GLEANINGS By O. N. S.

La Grande is rightfully proud of its business section. Recently Oregon State college professors here for a business institute said La Grande show windows were among the finest in the state outside of Portland. Quality and variety of merchandise handled is sufficient to attract shoppers not only from the La Grande territory, but occasionally from west of the Blue Mountains and from Baker county points.

"Unemployment in U. S. Lower Than Expected" (headline). We suppose a lot of calamity howlers thereupon went home and sulked. We notice that Americans are making failures in foreign tongues now. We sincerely hope that someone doesn't ship the wrong films. That would be a telegraphical error, wouldn't it?

The Australian government plans to take on its own shoulders the relatively enormous debt burden of \$5,500,000,000 and to wipe out a deficit of some \$70,000,000.

The Wallawa county fair, a three-day event at Enterprise, will open Sept. 4. This is one of the few remaining county fairs and is one of the best in the inland Empire, worthy of general support from the people of both Wallawa and Union counties. Incidentally, one of the greatest things that a county fair can accomplish is to build up boys' and girls' interest in agriculture. Wallawa county's fair does considerable along this line.

The volume of business in savings banks has increased in the last 10 months, the Associated Press tells us. We take it to mean there is more money in circulation, because the average person doesn't deny himself much in order to save. And, in turn, if there is more money in circulation, it means that there is more employment, more business and increasing prosperity.

DO YOU KNOW THAT:
Cotton has been grown in Union county?

Mrs. O. J. Skiff, of Union, grew cotton to maturity in her home a year or two ago. The cotton was from Arkansas seed and was treated like an ordinary house plant.

Jay Saltzman To Move to Eugene

THE DALLES, Ore., Sept. 3 (AP)—Jay Saltzman, recently promoted to a captaincy in the state traffic department, left today for Eugene where his new headquarters will be established. Buck Lieutell, who succeeded Saltzman as lieutenant in the traffic service for this district, will make his headquarters at Pendleton. Sergeant E. R. Thurber who worked out of The Dalles, Saltzman will continue to work out of The Dalles.

McGraw Signs Contract
NEW YORK, Sept. 3 (AP)—John J. McGraw, manager of the New York Giants for more than a quarter of a century, announced today he had signed a contract to lead the Giants for another five years. Announcement was made at this time, he said, to dispel rumors that he was to move to the American league or to some other national league club.

BERTHA SIMON'S ARRESTED
PENDLETON, Ore., Sept. 3 (AP)—Bertha Simon, said to be wanted in several Eastern Oregon cities for questioning in connection with bad check operations, was arrested here yesterday for Baker officers.

The fish hatchery at Warm Springs, Ga., has an annual output of 400,000 bass, 150,000 bream and 15,000 catfish.

North Carolina spent \$16,525,000 on its highway program last year. The income was \$19,954,000.

CUYLER LIKELY TO BEAT HIS BASE THEFT RECORD

CHICAGO (AP)—Kiki Cuyler, baseball's most notorious base robber, threatens to beat his National league record of 43 stolen sacks. It was set last year.

Lightning speed, a shrewd knowledge of every pitcher's movements and ability to make an inside or outside hook the Cuyler's stock in trade. Battling ahead of Hack Wilson also has its advantages. This year Cuyler deliberately beat a pitch out.

Cuyler has averaged 35 stolen bases a season.

GIANT RAYS IS FEET WIDE SHOW UP IN GULF WATERS
BROWNSVILLE, Tex. (AP)—The latest report in this section is harpooning the giant rays which have been found in large numbers near the mouth of the Rio Grande.

Schools of the fish, seen here for the first time in years, have appeared suddenly. A boat containing five fishermen recently was towed by a giant ray five miles out into the gulf. The fish had been harpooned and the rope became tangled in the propeller and could not be cut. Other fish seldom caught near here which have been hooked this summer include the dolphin and the blue fish.

KLAMATH MAN FATALLY SHOT, YOUTH HELD

Carter of the Kennell-Ellis Studios at their cottage on the Alsea river, near the coast, Carter said today. This plane was altered when Dunbar, apparently unable to come to Salem, telegraphed Miss Bacon to meet him at Crescent Lake. Dunbar visited her in Salem about six weeks ago, Carter said.

Mr. and Mrs. Carter speak highly of Miss Bacon. Until about a year ago, they said, she was employed by the Johnson store at Eugene. After leaving her position there she was with the Kennell-Ellis studio at Eugene, then at Klamath Falls and transferred to Salem last June.

In Salem Miss Bacon makes her home at the Royal Court apartments with Miss Arlet Howell, stenographer for a law firm; Miss Irene Johnson, clerk at a pharmacy; and Miss Sylvia Larson, employed at a beauty parlor.

FRENCHMEN SPAN OCEAN IN NON-STOP

(Continued from Page One)

surged against the guard ropes and the fences, testing the strength and the temper of hundreds of a police. "Viva Coste," many shouted in the best Long Island French "hooray for Coste," they yelled.

Sensing the danger in the whirling propeller of his ship and fearing any moment the wall of blue might break and let through a flood of humans, Coste stopped his engine while still a hundred yards out in the field and he and Bellonte climbed wearily from the plane.

NEW YORK, Sept. 3 (AP)—The zeal of American souvenir hunters who tipped a piece from the fuselage of the transatlantic plane "99" on its arrival with Coste and Bellonte from Paris last night may cost the French aviators the \$25,000 Easterwood prize hung up for a Paris-Dallas flight.

The fliers said this morning that their plane had been damaged by souvenir hunters shortly after they landed it here and that they would have to discover the extent of the injuries and find out how long it would take to repair them before they could say whether the New York-Dallas flight could be made in the time to win them the prize money, put up by the wealthy Dallas man.

They were also trying today to ascertain whether it would not be possible for them to win the prize money if they got away for Dallas tomorrow morning.
