CARIDEO TELLS OF GREATEST THRILL
Says Quarterback Must Not Back Down From First Decision.

(This is the final of a series of stories on the intimate football experiences of Frank Carideo, Notre Dame's All-American football star.)

By Paul Mickelson
(Associated Press Sports Writer)

SOUTH BEND, Ind., Jan. 16 (AP)—Frank Carideo marshaled two of the mightiest teams in football history, won unanimous selection as the All-American quarterback two years straight, heard more than a million fans cheer his exploits and yet—his greatest thrill of all came on the first play he ever made for old Notre Dame—a play that didn't even muster a cheer. The play was his first tackle.

"My thrill of thrills in football came on an afternoon in October, 1928. We were being pushed all over the field by little Leola college of New Orleans and Coach Rockne, perhaps in desperation, sent me into the game with a flock of subs. No sooner had I staggered stage struck into the game when a Loyola back wriggled through and charged at me—the last obstacle between him and a touchdown. I lunged at him wildly with everything I had and downed him. I hugged him for what seemed to me to be an hour—he must have thought I was a mad man—and got my big thrill when the referee pried me away. I'll never forget it."

A quarterback who calls a play and then backs down from it at the instance of his dubious mates never will be a success, Carideo believes. "Once you decide on a play, carry it through," he explained. "Every quarterback sometimes will experience a mild rebellion among his teammates. During the game with the Navy last fall I had mine. The ball was in midfield in our possession and I decided to try for a first down instead of punting safely. Several of the fellows told me I was crazy to risk it. But I stuck to my guns, we made the first down by the unexpected thrust and marched down for the first and psychological touchdown. Never again was my judgment as sound as that. I called for a drive right along the line, and the customary sweep to the other side or the conventional step-out and the boys played so perfectly that I did along the line for a first down—one play that beat the Tartans."

Carideo attributes his whole football career—a career that will be extolled as a teacher next fall when he drills Purdue's backfield to "accidents." He accidentally got into football at Mount Vernon, New York high school when 15 years old; he accidentally attained his quarterback career at Dean academy, Franklin, Mass., then the coach used him because the other quarterbacks forgot signals and Frank always corrected them. He was transferred to Notre Dame by Rockne for just about the same reason.

"But no accident will ever cause Notre Dame to forget him," joined in Knute Rockne. "He was one of the smartest players Notre Dame ever had and I think he will go far in the coaching world—with no accidents."

Allen Scans Setup of Cage Races; Finds Columbia Leader to Repeat

This is the second of a series of weekly basketball articles written by Forrest C. "Phoe" Allen, director of athletics at the University of Kansas. Allen here gives the outlook for the conference races now starting over the country.

LAWRENCE, Kan. (AP)—With preliminary pre-season inter-sectional skirmishes over, varsity basketball teams over the United States now turn to the serious business of their conference battles.

Columbia university, Eastern inter-collegiate champions, looks to repeat. With such coaches as Meehan and Mosey and with Gregory, the versatile colored lad who does everything to lead their offense, the New York boys are favored to win a second straight conference title. However, Dartmouth appears strong and should give the Lions a great battle.

The resignation of Eddie McNichol at Pennsylvania gives the coaching reins to Lou Jourd'hean. Penn had had luck in clashes with Western conference teams this year. Wisconsin, Michigan, Ohio State, and Indiana lowered Pennsylvania's color. New York university finished strong last year and should be among the east's leading quintets this season.

The University of Pittsburgh, which enjoyed a great season last year, due to the efficient coaching of Dr. "Red" Carlson and the sensational shooting of Capt. Charlie Hyatt, seems weaker this season as shown in recent defeats.

Syracuse university with Lou Andrews at the helm should have another good year. Coach Andrews is president of the National Basketball Coaches association.

Alabama won the Southern conference title last season, but failed to repeat. The year in an early northern invasion.

Southern basketball like the game on the Pacific coast, is improving by leaps and bounds. It will be but a short time until the southland's indoor teams will be as serious a threat as her great football, baseball, and track teams. Look out for the south!

In the western conference probably leads the nation in perfection of organization and exciting basketball games. Purdue, the all-victorious conference champion last year, will be closely pressed by Wisconsin, Michigan, Northwestern, Indiana, and probably Iowa or Illinois.

"Piggy" Lambert of the Boilermakers has a promising group of holdovers. The loss of "Stretch" Murphy will be felt by Purdue and predictions are that the Indiana aggression will lose at least two games this season.

The Big Six conference perhaps will see a new champion crowned. Missouri won last year, but the veteran quarter-backs must be replaced for the 1931 grid. The Kansas Aggies, Nebraska, Iowa Aggies, and Kansas are picked by critics to have a chance for first place.

Creighton university and Washington university of St. Louis, co-titular holders of the Missouri valley conference have powerful teams this year. Creighton is strong. The University of St. Louis Aggies under Coach George Rody present a serious threat to the title holder.

The University of Arkansas, last year winner in the south-west conference fared badly in their pre-conference sally in Kansas. Texas and Southern Methodist are likely to push Arkansas for premier honors.

Colorado and Utah Aggies, eastern and western title holder of the Rocky mountain conference did not meet. The University of Utah, Brigham Young university may bar their progress to a titular bid the coming season.

Sain Barry of the champion University of Southern California outfit won the Pacific coast championship his first year after leaving Iowa, U. S. C. is not so strong this year.

John Bunn, new varsity coach at Stanford university has the material to win the national title. He is a threat this year. Bunn formerly was the University of Kansas freshman coach.

California under "Nips" Price looks to be the favorite for the Pacific coast title with "Hee" Edmondson of the Washington Huskies the choice for the northern section.

Golden Leading Golf Tourney At Agua Caliente

AGUA CALIENTE, Mexico, Jan. 16 (AP)—Only \$100 was Johnny Golden's remuneration for the golf he played in the Agua Caliente \$25,000 open tournament a year ago, yet today he passed the halfway mark of the second renewal with a one stroke lead over the rest of the quest for the \$10,000 first place money.

Another spectacular finish yesterday gave Golden the privilege of leading. He had completed the first nine holes in 35 minutes and was on a six on the eighth. Then he came back with a rousing finish, bagging two birdies on the last two holes for a 35 and a 73.

Second among the 52 or 53 starting professionals was Ed Dudley, professional from Wilmington, Del., who stepped into the role of a major money winner only a few days ago by taking the Los Angeles open, with a total of 144.

Tied for third was the Scot, MacDonald Smith, New York, and the Spaniard Mortie Dutra, Long Beach, Cal., with cards of 146. Five others were clustered at fifth. They included the defending champion, Gene Sarazen, New York; Horton Smith, New York; George Von Elm, Los Angeles, who as an amateur last year took first honors in the unpaid class; Tony Driver, Chicago, and A. Beyer, Portland, Ore., topped the list of 11 surviving amateurs with 154.

Notre Dame Will Lose 3, Says Rock

BUFFALO, Jan. 16 (AP)—Tough on Notre Dame, it's going to lose at least three to the Knute Rockne of baseball. Knute Rockne said so in a speech here. He thinks too much success is bad, for "if you keep on winning the alumni will not have anything to talk about."

NEW YORK, Jan. 16 (AP)—Members of the stove league figure that John Bunn is the Knute Rockne of baseball. Notre Dame stars become football coaches and McGraw's graduates manage baseball teams.

Signboard Tells World of Sunny Jim

NOKOMIS, Ill., Jan. 16 (AP)—This Illinois mining town is to put up another signboard.

On the concrete highway, near Hillsboro, a large sign that tells passing motorists they are "12 miles from Nokomis, home of Jim Dottomo."

On the other side of Nokomis another sign tells motorists about Charles Buffing, the Yankee pitcher, who also lives here.

Now that Andy Bednar, another native of Nokomis, a member of the Pittsburgh Pirates, merchants have decided to honor him with a similar signboard.

It should not be necessary to qualify Big Bill Tilden as a witness in the Davis Cup case. Over a period of ten years, he played in and won more championship tennis matches than any other tennis player in the history of this international competition.

We were discussing this year's prospects and the suggestion of the retiring president of the U. S. L. T. A., Louis B. Daley, that the 1931 American cup squad consist of Frank Shields, Sidney Wood, Gregory Mangin and Cliff Sutter.

"That's all right if the intention is just to toss overboard all the experience, time and money devoted to the Davis Cup work of the last three years," remarked Tilden.

"What's the matter with Lett, Doeg, Van Ryn and Allison? Are they to be sniped out just because they are married men and have some business responsibilities now?"

"These four should compose the 1931 team. They have just begun to acquire the experience and

Frances Hurries To Bar Door As Jobs Decrease

PARIS (AP)—France has been a year late in feeling the pinch of the world economic depression, but now discovers that their nation has an immigration problem on its hands. It is pointed out that 1,700,000 foreigners are among the 12,000,000 workmen drawing wages and salaries in France.

That state of affairs did not seem so significant last October 31, when official figures showed that there were fewer than 2,000 workmen earning dollars from their jobs in other funds. Since then the picture has changed.

In November the number of unemployed increased at the rate of about 1000 a week, and December 1 found the official total close to 6,000. The next four weeks found unemployment increasing at the rate of 1,500 a week, and the turn of the year saw the total almost at the 19,000 mark.

The Ministry of Labor has decreed that all demands for work permits emanating from foreigners desirous of entering France shall be handled by a special bureau created for that purpose. Each application is examined individually.

Now instructions have been issued for a general census of all foreigners working in the country, to ascertain how many have entered fraudulently. Any culprits will be escorted to the frontier.

Something Wrong With The Weather

MIAMI, Fla., Jan. 16 (AP)—Something went wrong with the weather Thursday. Schools were dismissed because of the cold in the land far from Florida. The cold was handled by a special bureau created for that purpose. Each application is examined individually.

Now instructions have been issued for a general census of all foreigners working in the country, to ascertain how many have entered fraudulently. Any culprits will be escorted to the frontier.

NOW'S THE TIME FOR "BX"
FANS TO TURN DIALS

Radio is nearly at its peak for the winter season as far as distance broadcasts are concerned, and DX fans throughout the nation, and other points over the nation, are turning the tuning dials of their sets, brought in KGR, a 100-watt station from Buffalo, New York, on 660 kilocycles, with loudspeaker effectiveness, and the same fan had JOIK, a 10,000-watt Japanese station, on 100 kilocycles (961.2 meters), about 1 o'clock Wednesday morning, with fair reception. Reports have been heard in recent weeks of receiving stations in Mexico, Hawaii and other countries within the strong set's radius of reception. Tuesday evening several Eastern stations were coming in with nearly the strength of Western broadcasting stations.
