Kay Says State Must Continue Flax Industry

SALAS, Feb. 24 (AP)—State Treasurer Kay, speaking before the Senate committee on agriculture and forestry, said today that the flax industry is the only one in the state which has not been helped by the state. He pointed out that during the past four years the state had lost \$250,000, of which \$150,000 was due to decline in crop prices and value. Senate Opposes More Industries In State Prison

SALAS, Feb. 24 (AP)—It was the Senate's judgment of the state senate yesterday that it would be had policy for the state to add further manufacturing industries to the state penitentiary, and a bill that would have authorized the state board of control to manufacture with convict labor motor vehicle license plates, signs and other articles was defeated by a vote of 28 to 24. The bill was introduced by Senator Booth, Democrat, Eugene and Oregon.

covering the following prison improvements, but he was voted down. \$50,000 for a dining room, \$7500 for a new kitchen, \$7500 for a new cell wing, \$10,000 for a springing system and \$10,000 for a pump. Senator Spaulding said he had been informed that there were 250 convicts who should be pardoned.

"Way don't they pardon them?" Senator Spaulding asked.

"If Governor Miller or any other governor did that he would be recalled," said Representative Angell.

Owner-Management Permits Exclusive Value Advantages

Owner-management enables Hudson-Essex to give you outstanding advantages in quality and price. The men who are now guiding its destinies have been with the company since its inception twenty-two years ago. Its department heads and principal distributors are its controlling owners. Their independence is backed by unusually large resources in capital and plant facilities. It enables Hudson-Essex to lead in design and engineering quality. It permits economies in manufacture and distribution that bring exceptional quality direct to the public at distinct price advantages.

What puts the fluff in fluffy muffins

It's the millions of tiny bubbles in the batter, released by the cream of tartar in your Baking Powder. Unfortunately, there are cheap substitutes for cream of tartar. They make bubbles too, but not the tiny, fluffy kind. Ask any domestic science teacher or any dietitian. Not every baking powder contains cream of tartar, for the substitutes cost a lot less. Look on your baking powder tin. See if you see the words "cream of tartar" anywhere. It's important!

to which "thoughtful consideration" was recommended for securing capital; too large a number of uncoordinated small units, and the recent decline in coast-to-coast shipping rates which if continued and extended to rail rates, may open the door to wider eastern competition.

The summary of buying power by regions recorded a slight decline for San Francisco's area in comparison with the level at the end of last year, but greater resources and excellent turnover of funds in Oakland and Los Angeles.

In the Pacific Northwest lumber orders have increased, but the improvement was called "speculative" rather than fundamental. The outlook for Seattle was mixed, and for Portland and Spokane, better.

WIN OR LOSE OKLAHOMA CAGERS SINGLE MINDED

NORMAN, Okla. (AP)—The University of Oklahoma basketball team doesn't go in for half way measures.

In 1928 and the year following the team won 28 straight games to win the championship in the old Missouri Valley conference and in the new Big Six organization.

After this winning streak ended during the first conference game of the 1929 season, the squad about faced and started a losing streak that extended 16 long. The string ended this season when the Sooners won out of the University of Kansas five, 33 to 30.
