

LOCAL BRIEFS

Visit Grandson—
W. Johnson came down from Wallawa yesterday to see his new grandson, Paul Everett Flesham, who is a very few days old. Paul Everett is the son of Mr. and Mrs. Dwight Flesham.

From Pendleton—
Lester Moncreiff, of Pendleton, was in La Grande yesterday spending the day transacting business.

Back from Portland—
I. Garber returned this morning from Portland where he has spent the past week visiting with his family.

Many Affairs Planned—
Many events were planned for the coming month at a meeting of the Knights of Pythias last night at the K. P. hall. H. W. Riley is in charge of the past chancellors night on March 9 at which time the past chancellors will occupy the chairs. On March 23 they are planning a public entertainment, including plays and stunts, of which Lawrence Pittenger will be chairman. March 15, the Red Cross lodge will visit Rev. R. C. Lee's church at Union, and Ralph Byers will be in charge. The Union and Baker lodges will be asked to join in the services.

Training School—
Roy Skene and Rev. W. H. Hertzog will again conduct their training school classes at the Methodist church tonight at 7 o'clock. The classes are held for the purpose of training Sunday school teachers, but the public is invited to attend. Rev. H. I. Hansen will conduct the intermission worship service this evening. Mr. Hansen is a retired minister. Mr. Hertzog reports that the classes have been very well attended since their institution and that he is very well pleased with the intelligent aspect of the students and the progress which they have made.

Out of Quarantine—
Mrs. B. W. Beckley has been in quarantine for the past two weeks with smallpox. She was released yesterday afternoon.

Return Home—
Mr. and Mrs. J. B. Stanfield and Clay Curn have been in La Grande for the past week because of the death of Mrs. Rosie McCoy. But returned yesterday to their home in Boise, Idaho. Mrs. Stanfield and Mr. Curn are sister and brother of Mrs. McCoy, who passed away on Feb. 14.

Mrs. Ash Visits—
Mrs. Amelia Ash and Miss Minna Ash, of Portland, are in La Grande.

"Never Saw Case Where It Failed"

"When I saw how Sargon put my friend, Harold Levick, back on his feet I took the treatment and got the same wonderful results that he

did," declared Frank A. Lundquist, 811 Denny Way, Seattle. "I was troubled a lot with indigestion, sick headaches and constipation. My kidneys were over-active. I had terrible backaches and my whole system was so toxic rheumatic pains developed all through my arms and shoulders. This new Sargon put me in fine shape and I've already gained eight pounds. The rheumatic pains and every ailment I had disappeared. Sargon Pills regulated my bowels without upsetting me in any way. I never saw a case yet where Sargon failed."

visiting with Julian Ash. Miss Ash returned to Portland last evening but Mrs. Ash will remain with her son until the end of the week. The two women were residents of this city before moving to Portland and were prominent in business and social affairs.

Eugeneans Here—
G. A. Hildebrandt and Robert Stewart, both of Eugene, are visiting for a few days with Julian Ash in this city. Mr. Martin is also transacting business in this city. They expect to remain a week.

Radio Man Here—
Frank M. Grant, of Everett, Wash., a radio representative, was visiting with friends in town yesterday. He went to Baker today on business but expects to return to La Grande soon.

On State Tour—
Mr. and Mrs. Charles Griffin left yesterday for a three weeks motor trip to Western Washington and Oregon. They plan to visit with relatives in Tacoma and Seattle before going to Eugene to visit with their son, Raymond, who is a student at the University of Oregon. They will return by way of Independence and also will visit with relatives there.

Go to Walla Walla—
Mr. and Mrs. Herbert Hanna and daughter, Lavelle, spent the weekend in Walla Walla, Wash., where they visited with their daughters, Mrs. Roy Perry and Miss Miriam Hanna. Miss Miriam is a sophomore at Whitman college. The travellers report that spring has come to Walla Walla with flowers blooming and the weather warm. They were very much surprised when they returned to La Grande yesterday and saw snow.

Has Part in Comedy—
Jean Williams, of La Grande, took one of the principal parts in Shakespear's witty comedy, "Twelfth Night" which was presented at the University of Oregon recently. The production was the most ambitious attempted by the drama department this year, and was directed by Mrs. Ottilie Seybolt, head of dramatics. The beautiful costumes and stage designs were done almost entirely by students, and won the praise of the campus. Miss Williams, who took the part of Maria, has appeared many times in plays on the campus, and is a member of the National Collegiate Players.

Accident—
Cars driven by Henry Ebert and L. B. Horsman figured in a minor traffic accident in La Grande at 5:30 o'clock yesterday. No one was hurt.

Observe Holiday—
Since yesterday was the day set aside to honor the first president of the United States, George Washington, the national guard suspended its activities for Monday evening. The regular drill will be held next Monday evening. The officers and enlisted men are busy engaged in drilling for the federal inspection on March 16. The federal inspection and the summer camp are the two important events of the national guard year, so Captain Walter Benn is drilling his men intensively as they will receive a high rating.

In Heppner—
V. C. Carrall spent the weekend in Heppner transacting business.

From Baker—
Oscar G. Gibson, pastor of the Methodist church in South, of Baker, came to La Grande today to visit an old friend, John I. Huff, who is conducting special meetings here for Rev. A. J. Stammer, former pastor of the church in Baker. Mr. Gibson expected to return home tomorrow.

Practice Tonight—
The American Legion drum and bugle corps will practice at 7:30 o'clock tonight at the high school.

Serious Condition—
Word was received here today from A. B. Moore that Mrs. Moore, who underwent an operation in Portland yesterday, is in a very serious condition, and that the doctors express little hope of her recovery.

Dr. Bossing Is Speaker Today At High School

Dr. Nelson A. Bossing, of the teacher training department of the school of education at the University of Oregon, and director of the appointment bureau, spoke to the members of the senior class in an assembly at the high school at ten o'clock this morning.

Dr. Bossing is making a two weeks tour of the high schools in the larger towns of Oregon, with the purpose of meeting the seniors who expect to go to college next year, and helping them to solve their individual problems in connection with higher education. He is not trying to sell students on the idea of going to the U. of O., but frankly advises each student where he should go to get the best training in his particular field of interest. He explains to students the opportunities and requirements of the various occupations, and the facilities for training which the many educational institutions have to offer.

Following the assembly this morning Dr. Bossing spoke to several classes, and this afternoon he personally interviewed those students who wished to consult him in regard to their educational futures.

Chats With Parents

By Alice Judson Peale
LIVING FOR PUNISHMENT
One kind of lie that children tell is to their parents, and themselves, that the parent who is not familiar with the more obscure workings of the human mind.

A boy of eight confessed to his mother that he had broken the windows of a nearby garage "just for fun." His father promptly whipped him, and the next day his mother emptied the boy's savings bank and took the money to the garage owner. To her amazement, he was quite unable to understand the purpose of her visit, for no windows had been broken.

Children not infrequently tell such lies as these and their purpose, curiously enough, is exactly what it seems to be—bring punishment upon themselves.

This desire for punishment usually springs from a more or less conscious and complicated sense of guilt. Sometimes a sympathetic talk with the child will bring to light the cause of this guilt feeling and serve to clear up the difficulty, but usually the solution of such problems requires the expert skill of a psychiatrist.

It is helpful, however, to know that in such instances the child feels guilty about some wrongdoing (often a wholly secret one) which he has committed or would merely like to commit.

In the latter instance his conscience causes him to feel all the guilt which he would experience if he had actually done the deed.

The parent should make the child understand that his falsehood is known without condemning him for it. Making an effort to enter the child's interest in wholesome companionship and play activities and to develop at home a spirit of friendship, are the best ways in which anyone who is not a psychiatrist can meet the situation.

Health Talks

SCHOOL LUNCHEONS

In their book, "The Tired Child," Mrs. Max and Grete Schanz declare that most schools do not allow a luncheon period long enough for the child to recover from his morning fatigue.

Nor does the time allowed enable the child to go home, to consume his luncheon, and to return to school without too much haste, they maintain.

The average luncheon period in American schools is an hour in duration. An hour and a half, however, has been found preferable, but the longer period is valueless unless it is properly utilized.

Thus, the proper use of the longer recess requires that 30 minutes be spent at the dinner table.

The child, however, should not be required to "mark time" at the table, but should consume an appropriate and nutritious meal.

The child's luncheon should contain a quantity of heated food. As the authors advise, "cold sandwiches and coffee should be conspicuous by their absence."

After luncheon and before returning to school the child should spend 15 minutes in complete relaxation. Play is an essential part of the child's experience, but the luncheon

hour should not be used for play. Violent exercises interfere with digestion, and do not allow the child to recover from fatigue.

Equal in importance to the noon-day meal is the child's breakfast. Many studies made on the subject have revealed that large numbers of children come to school after having breakfasted on little more than a cup of coffee and a slice of bread.

Such a breakfast is most inadequate. Every child should have a nourishing and wholesome breakfast consisting of fruit, cereal, bread and butter, and a glass of milk.
