"Prohibition to Be 1932 Issue," Smith

WASHINGTON, Mar. 5 (AP)—Alfred E. Smith said yesterday that prohibition was bound to be an issue in 1932 and that he intended to attend the next Democratic national convention.

The former New York governor and presidential candidate in 1928 refused to say whether he would be a candidate, and denied reports of an impending split between himself and Governor Roosevelt in New York, who has been mentioned prominently as a possible candidate for the nomination.

England May Get "Sponsored" Radio

NEW YORK (AP)—Sponsored radio programs eventually will invade England, thinks R. Milward Ellis, chairman of the British Manufacturers association.

He is in the United States seeking trade agreements with American radio makers.

England at present has six broadcasting stations. Listeners pay for their entertainment through a government tax at 10 shillings annually and have their choice between two programs. They hear no sponsored features.

"It would be ridiculous for the government to control a newspaper and bar advertising," said Ellis. "I believe the time will come when English radio programs will be subsidized by advertisers, and I hope we shall reach a happy medium between our system and the other extreme as seen in America."

He also predicted that newspapers in England would some day control radio stations, as many American newspapers do. They are unable now to own stations, and as a consequence, he said, are antagonistic toward radio.

In Washington

By Herbert Plummer

WASHINGTON—It can't be said of that youthful Republican from Tennessee — B. Carroll Reece — that he quit fighting when he was deprived of his seat in the house last November.

Reece, if you remember, is the man who had the distinction last year of having President Hoover write him a letter clarifying an extremely important issue in his campaign — that of Muscle Shoals. Much was made of the president's letter at the time.

However, although he was victorious in the primary, Reece was nosed out in the general elections by something like 2,000 votes. He says his defeat was because those who would have voted for him were snowbound on election day, and couldn't get to the polls.

But despite the fact that he served in congress in the capacity of what is generally described as a "lame duck," he has by no means ceased to fight for his views on this question. As one observer describes it: "Reece is 'Muscle-shoaling' it to the very end."

UNDAUNTED

The 42-year-old Tennesseean is opposed to federal operation of the Muscle Shoals property. And there are those who believe it was because of this—more specifically because he fought the Norris bill—that he found such rough sledding when election time rolled around.

But defeat hasn't daunted him. The other day he arose on the floor of the house and gave a postmortem of what happened in Tennessee.

"My position was vindicated at the polls," he shouted.

"Let any man enter a republican primary in that district today advocating a federal-operation theory, and he'll be defeated by at least three to one."

He descrived the Norris plan as a "far-reaching experiment in socialism," and proudly declared that he could not stultify himself by agreeing to such a proposition even if it meant retaining a seat in congress.

NO DODGING FOR HIM

"His presence scarce is heeded,
He dodges storm and strife—"

Thus does one of the capital's best known rhymesters describe the lot of the man who failed to keep his seat in congress.

The description may apply to some, but not to Reece. He learned to fight long before he came to congress. And he is rather proud of his record to date. In his official biography he points out that:

He was major in an outfit during the World war which was at the front for 210 days.

He was decorated with the distinguished service cross, distinguished service medal and croix-de-guerre with palm.

And he was cited for bravery by Marshal Petain, General Edwards and Hale, and Colonel Lewis.

SPINS GREATEST DANGER IN FORCED PLANE LANDINGS

LANGLEY FIELD, Va. (AP)—An airplane pilot who turns back when his engine fails in a take-off is courting a crash.

This is one of the conclusions of the national advisory committee for aeronautics, from flight tests of 10 present-day conventional airplanes to study behavior in situations thought to lead to most crashes.

Tests showed that a conventional plane will fall into a spin when a turn is attempted in a stalled glide, if the ship has sufficient longitudinal control to stall it. It was found that serious accidents following engine failure in take-off are probably due either to the plane's striking the ground while attempting a turn, or falling into a spin from a stalled glide.

Income Tax Facts

NO. 27

Taxes on personal property and real estate, business or residential, paid during the taxable year 1930 are deductible from gross income. However, so-called taxes on local benefits, such as the construction of a sewer, sidewalk, street paving, drainage, and similar improvements, the cost of which tends to add to the value of the property assessed and the benefit of which accrues to a limited number of property owners, are not deductible. Taxes paid by a tenant to or for a landlord for business property are deductible by the tenant as rent and constitute taxable income to the landlord. Taxes paid by a tenant to or for a landlord for property occupied by tenant as a residence are not deductible, since they are a personal living expense.

The federal income tax may not be deducted. However, income taxes paid upon the incomes of individuals to states may be deducted by an individual on his federal income tax return. The deduction of estate and inheritance taxes is confined to the estate.

Admission taxes are deductible but the taxpayer must show that account has been kept of the amount paid. Taxes on club dues are deductible by the member paying them.

Stamp taxes on the issue of bonds, stocks, passage tickets, and playing cards may be deducted either as business expenses or taxes, but if deducted under one heading they may not again be claimed under another.

Import or tariff duties paid in the operation of a business are deductible, provided they are not added to or made a part of the merchandise with respect to which they are paid. Customs duties on articles imported by a person for his own use are deductible.

License fees exacted by a state or city upon certain businesses are deductible as taxes. Automobile license fees are ordinarily deductible.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul. Your skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute.

Carolina Woman LOST 47 LBS. In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930."

"P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Red Cross Drug Store, Moon Drug Co., Glass Drugs, Inc., and druggists the world over. Take one-half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help — cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar —the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back. —Adv.

RIGHT USE OF TOYS
By Alice Judson Peale

If a child is to get the most out of toys provided for him, he must learn, among other things, not to misuse them.

Blocks, dolls and dishes are not to be thrown. Crayons and paints are not for marking the walls and furniture. Hammers are not for indiscriminato knocking about the house.

To be sure, he will often use his toys in ways for which they were not originally intended. His building blocks will become grocery store supplies, and he will carry them about in a doll carriage, pretending it is a train.

The little mosiac pieces given him to make designs will be used for decorations on his buildings. But such play is not a misuse; it is simply a different use to which the child puts his toys because he is imaginative.

Children are not naturally respectful of property, even their own. Their desire to make things happen often causes them to be destructive.

The right use of toys must be taught like any other good habit. Of course this must be done in a friendly way, without nagging or undue interference.

The child must be given proper play opportunities and all the materials he needs. To give him a hammer without nails or wood is sure to cause him to pound whatever he can lay his hands on.

To give him paints and crayons without paper and table or easel is to court certain calamity.

Play materials that require supervision should be kept on a shelf beyond the child's reach, so that he will have to ask for them when he wants to use them.

End Piles Quick

No Salves—No Cutting

Your itching, bleeding, protruding piles will go when you actually remove the cause—bad blood circulation in the weak, flabby parts — and not one minute before. Salves or cutting can't do this—an internal remedy must be used. HEM-ROID, prescription of Dr. J. S. Leonhardt, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts. HEM-ROID has such a wonderful record right in this city, that Red Cross Drug Store says one bottle of HEM-ROID Tablets must end your Pile agony or money back. —Adv.

Muscular-Rheumatic Aches and Pains

DRAW them out with a "counter-irritant." Distressing muscular lumbago, soreness and stiffness—generally respond pleasantly to good old Musterole. Doctors call it a "counter-irritant," because it gets action and is not just a salve. Musterole helps bring soreness and pain to the surface, and thus gives natural relief. You can feel how its warming action penetrates and stimulates blood circulation. But do not stop with one application. Apply this soothing, cooling, healing ointment generously to the affected area *once every hour for five hours.* Used by millions for over 20 years. Recommended by many doctors and nurses.

Keep Musterole handy; jars and tubes.

To Mothers—Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

They asked circuit court for an order for a transcript of testimony upon which to base a bill of exceptions. Kingsley was sentenced to death for the slaying of Sam Prescott, Ashland traffic patrolman, Jan. 24.

FRENCH CAPITAL TO GET 'MADISON SQUARE GARDEN'

PARIS (AP)—Paris at last is to have its Madison Square Garden, where all sports, boxing, bicycle racing, and indoor hockey — an innovation in France—will be staged.

To make the resemblance with New York's Madison Square more complete an American, Jeff Dickson, Europe's premier boxing promoter, is directing the undertaking.

The old Velodrome d'Hiver, where Dickson has been holding big indoor bouts during the past three years, will be torn down and rebuilt at a cost estimated at $1,000,000 for the project.

Grade crossing fatalities in Japan have increased to such an extent that laws prohibiting racing trains to intersections have been adopted.

Asks: What Is ACNE? BIG UGLY PIMPLES

Yes! That's the simple answer, but Acne is more than just a big pimple —better to call it a big stubborn pimple.

That's why you must fight this obstinate skin disease with something powerful enough to kill it and swiftly get the unsightly thing off the skin.

So we advise all who are so unfortunate as to have Acne to get rid of it at once and for all by using Emerald Oil, a powerful, healing, antiseptic oil that no case of Acne, Pimples or Eczema can withstand.

And those itchy toes that get raw and sore—the germs that cause it are killed by Emerald Oil. Don't waste time with weak washes—Emerald Oil is guaranteed by Red Cross Drug Store and druggists everywhere to rid you of stubborn unsightly skin troubles or money back—an 85 cent bottle lasts 2 weeks. —Adv.
