THE WEATHER
OREGON: Fair tonight and Thursday except fog on the coast; moderately warm in the interior Thursday.

VOLUME XXVIIII | MEMBER ASSOCIATED PRESS AND A. B. C. | LA GRANDE, OREGON, WEDNESDAY, AUGUST 27, 1930 | EASTERN OREGON'S LEADING NEWSPAPER | NUMBER 3

E. O. N. WILL CLOSE FIFTH TERM FRIDAY

Vacation Period to be Observed Until Fall Opening on Sept. 22.

ENROLLMENT AT HIGHER FIGURE

Special Feature of Summer Session was Classes in Individual Instruction.

The Eastern Oregon Normal school will complete its fifth quarter here Friday, when the second half of the summer school session will come to a close. First classes held in the new building took place last year when the summer session opened.

A larger number of students were enrolled this summer than last, according to President R. E. Inlow. Officials of the school also expect the general enrollment this year to be larger than during the opening year.

A feature of this summer's session, in addition to the regular courses, was the conducting of special classes in individual instruction by Miss Emily Rothlin, rural supervisor of Lassen county, California.

Final Assembly Held

The final assembly of the session was held this morning, the program featuring the school harmonica band and a program by the oral English class.

Final examinations are being held this week.

Except for the opening of the J. H. Ackerman Training school on Sept. 8, in connection with the other grade schools of La Grande, there will be a vacation at the normal school extending until Sept. 22, when the fall term will get under way.

Several Graduates

Most of those graduating this term were included in the June exercises, so that none will be held at this time. Those who were not included in the June ceremonies, but who graduated this term, follow:

Ethel M. Ashbaugh, Oliver Belles, Flora Alma Carey, Mabel Dugger,

STORE MEN OF DISTRICT MEET IN LA GRANDE

The La Grande district of Safeway Stores held its quarterly meeting last night in the gold room of the La Grande hotel under the leadership of R. R. Randall, district manager. The speaker of the evening was R. W. Doe, vice president of Safeway Stores, of Oakland, who spoke on the subject of "Community Relationship." He pointed out that every organization should have a two-fold purpose; first, that of service to the community, and second, the earning of a satisfactory profit. Mr. Doe said that Safeway Stores had an investment of two and a half million dollars in Oregon and that their purchases in the state exceed $11,000,000. Oregon products are purchased not only for sale in this state, but in out-of-state stores as well, he said.

In commenting upon general conditions, Mr. Doe said that Safeway Stores were approaching the fall season with every confidence of stable markets and probably satisfactory prices to the producers.

There were about 50 present, those from out of town following: Mr. and Mrs. Don Smithpeter, Mr. and Mrs. J. O. McFetridge, Mr. and Mrs. L. J. Houser, and V. E. Hays, of Enterprise; Mr. and Mrs. L. C. Warner, Mr. and Mrs. E. A. Rudolph, Mr. and Mrs. Walter Perkins, Mr. and Mrs. A. C. Peck, Mr. and Mrs. Noel Patrick, Mr. and Mrs. Glenn Patten, Mr. and Mrs. A. E. Moore; Mr. and Mrs. A. A. Jarvin and Mr. and Mrs. S. S. Head, of Baker; Mr. and Mrs. N. B. Graham and Odus Bales, of Elgin, and C. L. Bales, of Wallowa.

Greulich Reports On Aberdeen Meet

Francis Greulich gave a report of the meeting of presidents and secretaries of this Rotary district held at Aberdeen, Wash., recently at the luncheon of the La Grande Rotary club in the La Grande hotel today. His report was very interesting.

The musical number consisted of a trio, Kermit Ragain singing, Dick Lindsay playing the obligato on his violin and Mrs. Stanley Mills playing the piano.

MENCKEN WEDS MISS HAARDT

BALTIMORE, Aug. 27 (AP) — Miss Sara Powell Haardt, of Montgomery, Ala., and H. L. Mencken, author and editor, were married here unexpectedly today. When the engagement was announced several weeks ago, Sept. 3 was set as the wedding date.

FIRE DESTROYS MILL

MEDFORD, Aug. 27 (AP)—Fire caused by sparks in a slab pile destroyed the Lewis brothers lumber mill at a loss of $5000 today. For a time the fire threatened the town of Prospect.

ROY YOUNG RESIGNS

WASHINGTON, Aug. 27 (AP)—Roy A. Young has submitted his resignation as governor of the federal reserve board and it has been accepted by President Hoover.

Band Concludes Very Successful Concert Series

Municipal Organization in Pendleton Tonight to Play at Happy Canyon and Round-Up.

The La Grande municipal band, on the eve of its departure for Pendleton to play the Happy Canyon four-night show and the annual Pendleton Round-Up, presented the last of its summer series of outdoor concerts at Riverside park last night.

Approximately 1000 persons were in attendance at the concert, in spite of weather that was slightly cooler than usual.

The next public concert will take place about November, and will open the winter series of indoor programs.

This afternoon the 35-piece organization left for Pendleton, and after playing the Happy Canyon show tonight, the band will be busy every afternoon and evening the remainder of the week. La Grande's band has been the official musical organization at the Pendleton Round-Up for many years.

Several Encores

The concert last night opened with Weldor's march "Gate City," and was followed by the ever popular American fantasia "By the Swanee River" by Myddleton. As an encore to this number, the band played the popular number "Should I."

Dalbey's patrol "The Blue and Grey" was the third number, and applause was so heavy that Director Andrew Loney Jr. gave the signal for another encore, "St. Louis Blues."

Preceding the intermission, another southern selection "The Evolution of Dixie" by Lake, was rendered.

Selections of Victor Herbert's favorites, arrangement by Lake, proved one of the most popular of the evening, and Sousa's march "King Cotton" was played as an encore.

Dvorak's immortal "Humoresque" and Romberg's melidious "Song of Love" from "Blossom Time" constituted the "a" and "b" sections of the sixth number on the program, and the latter piece was followed by the encore 'Blue is the Night."

The closing selection was Keler Bela's overture "Hungarian Comedy."

G. A. R. Parades In Cincinnati; Only 700 March

CINCINNATI, Ohio, Aug. 27 (AP) — Grand Army of the Republic passed in review again today with feeble triumphant steps inspired by the memories of 64 years ago.

The scene before the reviewing stand was a far cry from Washington's Pennsylvania avenue of 1865 when the grand army came home from the battle fields of the south. Their ranks were numbered in hundreds of thousands then. Today there were only 700 veterans keeping step to the music of the days of '65.

Nearly 1,000 others, too infirm to march in the annual parade of the encampment, followed their more verile comrades in 250 automobiles. Bands of G. A. R. posts, Cincinnati American Legion, Ohio national guard and 10th U. S. Infantry and United States marine corps played the martial airs of Civil war days as well as of more recent years as the parade, an hour and a half long, passed by.

Commander in Chief E. J. Foster, heading the army led by General Ulysses S. Grant on its first parade day fell out of line at the officials' stand and watched his comrades pass in review. With him stood Lieut. Col. U. S. Grant III, who came from Washington today despite the illness of his mother, to watch the parade and officiate in future events of the encampment. He will be officer of the day when the G. A. R. visits his gandfather's birth place at Point Pleasant, Ohio, Friday.

Nearly every state was represented in the parade from Oregon's single marcher to the 65 mustered by Pennsylvania and Michigan.

The veteans rested, lunched and then started their first business session of the encampment, listening to nominations for national officers.

Women, Weapons, Wills In Mystery

PORTLAND, Aug. 27 (AP) — Women, weapons and wills gave detectives investigating the mysterious death of Charles Y. Wigfall, 35, former Vancouver, Wash., minister and Portland attorney further complications to unravel today. Wigfall was shot to death Thursday reputedly by an armed stranger whom the attorney gave a ride.

Investigators found two revolvers, one hidden in brush near the shooting scene, and another in Wigfall's desk. Both have been identified as belonging to Wigfall, but detectives said the best evidence of the day came from Mrs. May A. Worsley, 62, who criticized the attorney's code of ethics.

She accused Wigfall of tampering with a lease on her property and said she named the attorney as beneficiary in her $5,000 insurance policy because "he told me I reminded him of his mother." Although authorities have not decided whether Wigfall was the victim of a robber or ended his own life, Mrs. Worsley said she was convinced her threats to expose him led to self destruction.

Former La Grande Man Dies In South

Edward Becker, formerly an engineer in La Grande, died Aug. 22 at the Veterans hospital near Livermore, Cal. relatives here have been informed. Funeral services took place Monday at Martinez and he was buried in the National cemetery at the Presidio of San Francisco. Mr. Becker, who left La Grande about 15 years ago for California, was commander of the Martinez American Legion post. He is survived by his widow and one son, Robert.

READY FOR THE ROUND-UP

Queen Lois of the 1930 Round-Up, and her Maids of Honor, ready for the big event on August 28, 29 and 30. Top row, left to right, Miss Virginia Sturgis, Queen Lois (Miss Lois McIntyre), Miss Evelyn Cresswell; bottom row, left to right, Miss Mildred Hansell and Miss Muriel Tulloch.

CAMPAIGNS FOR CLEANER PRUNES

Dr. B. J. Howard, Federal Official, Says U. S. is Taking up Fruit Problem

SALEM, Ore., Aug. 27 (AP)—At a conference here today between United States Senator McNary and Dr. B. J. Howard, of Washington, D. C., in charge of the micro-analytical laboratory of the food and drug administration for the government and other government and state officials, the matter of regulations governing growing, drying and packing of prunes was gone over and the attitude of the government and the state outlined.

Dr. Howard declared following the meeting that the government is taking up the problem of prunes simply along the same lines which have been followed in connection with other food products notably tomatoes, blueberries, rotten beans going into park and beans, cherry maggots both in the east and west and similar food products.

Find Some Abuses

"We found some abuses in the dried fruit industry, included in these being the handling of Oregon prunes in some cases," stated Dr. Howard. "Our purpose is, as at the growers, driers and packers to eliminate fruit made bad due to brown rot or any other form of decay, dirt or insect infestation which the customer naturally would be opposed to eating. Such results can best be obtained through the hearty cooperation of all branches of the industry, with federal and state officials, and so far as the campaign has proceeded this is occurring in most places within the prune growing districts.

"Our attitude is that the industry itself must undertake to clean up as thoroughly as it can in a reasonable fashion the abuses which it itself frankly acknowledges exist. If this is done there will not be much trouble with the product. If during the surveys which are to be made it is found that there are individuals who are not taking due care and making real effort in the removal of bad material the product from such individuals will be watched as it is shipped out of the state and we will take such action against it as is deemed necessary in the premises.

"The government and state are cooperating and will continue to cooperate in a plan of education to get growers and packers to adopt better and more efficient methods in getting a sound product.

ZUTA RAISED $50,000 FOR HALE, CLAIM

CHICAGO, Aug. 27 (AP)—The news today in a copyrighted news story under a Middleboro, Ky., dateline quoted friends of the slain gang lord Jack Zuta as saying he had raised $50,000 for the 1927 election campaign of Mayor William Hale Thompson of Chicago.

Mayor Thompson was Zuta's guest in Middleboro shortly after Thompson was elected mayor in 1927, the news dispatch quoted Arthur H. Thorei, former county prosecutor at the Kentucky city as saying. Thorei now is representing Zuta's cousin Ike Ginsburg, in action concerning the murdered gangster's estate.

Luper Not Ready To Issue Permits

SALEM, Ore., Aug. 27 (AP)—Regardless of the action of the federal power commission in granting the California-Oregon Power company a license to use federal right of way on Klamath river, any move toward actual construction by the power company is blocked until after the 1931 legislature because of the announcement by State Engineer Rhea Luper that he will issue no permits until after the next regular session.

Reliminary to its acting in the matter of the federal power commission some weeks ago wrote State Engineer Luper as to the status of the power company here.

FIRE DESTROYS FIVE HOMES

EUGENE, Aug. 27 (AP)—Fire starting in a room of the Glenn Smith home in Marcola destroyed five homes before it was halted by a bucket brigade last night. Loss was estimated at $10,000.

Flames leaped from house to house despite efforts of firemen.

DOCTORS MEETING

PENDLETON, Aug. 27 (AP)—Doctors from all sections of Eastern Oregon were here today attending the Eastern Oregon Medical society meeting. Dr. J. P. Brennan is president of the group.

Military Junta Plans to Punish Leguia of Peru

LIMA, Peru, Aug. 27 (AP)—Augusto B. Leguia, an ill old man of 67, tossed feverishly in bed aboard the cruiser Almirante Grau in Callao harbor today and sought a way out of the trap in which his political enemies, long suppressed, had caught him.

Increasingly ominous reports reached his bedside from Lima, where a military Junta, replacing his eleven year regime, promised the populace that he would be brought back and punished for the "misdeeds" of his dictatorship.

Friends and diplomatic corps in Lima sought from General Manuel Maria Ponce, heading the military junta, assurance of his safety, but countering their efforts were the activities of returning [illegible] political [illegible] convictions of old and stupendous scores to settle.

The former president, whose status changed overnight from dictator of one of the most powerful South American republics to that of a prisoner awaiting judgement, was said today to be seriously although not gravely ill of an uremic attack which struck him down Monday afternoon, not many hours after his resignation.

An American physician, Dr. McCormick, visited him three times Tuesday aboard the Almirante Grau. His statement stilled reports current in Lima that he was dead, or dying.

Martial law still is in force here. Complete order prevails.

DEVELOPMENT AUTHORITY IS GIVEN C. O. P.

WASHINGTON, Aug. 27 (AP)—The federal power commission today authorized the California-Oregon Power Co., to construct a 283,000 horsepower hydro-electric project on Klamath river, Oregon.

The commission reported construction work on the first unit, costing about $5,000,000 would be started immediately.

Chicago Election Officials Accused

CHICAGO, Aug. 27.—Twelve judges and clerks of election in the 42nd ward in the last April primary were reported named late today in true bills voted by the grand jury and charging conspiracy to violate the election laws.

The grand jury based its action, according to reports at the state's attorneys office, on the testimony of witnesses that votes cast in favor of Wallace F. Kirk, candidate for state senator, were changed in favor of Senator John T. Royce who died last week.

Senator Joyce had charged men from the state's attorneys office threatened voters in the 42nd ward. Joyce died before a second meeting of the grand jury at which he was to have testified.

Portland To Study Municipal Power

PORTLAND, Aug. 27 (AP) — Mayor George Baker said today he would ask the city council next year to appropriate a sum necessary to make a thorough study of the feasibility and possibilities of municipal power plants.

The amount of the appropriation, he said, has not been determined but will not be less than $25,000. Mayor Baker said under the direction of the city engineer and possibly some experts the investigation would begin at the bottom to ascertain the amount of water available in Bull Run and other sites within easy reach of Portland.

Wheat Today

CHICAGO, Aug. 27 (AP)—Wheat slid down today to a new low price record for the season. The Canadian growers' pool was reported to be selling wheat future deliveries at Winnipeg, and the wheat market here ran into orders which holders had given to stop losses at various set limits. In the late transactions, corn sympathized with wheat weakness, advances scored by the corn market earlier being more than wiped out.

Wheat closed unsettled 1¼@1½c lower than yesterday's finish. Corn closed ½@⅝c off, oats 1@1⅛c down and provisions varying from 5c decline to 7c advance.

REDS ATTACK U.S. GUNBOAT; SUFFER LOSS

Chinese Communists Fire on Foreign Ships Above Kiukiang

WOMEN TAKEN TO POINT OF SAFETY

Nationalist Airplanes From Sinanfu Drop Bombs in the Forbidden City.

SHANGHAI, Aug. 27 (AP)—Reds in the vicinity of Wusueh, Hupeh province, today attacked the American gunboat Panay, showering it with machine gun bullets. The Panay returned the fire. The damage inflicted upon the attackers was not determined. The gunboat was not damaged.

FIRE ON FOREIGNERS

WASHINGTON, Aug. 27 (AP)—Firing by Chinese communists on foreign ships forty miles above Kiukiang was reported to the state department today by American Consul General Frank B. Lockhart at Hankow.

The communists are quartered on the hillside above Kiukiang and firing on foreign vessels with field pieces, the consul reported. Lockhart said one shell which missed its target was fired at close range at a British ship on which he was traveling at 2 a. m. Aug. 24. He said Japanese and other vessels had been fired upon at the same point.

As a precautionary measure some foreign women and children have been evacuated to ships in Changsha harbor although the city was quiet up to the night of Aug. 25, the message stated.

The navy said its river gunboat Panay was one of the vessels fired on by field guns about 15 miles from Wusueh yesterday.

The Panay returned the fire and [illegible] No casualties were suffered aboard the Panay and no hits were made in the ship. The Panay is attached to the United States Yangtse river patrol.

Two Shot Down From Ambush In Kitsap County

BREMERTON, Wash., Aug. 27 (AP)—Kitsap county authorities were searching today for the unknown assailant or assailants of G. L. Christenson, 63, and John Higebar, about 60, who were shot down from ambush on the Christenson farm near Poulsbo, 18 miles north of here, late yesterday. Officers said the men were engaged in making liquor but could attribute no motive for the killing.

The men were killed instantly, Christenson from a bullet through the heart and Higebar from an abdominal wound. Four shots were fired, officers said, but apparently only two took effect. The men were working in a small shack about 150 feet from Christenson's home. The bullets were fired through the open door, officers reported. Mrs. Christenson, who an out when she heard the shots fired, found the men lying on the floor, but said she saw no sign of whoever fired the fatal shots.

She summoned a doctor from Poulsbo who reported the double killing to the sheriff.

The sheriff reported finding two 52 gallon barrels and a quantity of molasses in the shack. Water was simmering on an oil heater. Christenson, they said, had been convicted on liquor charges.

Naval Plane Burns; Aviator Is Killed

CURTISS - REYNOLDS AIRPORT, Chicago, Aug. 27 (AP)—The navy plane of Lieut. J. P. De Shazo, speeding 125 miles an hour, sideslipped into a crash beside the south bleachers and burst into flames today. The pilot and one spectator, Louis Werner, Chicago merchant, were killed, and several others were injured.

Many escaped by running as the plane fell.

De Shazo had just finished third in the closed-course 50-mile event for navy planes. He attempted a barrel roll, stalled with it half completed and sideslipped to earth.

From the ground it appeared De Shazo's Boeing ship had gone suddenly out of control. It titled, spun and veered. One wing grazed a concession booth and the plane itself narrowly missed the packed bleachers, and burst into flames as it fell.

ROLPH LEADS CALIFORNIA CANDIDATES

San Francisco Mayor Ahead in Race for Gubernatorial Nomination.

YOUNG RUNNING IN SECOND PLACE

Congressmen Renominated — Contest for Lieutenant-Governorship Spirited Fight.

SAN FRANCISCO, Aug. 27 (AP) — Mayor (Sunny Jim) Rolph Jr., of San Francisco clung to a lead of nearly 40,000 votes for the republican nomination for governor when complete returns had been received before noon

James Rolph Jr.

today from 7,768 precincts out of 10,283 in yesterday's statewide primary.

The figures: Rolph 269,945; C. C. Young (incumbent) 260,079; Burron Fitts, Los Angeles district attorney, 228,760.

SAN FRANCISCO, Aug. 27 (AP) — With complete returns from more than half of the precincts in the state tabulated early today Mayor James Rolph Jr., of San Francisco, maintained a 30,000 lead over Governor C. C. Young for the republican nomination for that office and headed Dis-

(Continued on Page Five)

SALEM FILES WATER RIGHTS APPLICATION

SALEM, Ore., Aug. 27 (AP)—What is described by City Attorney William H. Trindle as a complete surprise to the Northwest Power company and a "bombshell" to its plans was the filing late yesterday of an application with the state engineer by the city of Salem for a permit to appropriate all the waters of the North Santiam river that were unappropriated prior to December 15, 1922.

Trindle and J. C. Baar, Portland consulting engineer employed by the city, have found that all of the waters of the Willamette river and its tributaries, which includes the North Santiam, were withdrawn from appropriation on that date by Percy A. Cupper, then state engineer. The filings completed by the city yesterday asks the state to turn over to the city all the withdrawn waters of the North Santiam. Since the waters were withdrawn Trindle takes the position that the filings of the Northwest Power company and nuu and void and that the city is now first in the field in the contention for rights on that stream.

If the city's application is approved by Engineer Luper it is the intention of the city to place on the November ballot a proposed charter amendment authorizing the city to use its right in the development of power for municipal purposes.

Confiscate Liquor Valued at $150,000

NEW YORK, Aug. 27 (AP)—The Canadian sea dory Nova V, with approximately $150,000 worth of liquor in fifteen hundred cases, was captured yesterday by the coast guard off Shinnecock, Long Island, and was brought into New York harbor today by the patrol boat Cardigan.

Ten members of the crew were under arrest.

Threshing of Winter Wheat Nearly Completed—Prune Harvest Is Next

PORTLAND, Aug. 27 (AP)—The summary of weather and crop conditions in Oregon for the week ending August 26 was issued today by the United States department of agriculture, weather bureau, as follows:

Moderate temperatures during the week in all parts of the state improved conditions for harvesting operations. Scattered showers fell early in the week over Eastern Oregon and some damage to mountain ranches in the northeastern counties due to heavy downpours was reported. No rain of consequence fell west of the Cascades where it is needed by corn and truck crops; the dry weather, however, was favorable for threshing operations. Light frosts occurred in some of the high plateau counties during the latter part of the week. Water for irrigation continues scarce especially in the orchards of southern counties.

Cereals: Threshing of winter wheat is nearly completed and good progress is being made with spring wheat. In the southeastern counties, however, combines are just starting.

Fruits: Prunes are being picked in small quantities in southern orchards for fresh fruit shipments and picking of the main crop for dryers will probably begin about Sept. 1. Harvesting of Bartlett pears is progressing rapidly and the late peach crop is ripening under favorable weather conditions.

Meadows, pastures, and ranges: Pastures in the valleys are very poor and dairy herds are being fed in the southern counties. Mountain ranges show some improvement where showers occurred and water for stock is more plentiful in the northeastern counties. Feed and water continue scarce in the central part of the state.

Livestock: Range stock are reported in fair condition but milk cows are showing the effect of dry pastures. Some lambs are being shipped out of central counties.

Miscellaneous: Hop picking started early in the week and is now well under way; quality reported excellent. Truck crops are doing well with the exception of sweet corn which was checked in growth by dry weather.

Goebel Hopeful Of Surpassing Post's Record

Last of Five Entrants in Los Angeles-to-Chicago Non-Stop Air Race Leaves Ground.

METROPOLITAN AIRPORT, Los Angeles, Aug. 27 (AP)—Art Goebel, noted Los Angeles aviator and last of the five entrants in the Los Angeles-to-Chicago non-stop air race, took off at 5:10 a. m., today in an effort to better Wiley Post's time of 9 hours, 0 minutes and four seconds, set yesterday. The race is a feature of the national air races now being staged at Chicago.

His eyes on the $7,500 first prize for the best time between Los Angeles and Chicago, Goebel pulled his Lockheed Vega high-wing monoplane into the air as quickly as its 500 gallon load of gasoline would permit and headed away east on his 1,725 mile flight. His plane is powered with a super charged 425 horsepower Wasp motor.

Yesterday four other fliers flew to Chicago in varying times. They were William Brock, of Detroit, round-the-world aviator; Lee Shoenhair, Los Angeles, holder of five speed records for loaded planes; Roscoe Turner, Los Angeles, holder of the border-to-border record, and Post, Oklahoma City.

Brock was the only pilot to carry a passenger, Robert V. Brown, radio announcer, flying with him. Turner was accompanied by a lion cub.

RANKINS UP AGAIN

PORTLAND, Ore., Aug. 27 (AP) — A test flight of Tex and Dick Rankin, Pacific coast aviators, begun at 8:45:50 a. m. Tuesday, apparently had turned into a fourth attempt at the sustained flight record today with their plane, On-to-Oregon still aloft after six contacts with its refueling ship.

The test flight was started to learn if the motor had been damaged from its ten minute run without oil when the third attempt was abandoned Sunday night. An oil line broke.

HEAT FORCES HER TO GROUND

LE BOURGET, rFance, Aug. 27 (AP) —Terrific heat which caused her to have a slight sunstroke in midair today forced Maryse Bastie, French aviatrix, to the ground in the midst of her attempt to break the world's duration flight record.

Mlle. Bastie had been in the air 18 hours when she was all but overcome.

Although on the point of fainting the girl brought her airplane down to a safe landing.

She had to be assisted from the plane to a waiting automobile.

Physicians said she would be all right in a day or two but flying men asserted she had narrowly missed coming to grief.

EXPECT TO OPEN SEASON SEPT. 15

Governor Norblad Does Not Intend to Postpone Deer Hunting.

SALEM, Ore., Aug. 27 (AP)—Unless the fire hazard in Oregon forests becomes worse than it is now Governor Norblad will not interfere with the opening of the deer hunting season on Sept. 15, he announced in a statement issued late yesterday. Extraordinarily dangerous weather, he said, would cause him to keep the season closed to Oct. 1, but he said he would not close it after that date.

The governor said he had received many requests to proclaim the season closed beyond Sept. 15, the normal opening date, as a precaution against forest fires, but also many petitions not to interfere. A ban on deer hunting until Oct. 1, he added, would work a hardship on "fall workers, college professors, students and other persons from enjoying the season."

Would Crowd Hills

"If the hunting season is partly closed there will be a great number of hunters in the woods during the condensed season thereby increasing danger to life and limb," the statement said. "The deer hunters are no more careless than fishermen, hikers, berry pickers, tourists and others. The latter class of people are not prohibited by law from going into the forests during the hunting season and they far outnumber the hunters."

Another reason given is that "our Oregon season overlaps the season in some adjoining states. If the season should be closed up to Oct. 1

(Continued on Page Eight)

New Officials To Take Posts Sept. 1

PORTLAND, Aug. 27 (AP) — Jesse E. Flanders, newly appointed assistant prohibition administrator for Oregon and Captain R. A. Beman, special agent in charge of the Pacific coast states, Alaska and Hawaii, arrived here last night prepared to take over their duties.

Flanders has been ordered to assume duties September 1 succeeding W. K. Newell, deputy administrator five years. Newell was recently demoted to investigator and was ordered to report to Seattle. He was granted a two weeks leave of absence.

Negro Convict Is Killed In Prison

BATON ROUGE, La., Aug 27 (AP)—Quiet prevailed today in the Louisiana penitentiary after the killing of Curtis Blackwell, 19, negro prisoner in a riot of more than 25 convicts who refused to work on a private rice farm and barricaded themselves in a temporary wooden cellhouse.

Guards climbed to an adjoining roof and gained admittance to the cellhouse by breaking in through a vent opening. The convicts within hurled missiles, and the guards opened fire.

Blackwell was fatally wounded, a coroner's report said, by John Stovall, negro trusty guard, serving life for murder.

DEMOCRAT TO SEEK BORAH'S SENATE SEAT

Idaho Party Decides to Give Republican Incumbent Opposition

M'MURRAY NAMED FOR GOVERNORSHIP

In South Carolina, Senator Blease Leads for Nomination—Johnston Also Ahead.

EMMETT MAN NOMINATED

ST. ANTHONY, Idaho, Aug. 27 (AP)—Mayor C. Ben Ross, of Pocatello, was nominated by acclamation as a candidate for governor at the democratic state convention here today. Ross received the unanimous nomination after Asher B. Wilson, of Twin Falls, had withdrawn from the gubernatorial race and asked united support for the Pocatello mayor.

Selection of Ross followed nomination of Joseph Taylor, of Emmett, as candidate for United States senator to oppose William I. Borah, who was nominated by the republicans yesterday.

LDAHO FALLS, Idaho, Aug. 27 (AP) —John McMurray, of Oakley, was unanimously nominated as republican candidate for governor at the state convention of the party here this morning.

The nomination was made unanimous on motion of W. D. Gillis of Twin Falls, state attorney general, whose name also was before the convention for the gubernatorial post.

William E. Borah who has represented Idaho in the United States senate for 23 years, stood today as the choice of Idaho republicans to carry their banner in his fifth senatorial race.

Democrats plan to nominate a complete state ticket, including an opponent of Borah, although during the pre-convention activity it was indicated Borah would not receive democratic opposition.

Borah Re-Nominated

The senior Idaho senator, chairman of the powerful foreign relations committee and an outstanding figure in republican politics, was nominated for re-election yesterday at the state convtnol nehere. Representatives Burton L. French of the first district and Addison T. Smith of the second district also were renominated.

With the representatives nominated by acclamation, Borah was opposed by only a county delegation that from Franklin.

The Franklin county group opposed him "solely on the ground he is not a supporter of the present national administration and was not justified in fighting enactment of the present tariff bill when it was supported by other members of the Idaho congressional delegation as something of great value to the agricultural interests in the state of Idaho."

Ross Faction In Control

Supporters of Mayor C. Benn Ross for the democratic gubernatorial nomination took control of the democratic state convention at St. Anthony yesterday and predicted his nomination on the first ballot. Less sweeping claims are made by backers

INVESTIGATING DISEASE THAT ATTACKS FISH

PORTLAND, Aug. 27 (AP) — Matt L. Ryckman, state superintendent of hatcheries, said today Oregn State college veterinarians were investigating the mysterious diseases that killed 200,000 trout at the Oakridge state trout hatchery on the Willamette river.

Ryckman said the attacks were first noticed at the start of the 1930 season and an investigation was started to discover whether the disease resulted from the parasite which attacked brook trout five years ago.

Dr. B. T. Simms, professor veterinary medicine at Oregon State college, is conducting his own private investigation.

Four Fliers Are Killed In France

DIJON, France, Aug. 27 (AP) — A pilot, two non-commissioned officers and the wireless operator of a military airplane were killed early today when their machine crashed near Corcelles Lesmonts, a few miles west of here.

Two other members of the crew saved their lives by jumping with parachutes. They escaped with slight injuries.

Ten military aviators have lost their lives in France within a few hours.

Last night while in defense maneuvers six army fliers were killed when they cracked up at Chavennes, near Chartres.
