

SAN FRANCISCO, Aug. 26 (AP)—Suffering from a severe concussion of the brain, Frankie Campbell, heavyweight boxer of San Francisco, was in a serious condition at a hospital here today, following his bout at the San Francisco baseball park last night with Max Baer, Livermore, Cal. He had not regained consciousness early today.

The bout, scheduled for ten rounds was stopped in the fifth after Campbell had taken a terrific beating to the head and was swinging unconsciously on the ropes. Previously in the second round, he was handed a terrific clout in the back of the head by Baer, which Campbell's backers were quick to claim was an unfair punch.

Baer landed on the floor, before a half push and a half knockdown assault by Campbell in the second and the latter had turned away. Baer jumped to his feet and landed viciously at the base of Campbell's brain. He saved himself by clinging to the ropes.

Campbell came back strong in the fourth, outpunched his heavier opponent and seemed to be having things his own way. On his first go under Baer he was holding his own until Baer backed him into a corner, shot a terrific right to the jaw which was sufficient in itself to put out the light for Campbell.

Campbell slid into a sitting posture and wedged into the corner took a rain of clouts to his suprapubic area. Before Toby Irwin's position behind Baer was the slaughter. Finally the referee stopped the fight and held Baer's glove aloft. There was no count and the victory was credited as a technical knockout.

Doctors worked over Campbell in the open air ring half an hour, and failing to revive him, took him to a hospital where physicians and nurses worked over him for hours.

Baer, a two to one favorite, received more opposition than was expected. Campbell losing the first round by a nod and taking the fourth easily.

A 30-30 Chance Campbell was knocked out at 10:20 p. m. Physicians said he was suffering from a general cerebral hemorrhage and had a fifty-fifty chance to live.

They are not playing golf, of course. It's my own notion. On a golf course you do not approach the hole through tunnels or chutes or doghouses. The miniatureists will find that when they essay the orthodox game, it is sufficiently difficult to get the little white ball into the little round hole when nothing intervenes but a modest segment of an acre of billiard-table putting surface.

Practically the only similarity between this new game and golf is that it is performed with a golf ball and something like a golf club.

Practically the only similarity between this new game and golf is that it is performed with a golf ball and something like a golf club. But Mr. Pirie's idea is that the Tom Thumby game, not appealing especially to golfers, attracts to its eccentric little confines a great many thousand persons who otherwise would never think of starting out on a golf course. Then, when the victim does a round of 18 so-called holes in 55 strokes, he inclines to ask sports editors what was the best score Bobby Jones ever did in golf. Then he says to himself: "A 63, huh? Well, I believe I'll have a look at a golf course."

Sport Slants

By Alan J. Gould (Associated Press Sports Editor) Big Bill Tilden never before has been so aroused by a tennis gallery as to defeat his match and walk off the courts, as he did against the sharpshooting Cliff Sutter at Rye, N. Y.

In his prime, in fact, Tilden relished the reactions of spectators, if he did not actually encourage demonstrations. In one of his books, the American champion wrote of the gallery as much as an actor owes an audience.

During the East-West matches at Forest Hills in 1923, Tilden and Richards were playing Johnson and Davis in the doubles. Tilden, then 28, now had a habit of wearing a sweater during the first few games of a match. The gallery began to call: "Take off your sweater, Bill!"

Mischievously, Bill kept it on. The match went to five sets, Davis' service, particularly severe, sent Tilden the crowd yelled. Tilden smiled. Richards won his point. Again Davis' service. Tilden enjoyed it. Sending Davis' next service back for a severe placement. The crowd kept calling Tilden for the rest of the match which he and Richards won after a long deuce battle.

"Didn't all that 'horsing' bother you?" he was asked afterward. "No, I had a great time," he replied.

THE NEWEST TREND IS BACK TO COAL

Hundreds of thousands of people burn coal—and will continue to burn coal because they know the value of a radiant sustaining heat... because of its year-in and year-out economy... because it leaves no greasy uncleanness on the walls, no tarnishing mar to metal fixtures... and particularly because they know it is absolutely safe.

And now, the developments of the new stoker industry mark the awakening of the coal man to the march of progress. They signify the newest trend—BACK TO COAL. This is why...
