HUDKINS AND M'VEY HALTED BY REFEREE

LOS ANGELES, Aug. 27 (AP)—The case of the Ace Hudkins-Jack McVey fight, which ended last night with only a few seconds remaining in the tenth round, Referee Jack Kennedy called the affair "no contest" will be up for an airing at the meeting of the state athletic commission at San Francisco today.

The action came with only half a minute of the final round remaining. McVey, negro middleweight from New York, had hit the canvas twice for counts of seven and eight, apparently from light blows. "These came in the second and ninth."

Kennedy's ruling came with the 75th fan shouting "Fate." They applauded his decision long and loud.

Hudkins showed only faint remembrance of the ripping tearing style that once made him a terror of the rings and gave him the sobriquet of "Nebraska wildcat." McVey was apparently holding his punches, and failed to follow up advantages resulting from short jabs which seemed to jar Ace.

As a result of the decision both fighters are automatically suspended and their purses withheld.

Canzoneri Defeats Hess In 10 Rounds

NEW YORK, Aug. 27 (AP)—The first eastern ring appearance of Goldie Hess, Los Angeles lightweight, has ended in disaster.

Hess, holder of the California 135-pound title, dropped the decision to Tony Canzoneri, of New York, in a stadium bout at the Queensboro stadium last night. There were no knockdowns but Canzoneri, centering his attack on the far westerner's body, won nine of the 10 rounds.

HONEY CO-OP IN FLORIDA SEEKS BIGGER PRODUCTION

TAMPA, Fla. (AP)—One hundred and fifty tons of honey has been set as the production goal for this year by Florida beekeepers, who have formed a cooperative marketing association.

In addition to providing better marketing facilities for the honey crop, efforts are being directed toward improvement of the product.

Tapestry and gallery art are almost the only kinds produced in the state that contain enough levulose sugar to prevent granulation. It is believed that by mixing the varieties with orange and other honeys that granulation may be prevented.

OLD TIME ECCENTRIC'S VILLA BECOMES MUSEUM

ATHENS (AP)—In view of the Byzantine Congress, to be held here in October, a new museum of Byzantine art is being prepared by Prof. George Soteriou in the former villa of that strange French woman born in America, the Duchess of Plaisance (Placencia).

Born at Baltimore in 1787, the duchess married one of Napoleon's marshals, but left him to come to Greece with her daughter, whose embezzled body she subsequently carried about with her till it was burned in a fire. Very superstitious, she never quite finished a house, and her villa, "Plaisance," was completed only after her death in 1854. Until lately it served as barracks.

She ordered that a shepherd should watch over her grave and that a bottle of wine should be buried with her, in case she came to life in the grave.

EGG YOLKS CHANGE COLOR IF HENS EAT DRY PEPPERS

ATLANTA (AP)—Dried peppers, given to a powder and mixed with mash fed to chickens will change the color of yolks of eggs and even the skin of the chicken itself.

This is shown by experiments at the Georgia experiment station here. Waste materials from pimento pepper canneries were used for the tests.

The experiments also showed that eggs from pimento-fed hens hatched 100 per cent, whereas eggs of hens not fed this ration had a much lower hatching average. Additional coloring in the feathering of the pimento fed birds also was noted.

MANY ITALIANS SEEK JOBS IN OTHER LANDS

ROME (AP)—Half the passports issued by Italy are for Italians who wish to go abroad to work. Of the 183,000 persons granted passports in the last fiscal year, 130,633 were looking for work and 132,373 traveling for other reasons.

Most of those who get passports permitting them to work abroad, go to France. There is little unemployment there and jobs are easier to find.

All passports require the holders to return to Italy within a certain time.

Union Prepares For Harvesting Of Prune Crop

By W. V. Connor (Observer Correspondent) UNION (Special) — Box making, preliminary work for the annual prune harvest, is now going on in the packing plants. Growers are expecting a good yield and hoping for market prices which will justify the handling of the crop.

The Ladies' Bible class of the Methodist church will hold a picnic in the grove at the state experiment farm this afternoon. Mrs. Emily Ock is the teacher of this class.

Thousands of bushels of figs are grown annually in Florida.

Sport Slants

By Alan J. Gould (Associated Press Sports Editor) Another great mystery seems to involve the career of Rogers Hornsby. If the suspicions of the boys are well-founded, the Rajah, now serving his fourth National league club, may be attached to a fifth by next season.

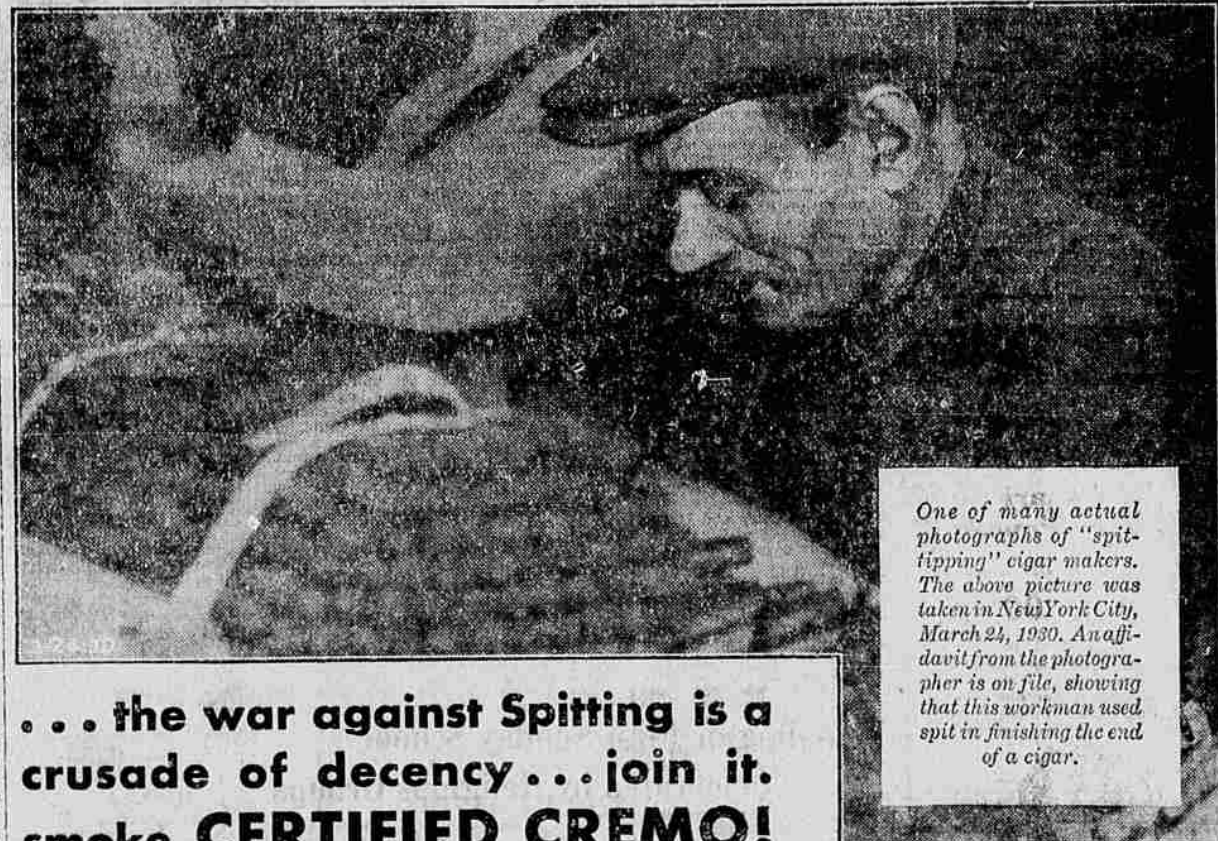

Hornsby won the \$1000 prize for being the league's most valuable player in 1929, when he helped the Cubs capture the pennant, but he has been of little service to the team this year. The famous second baseman broke his ankle in May and was on crutches for a month.

Recently, however, Hornsby has returned to uniform and practice—but not to the lineup.

The mystery is that the Rajah, despite his potent warclub, has not even been used as a pinch-hitter, though able to get around all right. So it is the whisperers are heard that Hornsby is, strangely, "in bad" again. The mysterious circumstances under which he left the Giants after playing for them have never been explained. He was traded to New York by St. Louis after leading the Cardinals to their first pennant and world's series victory.

Spit is a horrid word, but it's worse if on the end of your cigar

One of many actual photographs of "spit-tipping" cigar makers. The above picture was taken in New York City, March 24, 1930. An affidavit from the photographer is on file, showing that this workman used spit in finishing the end of a cigar.

CHICAGO PROUD OF HACK'S HITS

Wilson Now on Even Terms With Babe Ruth in Home Run Contest.

By Hugh S. Fullerton Jr. (Associated Press Sports Writer) Chicago's baseball fans are about ready to look hopefully in the direction of New York and ask, "Who is this fellow Ruth?" for Hack Wilson, betty home-run hitter of the Cubs, has a new National league record in the Ruthian specialty and has drawn up on even terms with the great Babe in this year's competition at hitting four baggers.

Hack hit his forty-fourth home run of the season to put a finishing touch on the Cubs' 7 to 5 victory over the Pittsburgh Pirates yesterday.

Wilson's record is now 144 home runs in 150 games, while Babe's record is 143 in 150 games.

Wilson has beaten the young Philadelphia slugger in the season's totals while the Babe still is a week ahead of the record he set in 1927.

Another week at home before they start on their final road tour, and Wilson has hit most of his homers in Wrigley field. The Chicago triumph yesterday put the Cubs 5 1/2 games ahead of the New York Giants, who had a day of rest before the start of their series with Brooklyn.

The St. Louis Cardinals continued their advance to the only other National league game, defeating Cincinnati, 3 to 1, for their seventh successive victory. The victory left St. Louis only a half game behind the third place Brooklyn Robins with some prospects of improving their position as they continue against the Reds today while Brooklyn tackles the Giants.

A's Trim Senators

Only one game was scheduled for the American league yesterday and it finally brought the Philadelphia Athletics out of the difficulties which had beset them in the first two games of their series with Washington to a final 10 to 9 triumph which put them again in a fairly safe place, 7 1/2 games in the lead.

BOBBY RETAINS TOUCH

ATLANTA, Aug. 27 (AP)—Note to amateurs: F. T. Jones Jr., still retains the single touch which won him three golf titles this year.

Practicing for the national amateur at Merion, next month Bobby went over a new nine hole layout at Eastlake, his home course, with his father yesterday. He shot the first hole in an eagle three and then had seven pars in a row.

ATHLETES OF TWO NATIONS TO MEET

England and America Clash on Historic Soldier Field This Evening.

CHICAGO, Aug. 27 (AP)—Under the retreating rays of huge arc lights, winged Mercuries of the British Empire and the United States clash on Soldier Field tonight in another international classic of the cinder paths.

The battle of brawn and flying spikes, the fourth dual international track and field meet between the two English speaking nations, promised an estimated throng of more than 25,000 spectators thrills and new records. The meet falls on the second anniversary of the signing of the Kellogg peace pact.

Brightly aided by its best talent from all continents, presented a formidable front but was expected to lose in the 14-event struggle, although the result appeared to hinge on but two events—the 400-yard relay and the 480-yard shuttle race.

In these two races, the Americans had the best record on season's form.

Americans Depend on Weights

All six of the running races were all but conceded to the Britons while the American stars, most of them from the Pacific coast, expected to score a grand slam of first places in the weight and field events.

Leading England's invading army were such stars as Lord David Burghley, Olympic 400-meter hurdle champion; Jack London, second in the 100 meters at Amsterdam; Wilfred Legg, of South Africa, finalist in the 100 meters at Amsterdam; Douglas Lowe, winner of the 800 meters at Amsterdam and at Paris in 1924; Eric Liddell, of Scotland, winner of the 400 meters at the 1924 Olympic games; James Ball, Canadian 400 meter star; Leigh Miller of Canada, who defeated all opponents in the indoor sprint last winter; Cyril Ellis, England's great miler; Phil Edwards, former New York university star half miler who will represent Great Britain and Ireland; New Zealand's long distance javelin thrower, Tolan, Simpson to Run.

Prominent among the American stars were Orval Martin, national intercollegiate one mile champion; Tom Warne, national collegiate pole vault champion; Eddie Tolan, George Simpson, dash stars; Ed Hamm, Olympic broad jump champion; Steve Anderson, Washington university hurdler; Herman Brix and Eric Krenz, shot putters of fame; Ray Conger, distance star and Lee Sentman, University of Illinois hurdler star.

A 100-yard dash will be held as a special attraction but the points will not count in the final tabulation. William H. Castle, assistant secretary of state, will act as an emcee for President Hoover tonight, greeting the athletes in an address before the opening of the meet.

Fair weather was the forecast.
