Rainbow Officers Are Installed At Meeting Saturday

With imposing ceremonies, the recently elected officers of the Order of the Rainbow for Girls were installed in their various offices at the regular meeting held at the Masonic hall Saturday evening. There was a large attendance of visitors as well as members of the organization to witness the installation which was conducted by Mrs. F. L. Robinson, worthy matron of Hope chapter, Order of the Eastern Star as installing officer. Miss Lois Hansell, installing marshal, Miss Marylou Piper, retiring worthy, and Miss Wetzell, installing recorder.

Those who took up their work for the new period were—worthy advisor, Edna Brown; worthy associate advisor, Pauline Conrad; sister of charity, Margaret Milne; sister of hope, Katharine Wissler; sister of faith, Evelyn Piper; recorder, Margaret MacAllister; treasurer, Thelma Strain; chaplain, Daphne Bowers; drill leader, Janet Binger; sister of love, Frances Richards; sister of religion, Dorothy Stuart; sister of nature, Dorothy Rhine; sister of immortality, Genevieve Adler; sister of fidelity, Maravene Kiddie; sister of patriotism, Jean Devine; sister of justice, Arline Conrad; pianist, Clara Norris; confidential observer, Mildred Shumate; outer observer, Atha Dunsire; choir director, Ruth Maguire; clerk, Miriam Miller; secretary, Wenonah Nichols; Annabelle Madden; Margaret Dixon; Helen Melville; mother advisor, Mrs. Vera Nusbbaum; advisory board, Mrs. Victor Melville, George S. Birnie, Mrs. O. May Noyes, Mrs. W. Nusbbaum, Mrs. Charles Graham, Edith Ebell, Katheryn Moran, George Cochran and W. W. Nusbbaum.

Miss Young Will Give Talk Tonight

Miss Gertrude Young will discuss Italian Literature, giving special attention to D'Annunzio at the meeting of the Neighborhood Literature group tonight at the La Grande hotel at 200.

Miss Mabel Doty is chairman of the group and has arranged the program.

Miss Bohnenkamp Entertains Friends

Miss Betty Bohnenkamp entertained a group of her school friends at her home Friday evening with games and music. They toasted marshmallows at the fireplace, and refreshments were served by the mother of the hostess at a late hour.

Guests were Miss Mae Andrew, Helen Melville, Margaret Dixon, Mildred Brock, Miriam Miller, Jack McVey, Helen Hedden, James Bruce, Bobbie Reuter, Roswell Weeks, Lawrence Roberts and the hostess.

Winona Lyman and Otis Veal Married

At a simple ceremony at the Latter Day Saints church in Portland, Miss Winona Lyman, daughter of Mr. and Mrs. George Lyman, and Otis Veal were married Sunday. They were attended by Mrs. Veal's brother, Rollie Lyman, and by Miss De Loris Pearson, also of La Grande. Mr. Sloan, president of the northwest mission, officiated at the ceremony.

The bride was dressed in brown velvet with accessories to match. Immediately after the wedding, Mr. and Mrs. Veal left for a wedding trip into Washington and plans to be in La Grande after about one week. They will live at 905 Main avenue.

Mr. Veal is proprietor of the Sacajawea barber shop.

Mohawk Club In Enjoyable Party

Mr. and Mrs. Jack Oliver entertained the Mohawk club Saturday evening at their home for four tables of bridge. Mrs. Joel Richardson and Alva Crowley made high scores, while Mrs. Gertrude McVey was presented with the guest prize.

A two-course luncheon was served by the hostess following the cards.

Mr. and Mrs. James Oneal will entertain the club at their home at the meeting to be held in two weeks.

N. O. W. To Install Officers Tuesday

Mrs. Belle Devine will be installed as guardian neighbor of the Neighborhood of Woodcraft at a meeting Tuesday evening at the K. P. hall at 7:30. The installation will be public and will be conducted by Mrs. Maud Mardell, grand officer, of Portland.

A luncheon and program will follow. Other officers to be installed are: worthy advisor, Martha Hansen; clerk, Laura Burnett; banker, Mary Yeske; managers, Mabel Hummel, Lou Richards and Mary Donovan; imigianin, Alice Pettis; attendant, Ella Wilhelm; inner sentinel, Frances Richards; outer sentinel, Mae Silyis; captain of the guards, Hazel Robins; flag bearer, Edith Happersett; s. c. correspondent, Christine Duncan; senior guardian, Lucy Buel; musician, Winifred Cass.

Juvenile Circle Meets Saturday

Billy McMaisters was initiated into the Woodcraft juvenile circle, No. 70, when the members met Saturday at the hall. Miss Doris Duncan, guardian neighbor, presided at the initiation at which were present: worthy advisor, Mrs. Hansen; imigianin, Billy McMaisters; and Winton Puckett, second. Ella Engel won the table prize. Mrs. Cora Stacey is senior guardian of the group which is made up of the children of Neighbors of Woodcraft.

Mrs. Coleman Is Honored by Club

Mrs. James Coleman, who is leaving soon for Enterprise to join her husband, was honored by the San Juan club Friday evening at the home of Mrs. J. H. Stoebling. Pinochle was played at two tables with Mrs. Coleman receiving high prize. At a late hour the men arrived and refreshments were served by the hostess.

Mrs. W. H. Stoebling will entertain the club at her home on February 9. Guests for the evening were Mrs. J. A. Coleman, Mrs. J. M. Brock, Mrs. O. P. Bayles, Mrs. W. H. Stoebling, Mrs. C. Brady, Mrs. Lee Stisher, Misses Marguerite and Hazel Coleman and Elaine Konecic.

Missionary Group In All-Day Meet

A potluck luncheon and all-day sewing meeting were enjoyed by the Young Peoples' Foreign Missionary society of the church of the Nazarene Saturday at the home of their leader, Mrs. James Gillaspie.

The day was spent in sewing articles which will be sent to mission fields of the church.

Luncheon
Cottage Cheese and Pineapple Salad
Bread
Gingerbread and Tea
Dinner
Noodles and Corn Buttered Spinach
Bread Cinnamon Jelly
Head Lettuce and Russian Dressing

Millions Needed To Free Forests Of Blister Rust

SPOKANE, Wash. (AP)—To control a parasite more deadly to Northwest forests than fires, an expenditure of more than \$7,500,000 within ten years will be necessary.

This is the estimate of forestry experts of the federal government and Northwest states meeting here to plan a concerted defense from the blister rust that reached the Pacific coast from Europe eight years ago.

The forest industries in Washington, Idaho, Oregon and Montana—some 3,000,000 acres—produce an annual revenue approximating \$40,000,000. More than a million and a half acres of this timber is controlled by the United States largest "owner."

The blister rust, less spectacular than the fires, is potentially more disastrous. E. K. McHarg, inspector of the federal forest service, said, "The fight against it has been organized, and damage has been confined to thousands of dollars rather than millions."

The rust grows quietly like a fungus on gooseberry and currant bushes, is wafted to pines, spruces and kills them and their duff back to the bushes for another cycle. Eradication work consists of killing bushes by uprooting or damaging them with chemicals.

"The United States is the only country to achieve control of blister rust, as European nations have given up growing of white pines because of it," said Col. Evan W. Kelley, regional forester.

By spending approximately \$750,000 each year for 10 years, the pine timber of the coast can be freed of the menace, experts estimate.

Federal and state foresters only recently discovered vast areas of infection in Idaho, and immediate preventative work was urged.

Parrot's Blood Given To Child With Paralysis

JOILET, Ill., Jan. 26 (AP)—Fifteen-year-old Lillian Fugler was recovering from an attack of infantile paralysis today with the blood of a parrot injected in her body through a misunderstanding.

Lillian was in a serious condition last Friday. The family physician called the DuRand hospital in Chicago and asked that a serum be sent. He returned to the Joilet hospital saying he had been informed that serum was no longer used in such cases and that the latest thing was the injection of "parrot's blood."

There are not a great many parrots in Joilet, but hospital attaches finally found a woman who was willing to

Professor Fay Is Dead In Boston

BOSTON, Jan. 26 (AP)—Professor Charles E. Fay, 84, internationally known APlinist and an instructor in mathematics and professor at Tufts college, Medford, for 60 years, died

Litfin Is Elected By Oregon Editors

EUGENE, Ore., Jan. 26 (AP)—Ben R. Litfin, publisher of The Dalles Chronicle, was Saturday elected president of the Oregon Newspaper conference.

NOT HIS IDEA OF JOKE

PORTLAND, Ore., Jan. 26 (AP)—A note signed "Dangerous Sam the Jew" and flanked by an ace of spades warned B. W. Smith yesterday that his life was in danger. He told police it was probably meant for a joke, but he didn't like that type of humor.

Virginia's prize winning ton-lifter of pigs this year tipped the beam at 2,357 pounds.

Muscle Shoals Argument Dims Chance Of Law

By Frank I. Weller
(Associated Press Farm Editor)

WASHINGTON (AP)—Disagreement of Senate and House conferees on leasing the nitrate plants minimizes possibility of a law by this congress which would put to work the government's property at Muscle Shoals, Alabama.

The nearest it ever came to turning a wheel since the Armistice ceased its original purpose was when congress passed a bill for federal operation, but President Coolidge stopped that with a "pocket" veto.

Since then congress has fought over the distribution of the hydroelectric power to be developed there—whether it shall be done at cost by the government, or for profit by a private interest.

Senator Hugo Black of Alabama charges that in its power wrangle congress has forgotten what is the real purpose in utilizing the property, namely, low-cost production of fertilizer. Regardless of the form legislation takes, Black says he will introduce an amendment to lease the machinery to a co-operative organization of farmers, which would produce and sell fertilizer at cost.

"Operation of the plants," he says, "would provide employment for thousands, and if we manufacture nitrate we will do something to give the farmer relief. The nitrate plants were intended for the aid of agriculture through the production of fertilizer."

"Last year, in Alabama, about one-fourth of the return from every pound of cotton produced had to be paid out for fertilizer. The same was true in most other cotton states."

Commercial sources estimate that there will be a probable reduction in fertilizer consumption this year ranging, sectionally, from 10 to 30 per cent, due to inability of many farmers to obtain credit.

RARE COFFEE WINS COUNTLESS NEW USERS BY FLAVOR

Amazing Popularity of Hills Bros. Coffee Tribute to Roasting Process

Years of experiment by Hills Bros. have resulted in the origination and perfection of the only Controlled Roasting process in use today.

By Hills Bros.' patented process, the degree of roast is positively controlled. The quantity of coffee passing into the roaster—about three pounds at a time—does not vary. The speed of the flow and the temperature remain the same, with the result that Hills Bros. Coffee is absolutely uniform. This roasting method is a large degree responsible for the frequent question, "Why is Hills Bros. Coffee always the same?"

Comparisons show that Hills Bros. Coffee has a flavor no other coffee has. The ordinary method of roasting in bulk cannot insure a uniform roast because there is a lack of control.

The vacuum can, in which Hills Bros. Coffee is packed, keeps the coffee fresh. Air, which destroys the flavor, is completely removed from the can and kept out. Coffee does not stay fresh in ordinary cans, even if air-tight. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can. Sold by grocers everywhere.

TWENTY-FIVE YEARS AGO
(From Observer, Fri., Jan. 26, 1906)
It is reported that E. W. Brady will be a candidate for city marshal.

Mrs. O. C. Wright returned to her home in Sumpter yesterday, after visiting Mr. and Mrs. J. K. Wright in this city.

Mrs. F. S. Ivanhoe and son, Lytton, came over from Pendleton last night to visit and attend the teacher's institute.

ONE YEAR AGO

(From Observer, Fri., Jan. 24, 1930)
La Grande passed through its first night in several days without the mercury plunging below zero.

Mr. and Mrs. F. G. Bean are the parents of a baby born to them Sunday, not satisfied with just a half year's work from their bees, ship them to Florida apiaries for the winter.

A marriage license was issued in Walla Walla Tuesday for Frances M. Gray and Claude M. Wagner, of this city.

MODERN BEES SPEND WINTERS IN SOUTH

BAINBRIDGE, Ga. (AP)—The old-fashioned bee used to bundle up in his hive in the winter, waiting for the spring.

But the modern bee goes on a winter tour to Florida and enjoys sunshine and flowers all the year.

Owners of bee colonies in south Georgia, not satisfied with just a half year's work from their bees, ship them to Florida apiaries for the winter.

The agricultural extension service of Nevada urges sheep and cattle men to use wheat instead of corn for emergency winter feeding.

Oatmeal Fruit Cookies (Filled) Coffee

Noodles and Corn (Serving 6)
2 cups cooked noodles.
1 1/2 cups canned corn.
1-3 cup cheese, cut fine.
2 tablespoons chopped onions.
1/2 cup chopped celery.
1 teaspoon salt.
1/2 teaspoon paprika.
1 egg, beaten.
1/2 cup rolled cracker crumbs.
4 tablespoons butter, melted.
1 cup milk.
Mix ingredients and pour into buttered baking dish. Bake 30 minutes in moderate oven.

Oatmeal Fruit Cookies (Four Dozen)

1 cup fat (dark brown sugar).
1 cup dark brown sugar.
2 eggs.
1 teaspoon vanilla.
1-3 teaspoon salt.
1-3 cup sour milk.
2 cups flour.
2 cups oatmeal (ground).
1 teaspoon soda.
Cream fat and sugar. Add eggs, vanilla, salt and milk. Beat well. Add rest of ingredients and chill dough. Roll out on floured board, cut out with round cookie cutter. On half the cookies spread fruit filling. Cover with remaining cookies. Prick on tops, and bake 15 minutes in moderate oven.

Fruit Filling

1 1/2 cups dates, chopped.
1/2 cup raisins.
1 cup light brown sugar.
1/2 teaspoon salt.
1/2 cup water.
Mix dates, raisins, sugar, salt and water. Cook slowly and stir constantly until mixture thickens. Cool. Add the nuts.

The Children's Lunch Box

Graham Bread and Butter Sandwiches
Cottage Cheese Sandwich
Hard Cooked Egg 2 Pieces Celery
Hot Chocolate Carried in Vacuum Bottle

A COMPANY LUNCHEON MENU

Escalloped Mushrooms and Chicken
Browned Potatoes
Buttered Green Beans
Hot Rolls Cinnamon Jelly
Lemon Relish Salad
Cake Baskets Coffee

Escalloped Mushrooms and Chicken

Serving 4
1 cup butter or chicken fat.
1 cup flour.
1 1/2 teaspoons salt.
1/2 teaspoon paprika.
3 tablespoons chopped pimento.
4 tablespoons chopped-cooked celery.
2 cups milk or chicken stock.
2 1/2 cups diced, cooked chicken.
1 cup cooked mushrooms, diced.
Melt butter and add flour. When blended, add milk and cook until a creamy sauce forms. Stir frequently. Add rest of ingredients and pour into buttered, shallow baking pan. Sprinkle with crumbs. Bake 25 minutes in moderate oven.

Lemon Relish Salad

1 package lemon flavored gelatin mixture.
2 cups boiling water.
1 cup finely chopped celery.
4 tablespoons finely chopped sweet pickles.
4 tablespoons chopped pimentos.
3 tablespoons chili sauce.
1/2 teaspoon salt.
Pour water over gelatin mixture and stir until dissolved. Cool. Add rest of ingredients. Pour into individual molds and chill. Unmold in cups of lettuce and surround with mayonnaise.

Cake Baskets

1/2 cup butter.
1 1/2 cups sugar.
1 cup milk.
1 teaspoon vanilla.
1 teaspoon vanilla.
1/2 teaspoon almond extract.
1/2 teaspoon salt.
3 cups pastry flour.
3/4 teaspoon baking powder.
4 egg whites, beaten.
Cream butter and sugar. Add milk, flavorings, salt, flour and baking powder. Beat 3 minutes. Fold in egg whites. Half fill deep muffin pans and bake 15 minutes in moderate oven.

Fruit Filling

2 cups whipped cream.
1-3 cup sugar.
1 teaspoon vanilla.
1 cup candied pineapple.
1/2 cup red cherries.
1/2 cup pecans.
Mix ingredients. Place in cake baskets. Sprinkle tops of baskets with variegated colored candies.
