

Menus Of The Day

EGG PLANT IS SEASONABLE
Dinner Menu
 Browned Egg Plant or Corn on the Cob
 Bordeaux Sauce
 Bread Butter
 Tomato Salad
 Dutch Apple Cake
 Cream Coffee

Browned Egg Plant, Serving 6
 1 egg plant.
 2 teaspoons salt.
 1 egg or 2 egg yolks.
 1 1/2 cups crumbs.
 1/4 teaspoon paprika.
 1/4 teaspoon celery salt.
 3 tablespoons fat (bacon fat can be used).
 Wash egg plant, cut in 1/2 inch slices, crossways. Cut off rind. Sprinkle with salt and let stand 1 hour under a weight. Wash slices and dip in the egg which has been beaten. Dip in crumbs. Heat the fat in frying pan. Brown slices well. Lower fire and cover with lid and cook 5 minutes or until slices are tender when tested with fork. Arrange slices overlapping on a serving platter. Garnish with parsley and hard cooked eggs.

Bordeaux Sauce
 (Delicious with hot or cold meats)
 2 quarts chopped cabbage.
 1 quart chopped green tomatoes.
 1 cup chopped green peppers.
 1 cup chopped onions.
 2 tablespoons celery seed.
 4 tablespoons white mustard seed.
 1-3 cup salt.
 4 cups vinegar.
 2 cup sugar.
 Mix ingredients and cook slowly 30 minutes. Pour into sterilized jars and seal.

Dutch Apple Cake
 (Serve hot or cold)
 2 cups flour.
 3 teaspoons baking powder.
 1 tablespoon sugar.
 1/4 teaspoon salt.
 4 tablespoons fat.
 1 egg.
 1 cup milk.
 Mix flour, baking powder, sugar and salt. Cut in fat with knife and add egg and milk. Mix just enough to hold ingredients together. Pour into greased, shallow pan. Add the topping.

Apple Topping
 1 1/2 cups sliced apples.
 1/2 cup water.
 1/2 cup sugar.
 1 teaspoon cinnamon.
 2 tablespoons butter.
 Mix apples and water. Cover and cook slowly 5 minutes. Add rest of ingredients and cook 2 minutes, stirring constantly. Cool. Spread on soft dough and bake 20 minutes in moderate oven.

FAMOUS COACHES TO PICK WINNERS IN RADIO TALKS
 NEW YORK (AP)—Three of the country's gridiron experts, Knute Rockne, Glenn Warner and Tad Jones, will predict football games of the coming week in a series of radio talks over WABC and the Columbia broadcasting network.
 In a series of "Prediction Interviews" on the eve of the big games, the experts will prophesy the results and probable scores each week.

PUTMAN'S Here Are the Definite NEW FASHIONS For Fall

A COLLECTION of advanced models in versions that everyone can wear. The feminine silhouette adds flattering touches of lace, bows and lingerie touches — new material and colors.

\$17.50 & up

DRESSES of travel tweed for general daytime wear, dresses of Canton crepe with bloused waists, pleats and lingerie vestees and sleeve detail — dresses of satin with moulded hip, diagonal closing, shirred blouse, eggshell satin vestees — jacket dresses with flared skirt. Glorious browns, rich wine shades, greens, blues, classic black.

The program starts September 5. Christy Walsh, sports promoter and newspaper man, will interview Rockne on this date before the microphone. The following Friday Walsh will interview Tad Jones, and one of the three each Friday at 9:30 p. m. (EST) thereafter.

Rockne, Warner and Jones comprise the All-American board of football which selects an All-American team each year.

MECHANICAL "EAR" TIMES LENGTH OF ECHO EXACTLY
 NEW YORK (AP)—An "electro-acoustical ear" that translates sound into an electric spark to do one special listening job better than human ears is described to the Acoustical Society of America by E. C. Wente and E. H. Biedell.

This mechanical ear tells how long an echo lasts. Human ears are not specially accurate at such timing because some hear dying sounds longer than others. The electrical ear, made at the Bell Telephone Laboratories, changes the sound into electric current, the volume of which depends on loudness.

When this sound has died to the limit representing the average minimum human hearing, a trigger arrangement shuts off the current and shoots a spark into a waxed paper on a revolving drum. The position of this burned mark gives the time the echo lasts.

EXPERIMENTAL DIET CURBS TEETH DECAY
 ANN ARBOR, Mich. (AP)—Cavities in teeth are germ diseases which can be stopped by proper diet, according to experiments at the University of Michigan.

Children at Maumee, O., and Lapeer and Coldwater, Mich., given this special diet for a year, showed marked reduction of bacteria of the mouth. They developed no new cavities, and unfilled cavities did not show any increase in size.

Dr. R. W. Bunting, professor of oral pathology, who directed the experiments, attributes cavities to Bacillus acidophilus. The children's diet included green vegetables, fruit and one quart of milk daily.

FISH HAS "ELEPHANT" TRUNK
 CHICAGO (AP)—A specimen of a fish with a trunk resembling that of an elephant has been received at the Field museum here. It comes from Sumatra, and is known popularly as a "mud eel." The fish is used as food in China.

1930 STONE METEOR HEAVIEST
 PARAGOULD, Ark. (AP)—The 820 pound stone meteor which fell near here February 17, 1930, is the largest stone meteor recorded. Iron meteors have been found much heavier, up to between 30 and 40 tons.
